Please bring your Town Report to Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

AUDITOR'S REPORT

February 25, 1952

Board of Selectmen
Dover-Foxcroft
Maine
Gentlemen:

In accordance with our agreement, the municipal records of the Town of Dover-Foxcroft, Maine have been audited for the year ending January 31, 1952. The procedure of this examination has followed the general accepted auditing standards. The Town Clerk's records, pertaining to the general administration of the Town, were examined and the election and appointment of officers were verified.

Balance Sheet Comments

Cash in the various accounts were reconciled with the records of the depositories. Office funds in the amount of \$160.00 are reputedly held jointly by the Town, School Department and Mayo Memorial Hospital. The portion of this fund held by the Town was determined by actual count. Without an audit of the other divisions, there would be no object in determining the actual cash on hand.

The assessment of 1951 taxes has been proved and compared in detail with the list committed to the collector. We have test checked, by addition and comparison, excise tax receipts numbered 4934 to 6513 inclusive for 1951 and numbered 5976 to 6243 inclusive for 1952 and found the total of both to be in agreement with receipts issued by the Treasurer. A portion of the collection amounting to \$1,140.34 was paid to the Water District.

Tax mortgage liens securing tax assessments on real estate have been examined.

A tax mortgage lien automatically forecloses after the expiration of eighteen months from the recording date. The recorded title of such property passes to the Town regardless of any act or sentiment of town officials.

Certain items listed as Accounts Receivable were questionable, due to the settlement of certain paupers, therefore, a rather large reserve was established for the possible loss in collections.

All property secured by foreclosed tax mortgages

including subsequent tax levies were added and now form a part of the balance of this account.

The retirement of the Town's indebtedness has been followed according to schedule.

Trust Funds

Trust fund resources have been reconciled with the records of depositories and the Town of Dover-Foxcroft.

Operating Comments

We have not made a detailed audit of all transactions, we did, however, analyze and test check all important items.

It should be noted that overdrafts greatly exceed unexpended balances, however, the larger ones were either unavoidable or caused by insufficient appropriations for the services desired by the inhabitants. Particular attention should be given to the support of town poor. Although the appropriation increased \$3,000.00 and the expenditures decreased \$3,647.72, the transactions in this account resulted in an overdraft of \$1,008.33; this compared to the prior year's overdraft would indicate effort on the part of officials to reduce expenditures in this account.

The balances carried forward were principally in accounts embracing joint funds, the exception being the \$2,500.00 for tax equalization carried forward in anticipation of additional appropriations.

The Town's indebtedness decreased principally by the appropriations for retirement.

I wish to take this opportunity to thank the officials and others for their courtesy and cooperation during this audit.

Certificate

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying comparative balance sheet, statement of transactions in departmental accounts, and analysis of change in available surplus of resources properly present the financial condition of the town as of January 31, 1952 and the results of its operations for the year then ended, in conformity with generally accept-

ed principles of municipal accounting.

Respectfully submitted,

L. C. NEAL

Public Accountant

Eye, Ear, Nose & Throat	103
Orthopedic	9

Outpatients 716

Cost per Patient day \$12.40

During the past year, the hospital has continued the progress initiated under the former Superintendent, Mrs. Lillian Herring. The new wing has been altered somewhat by the enlargement of the emergency room to include the adjacent private room, resulting in a more efficient working space to care for minor surgery and accident cases.

The kitchen has been redecorated and new lighting installed. The Nurses' Recreation Room has been completely redecorated and refurnished through the individual efforts of the nurses themselves and with the financial assistance of interested citizens and the medical staff.

During the year numerous small additions were made to the present equipment, the only large purchase being a new Diathermy machine. A new institutional type laundry is sorely needed and arrangements are being made to install one early this coming year.

Some of the rooms need redecorating badly and it is hoped to do this a few rooms at a time during this next year. The Garden Club has not yet completed their proposed landscaping but a blue print for this has been approved and they plan to resume work in the spring.

Estimates and plans are being obtained for installing an elevator in the Main Building. It is questionable, if the hospital itself could stand the full expense of such a project, but if sufficient interest and financial support could be elicited among the townspeople, such an installation would make our Hospital second to none for convenience and efficiency, among towns the size of Dover-Foxcroft.

To the Members of the Board of Trustees, the entire Hospital Staff, the Medical Staff, and all others who have served the Hospital in any way, I wish to express my thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R. N.

Superintendent

Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

A total of 23,589 books and periodicals have been loaned by the Thompson Free Library during the period between Feb. 1, 1951 and Feb. 1, 1952. This is an increase of about 5,000 during the past two years. Of these 15,129 were fiction, a slightly smaller percentage than last year. At present there are in use 1,816 borrower cards of which 1,400 are adult and 416 juvenile. During the year 40 visitors cards were issued on a temporary basis.

New books acquired this year are as follows:

Fiction	306	Non-fiction	216	Total	522
Adult	189	Adult	167	Adult	358
Juvenile	117	Juvenile	47	Juvenile	164

Thirty-seven of the above were gifts including 6 anti-Communist books from the American Legion Auxiliary as well as gifts from F. F. Washburn, Bernard Crabtree, Mrs. Kenneth Field, John Fair, Joanne Little, Mrs. E. A. Glover, Mrs. Delmont Leland, the Community Garden Club, Miss Place, Mrs. Thorndyke Chase and S. F. Richards.

Periodicals and newspapers have remained practically as reported last year.

The Children's Story Hour was held this year from mid-November until Christmas with an attendance of about 50. Mrs. A. T. Gellerson was again the narrator.

During the summer the Community Garden Club followed its custom and kept the reading rooms well supplied with flowers.

The reference library was greatly improved by the purchase of a new set of the World Book which is especially suited for Elementary school work.

ANNIE F. LINN,
Librarian

Gwendolyn M. Trefethen, B. A.	Languages
John Whitcomb, Jr., B. A.	History
Phyllis Hatch Wiley, Husson College	Commerical
Lawrence Stewart, A. B. ..	Coach and Driver Education

Salvatore Piccolo, Malkin Conservatory of Music
 Music
 Harold C. Campbell Janitor
 Roland M. Zwicker Janitor
 Grace M. Chase Secretary to Principal

The faculty for the current school year of 1951-1952 witnessed two changes. Mr. Eugene Coffin was hired to teach the newly installed Forestry-Agriculture program which began in September. Mr. Coffin was graduated from the University of Maine in 1937. He has spent many years as an assistant county agent and for the past year has been teaching the Veterans' Program at Blue Hill. The other change was brought about when Mr. A. Munro Campbell resigned in August to accept a position in the school system at Narragansett, Rhode Island. This position has been very ably filled by Milton M. McGorrill, Jr., a graduate of Bowdoin College. Mr. McGorrill has previously taught at Eastport, Rumford, and Conway, N. H. In addition to teaching the freshman and sophomore English classes, he coaches debating and helps handle dramatics.

Building and Grounds

At the beginning of the mid-winter term Foxcroft Academy moved from its old site to the new plant at Oakes Field. The new building situated as it is on 110 acres of land, offers to the children of Dover-Foxcroft and the immediate vicinity one of the best and most modern facilities in the State of Maine. Words of mine would fail to do justice to its utilitarianism and beauty.

The students and teaching personnel wish to take this opportunity to thank the Trustees of Foxcroft Academy and particularly to thank Mr. Louis Oakes and Miss Myrtice Oakes for their generosity in making this modern school building and its site available to them. We pledge our efforts in upholding the tradition and honor which has been built up through the years by former students and alumni of Foxcroft Academy.

The School Program

We are operating on the single session plan at the new building. Classes begin at 8:40 A. M. and close at 2:12 P. M. Noon lunch in the cafeteria is served to the student body in two 20 minute shifts. From 2:15-3:00 music classes are held in the music room on the ground

floor. This program seems more practical, inasmuch as it allows all the students a chance to participate in some activity or other if they so desire.

It is a continuing source of pride and satisfaction to receive the reports from the various colleges and institutions of higher learning which our graduates are attending. Over the past four years nearly 40 per cent of our graduates have continued their education in advanced schools. Of this record we are extremely proud. It represents an effort on part of both students and parents which few towns in Maine can match.

Our extra-curricula activities continue on a high plane and the spirit and feeling of the students indicate their enthusiasm and worthwhileness in the need for a well balanced program. Last summer, Sumner Richards, our student council president for 1951-1952, was selected as a delegate along with five other youngsters from Maine, to attend the National Student Council Convention at Wellesley, Mass. Sumner was selected to serve as chairman of one of the main discussion groups at the conference which was indeed an honor not only for him but for his school. In dramatics our plays have continued on a high plane, reaching a high in last fall's production of "Cheaper By the Dozen". Our music department has progressed steadily under Mr. Piccolo's direction with each group receiving an excellent rating at the festivals. Athletically our teams have been successful. Our wins over our losses may not have been quite so many as in preceding years but educationally and co-operatively our teams have done better than in former years. Our football, basketball and baseball teams have been less experienced than our opponents. They are younger but potentially they have the possibilities of becoming very good teams next year. The losses they receive as they develop may help them become BETTER winners another year. Too many students and too many of us who are adults never learn the lesson of being graceful winners or graceful losers. We too often look for the scapegoat upon whom we can expend our pent up emotions. As spectators let us try to give the games back to the students. They are going to be carrying the burden of heavy responsibilities in the future and knowing "how to win or to lose" may be more vital to them than we care to believe. We all realize that many

more lessons are learned than the final score indicates. If it were not true, sports would have no part in the program of a school.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft, I wish to express my thanks for your loyal co-operation and assistance in the educational needs of the Academy. Your continued interest and participation is solicited in our efforts to fulfill the educational tasks that lie ahead.

Respectfully submitted,
TILLSON D. THOMAS,
Principal

At the opening of school on September 5 I was very well satisfied to find that all of our teachers of the preceding year had returned. It gives an administrator a feeling of confidence to find the pupils under the guidance of such a well trained group as we have in Dover-Foxcroft.

To care for the large fourth grade it was necessary to find an additional teacher. Miss Isabel Buck, who has been teaching in Dexter for several years, was hired to fill this position.

For the information of parents who have children in school, I would like them to note that of the twenty-six teachers employed in the elementary schools, twenty have taken in the last year advanced courses covering such subjects as arithmetic, guidance, psychology, art, literature, science, poetry, philosophy of education, physical education and organization and administration. The interest these teachers have shown in this in-service training is a good criterion in evaluating the staff as a whole.

The new grammar school building which we are using for the first full year, furnishing as it does many advantages and opportunities for various activities, is a distinct improvement over the other buildings. The pupils, particularly those of the 8th grade, were disappointed not to be able to use the new gymnasium floor at once. However, the floor surface has recently been repaired, and the gymnasium is now in use.

I would like to thank the Town Club for the easy chairs for the teachers' room. They not only add to the appearance of this room but also to the comfort of the teachers. At the present time, the Junior Cosmopolitan Club has undertaken the project of outfitting the stage with curtains and cyclorama. With the completion of this ambitious undertaking, the building will have a very beautiful stage. The Molasto Club is also furnishing a much needed piece of equipment—a complete pub-

lic address system and turn table.

During the past year all pupils in grades 4, 5, 6, 7 & 8 have been given the Stanford Achievement test; those in grades 5 & 7, the Pintner General Ability test and the sub-primary pupils have been given the Pintner-Cunningham and Scott Foresman reading readiness tests. This year we are substituting the California Achievement for the Stanford test. In addition to this, we are cooperating with the State Department of Education by giving another achievement test in order that norms for the state may be determined. When these norms have been calculated, we can then determine how the pupils in Dover-Foxcroft compare scholastically with other pupils in our own state.

The hot lunch program continues to be very popular. During the last school year 28,901 lunches were served. In addition to this, 14,726 bottles of milk were sold to be consumed at some time other than during the noon hour. Under the present conditions we are offering lunches to more pupils than formerly. With few exceptions, only those children who ride on the buses may buy their dinners, but we have been able to include a few others as we are now serving three times each day. First the children in the lower grades, then those in the intermediate grades and the last group from the grammar school.

It is necessary that we increase the cost of the meals to twenty-five cents at the opening of school after the February vacation. I sincerely hope that this extra charge will not impose an undue hardship on the parents of anyone taking the hot lunches. The principal reasons for the increase are the overall cost of foodstuffs, the smaller federal subsidy and the withdrawal of some of the staples, mainly potatoes and butter, from the USDA donated commodities.

Last year the Ninety-Fifth Legislature passed a new law which provides for General Purpose Educational Aid to cities, towns, plantations and community school districts. The following old types of subsidy laws have been repealed:

- | | |
|----------------------|---|
| Chapter 37, Sec. 99 | 1. High School Tuition |
| Chapter 37, Sec. 202 | 2. School enrollment |
| Chapter 37, Sec. 201 | 3. Conveyance in lieu of teaching posi- |

Apply the percentage ‡ to the above figure per the table listed below, — 14% to 65% according to the class range being used. The result is the State Aid Allotment. Actual payment in December 1952 will be .9376 times this allotment.

Class	State Valuation per resident pupil	‡ Percentage of state support of educational operating expenditures
1	Nct over \$1,500	65%
2	\$1,501 — \$2,250	55%
3	\$2,251 — \$3,000	45%
4	\$3,001 — \$3,750	35%
5	\$3,751 — \$4,500	30% of 1st \$20,000 25% of the balance
6	\$4,501 — \$5,500	25% of 1st \$20,000 20% of the balance
7	\$5,501 — \$6,500	25% of 1st \$20,000 18% of the balance
8	\$6,501 — \$7,500	25% of 1st \$20,000 16% of the balance
9	\$7,501 — and over	25% of 1st \$20,000 14% of the balance

A one-year report (1949-1950) was used to get the new program underway for December 1952 subsidies, but thereafter a two-year period average will be required. The 1950-51 and 1951-52 financial reports will be combined, divided by 2, and the resulting allotments will be the subsidies to be paid in December 1953 and December 1954.

Enrollment changes, revised state valuation and legislative appropriation for education are three factors which may, in the future, affect subsidies. General Evening Schools and Physically Handicapped Programs will be subsidized in addition to the above.

It should be noted that insurance, supervision, medical inspection, and school lunch are now included in figuring operational costs and will be subsidized accordingly. Formerly, the towns had to bear the full cost of these items.

At the present time Dover-Foxcroft is a Class 5 town. Consequently the state subsidy received next December will be approximately \$7,000 less than was received this year. It is possible that the increase in

Chapter 37, Sec. 201

4. Teaching positions

Chapter 37, Sec. 204

5. Equalization of Educational Opportunity

Local school tax rates and the average rate of the several towns in the state have no further bearing on the amount of state educational aid a town may be allotted.

The New Procedure

1. Determination of Class.
 - A. Find the total number of resident pupils attending school either in or out of town at public expense.
 - B. Divide the latest state valuation by this number of resident pupils to get the per pupil valuation.
 - C. Refer to the "Class" scale in Chapter 386, P. L. 1951.
2. Determination of Total Operational Expenditures.

Add: Elementary School Maintenance Expense

Net Educational Operational Expenditures

enrollment will, in the future, cause us to become a Class 4 town which will increase our subsidy by nearly 9%.

Last year the Superintending School Committee recommended that the East Dover School be closed. However, the citizens at the annual meeting voted to continue the school. Again this year, the Superintending School Committee is making the same recommendation for consideration. There will be no additional cost for conveyance, the children will have the benefits of a teacher per grade, and they will have the additional contacts of a wider range of activities. There will be a saving to the town of \$2,800 each year if this recommendation is approved. It is the recommendation of the committee that the building be preserved for school purposes until future enrollments further indicate that it is not needed.

In closing, I wish to thank all who by their interest, cooperation and encouragement have made the past year successful.

Respectfully,

FREDERICK L. MOSSLER,
Superintendent of Schools

REPORT OF SUPERVISOR OF MUSIC

To Frederick L. Mossler, Superintendent of Schools:

I herewith present my report as Supervisor of Music in the Dover-Foxcroft Schools.

Since writing my last report there have been a few changes in my program. Vocal classes are visited weekly with the exception of Sub-primary and grades one and two. Since September I have visited these classes every third week. The increasing number of classes and a more intensified instrumental program have necessitated this step which, thanks to the primary teachers for their cooperation and the high quality of their work, has proved very successful thus far.

In addition to regular classes in the Grammar School, special classes and glee clubs have been formed. The eighth grade last year had a special chorus which performed at various occasions including the Grammar School open house and the Eastern Maine Music Festival at Brewer. This chorus was enlarged to include the entire class and presented Gilbert and Sullivan's "Trial by Jury" for their graduation. This year, the Boys' and Girls' Glee Clubs both presented several numbers at their Christmas assembly. At the present time we are working on an operetta "Robin Hood" to be presented in the near future.

The public school instrumental program has been enlarged and additional classes added in hopes that future instrumental groups will be both larger and of the finest quality possible. The fourth grades are now given musical aptitude tests in order to help parents decide whether or not their child should study instrumental music. This is not a highly scientific test, nor is it foolproof, but I feel it has helped many parents, as instrumental study often requires an investment on the part of parents for an instrument. Free class lessons are now extended from grade five through eight. At the present time approximately forty-three students are availing themselves of these lessons.

There has been very little change to report about at Foxcroft Academy. Since September I have been

directing the band in addition to my other musical organizations. These groups are getting larger each year and have already outgrown the available room at the Academy. However, this situation will be remedied when we get our music room in the new building.

I would like to thank all teachers and administrators for the fine cooperation given me this year.

Respectfully submitted,

SALVATORE PICCOLO

REPORT OF SCHOOL PHYSICIAN

To Frederick L. Mossler, Superintendent of Schools:

My report as School Physician for the year 1951 is herewith submitted.

On the first day of the school year and again at the first day after Christmas vacation a physical inspection for evidence of contagious diseases was made in all grades.

The yearly physical exams are not as yet completed, due to lack of a school nurse at the first part of the fall. They are currently being done, one grade at a time, with the assistance of Mrs. Eileen Bonsey, School Nurse. We have finished examining the Academy students, and any Grammar School pupils who engaged in strenuous sports, and several of the earlier grades. Some work remains to be done, as do the immunizations for smallpox, diphtheria, tetanus, and whooping cough, which will be offered again in the late spring.

A widespread epidemic of mumps has plagued the school children as well as many adults, including some teachers. Due to lack of any possible preventive measures and also to long incubation period of this disease, the epidemic lasted several months but is well past its peak now.

Carious teeth and chronically infected or enlarged tonsils and adenoids continue to lead the list of correctible defects found. I should like to say again that the family physician is in a much better position to evaluate whether tonsils should be removed than is the school physician who may see the child's throat only once each year. Therefore the cards sent to parents should be regarded as a warning to consult with their own physician and not as a mandate from me.

Respectfully submitted,

FRANCIS W. BRADBURY, M.D.

PISCATAQUIS COUNTY TUBERCULOSIS & HEALTH ASSOCIATION

To the citizens and town officers of Dover-Foxcroft:

Health education is a gradual process and one which must be carried on and nurtured for a long time. It must find application in the daily association between physician and patient, between public health workers and the public. Only in this way will people realize that health is purchasable and worth purchasing. Only in this way will people be inwardly convinced that disease may be prevented at but slight cost and discomfort to themselves.

School Health Service

Because of the interruption in the nursing service during the past year, the figures submitted here are not complete. To date, your nurse has assisted the School Physician, Dr. Bradbury, with the examination of 215 students in this town. Of that number 65 have been found to have teeth that need attention, 50 have been referred to their family physician for advice about tonsils, 17 for ear defects, 8 for chest conditions and 5 for miscellaneous. A total of 76 cards have been sent to parents as a result of these examinations. Cases where the need is indicated are being carried on service by the nurse. Audiometer testing will be done in the spring. It is also planned to offer immunizations for small-pox, diphtheria and whooping cough in the spring.

Tuberculosis Control

The economic situation is today influencing the case finding of minimal and moderately advanced cases of tuberculosis. A great many active cases are working, reluctant to give up their high paying jobs. It is the hope of your local Tuberculosis and Health Association that a program may be conducted within the territory, as part of the National Anti-Tuberculosis plan, that shall include health education and informa-

tion, study and analysis of local health needs, and such demonstration as appear indicated.

Respectfully submitted,
EILEEN BONSEY, R.N.
Piscataquis County
Tuberculosis & Health Association

DIVISION OF PUBLIC HEALTH NURSING

January 1 to December 31, 1951

The year 1951 has brought to your community the nursing services offered by the Division of Public Health Nursing, State Department of Health and Welfare.

For the benefit of those who do not already know about this service it provides needed guidance and instruction for all members of the family, in whatever environments they may be, with consideration for their relationship to each other.

Home visits have been made to expectant mothers to encourage them to secure early medical supervision; observation is made to detect abnormal symptoms and danger signals; and teaching is done according to the mother's interest and need.

After delivery assistance is given in planning a daily regime and the importance of a post-partum examination is stressed. The infant is given a careful inspection for signs of physical handicap or abnormality; is weighed and temperature taken; demonstrations of infant's bath and preparation of formula are given when indicated. Teaching is continued through the preschool period in relation to age, condition of child, and needs of the parents.

A total of one hundred four home visits have been made to expectant mothers, infants, preschool children, and adults. Visits are also made to individuals with communicable diseases, including venereal diseases, to help the family plan for their care and to assist in the prevention of complications.

Special problems have been discussed with par-

Through the joint efforts of all community groups
greater accomplishments in health work are made.

GERALD H. GREEN,
Police Officer

REPORT OF HEALTH OFFICER

To the citizens and municipal officers of Dover-Foxcroft, I hereby submit my annual report.

There has been reported to me through the last year the following diseases:

Chicken-pox	14 cases
Mumps	17 cases
Whooping-cough	11 cases
Flu	75 cases

Five house calls have been made to correct unsanitary conditions.

I wish to take this opportunity to thank the doctors and citizens for reporting these diseases.

Respectfully submitted,
Leigh D. Heath
Health Officer

REPORT OF LOCAL MILK INSPECTOR

I have made the annual inspection of all dairies, stores, restaurants, bakeries, and lunchrooms.

I found the above properly licensed and in good sanitary condition.

Respectfully submitted,
Leigh D. Heath
Milk Inspector

DOVER-FOXCROFT SCHOOL DISTRICT**1951****THIRD ANNUAL REPORT OF TRUSTEES**

To the Municipal Officers of the Town of Dover-Foxcroft:

Shortly after the first of the year the Trustees completed the redecoration and improvements of the toilet rooms in the North Street and Pleasant Street School buildings begun in the previous year. No further expenditures of this nature are contemplated in the near future. During the spring and summer further improvements were made in the new school and its surroundings. The kitchen in the new building was painted and furnished (most of the equipment having been provided by the Superintending School Committee), and much needed showers and dressing rooms were installed in what was formerly the kitchen of the Grammar School Building. With the cooperation and assistance of the Selectmen and Town Manager the Trustees were enable to complete the grading of the new school area, to place a tarred surface over a large part of it, greatly improving the landscape and in general the service ability of the area itself.

On July 25, 1951, the final payment was made on the contract for the construction of the new school, bringing the total of such payments to \$130,090.34, and it was voted to accept the building, with the exception of the gymnasium floor, and with the further understanding that all guaranties of materials and workmanship should run from that date. In general, these guaranties are for defects appearing within one year after the date of acceptance. Inasmuch as the building itself had been occupied by the School District since the previous January, it was agreed between the Trustees and the Contractor that all maintenance guaranties should run from that date, and these latter guaranties have now expired.

As is not unusual, a number of defects have appeared in the building since the District took possession. The larger part of such defects are minor matters of adjustment or items overlooked. Two matters which have caused considerable public comment are the cracks which have appeared in the gymnasium walls, and the condition of the gymnasium floor. We have

been assured both by the Architect and by the Contractor that the first condition is neither unusual nor serious. The second of course, is both, and considerable inconvenience has been experienced because of it. The repair of the floor has long been delayed, but as of this writing it has been put into usable condition, and we have the further assurance of both the Architect and the Contractor that it will be properly repaired in the very near future. At the same time, the cracks in the gymnasium walls will be filled and pointed up and other minor matters attended to, so that most of the defects of which we have had cause to complain will have been remedied or adjusted to the satisfaction of the District.

As for the condition of the property of the School District we repeat our statement of last year. The new building, with the exceptions above noted, is in fine shape, and is an excellent addition to the school system. However, the tarred surface surrounding the building will undoubtedly need preventative maintenance this next summer, which we hope can be handled by the Town and the Superintending School Committee. The Pleasant Street and Grammar School buildings are in fair condition and should be suitable for use for many years to come. Repairs and redecoration are needed in both buildings, but we feel such matters, being in the nature of maintenance rather than improvements, should likewise be budgeted through the Superintending School Committee, rather than through the School District. The North Street Building, while by no means in as good condition as either the Pleasant Street or Grammar School buildings, is usable. However, we feel that ultimately the building should be replaced, and for this reason we have not undertaken the major improvements which might otherwise have been deemed desirable.

The report of the auditor which is presented herewith sets forth the financial transactions of the District for the fiscal year 1951, and shows a balance on hand at the end of the year of \$10,506.47. We roughly estimate expenditure of this balance as follows:

Balance due Architect	\$ 204.27
Bonds Payable, May 1, 1952	6,000.00
Interest Payable, May and November, 1952	2,845.00
Bills paid and Payable since February 1	1,161.86

Salaries and Miscellaneous

259.34

\$10,506.47

RECOMMENDATIONS OF BUDGET COMMITTEE

The Budget Committee recommends the raising of money as follows.

Administration

Town Manager	\$ 5000.00
Town Office	4200.00

General Government

Elections	450.00
Clerk and Treasurer	400.00
Central Hall	3300.00

Police and Protection

Police Department (Note A)	
Street Lights	3450.00
Fire Protection	1000.00

Health and Sanitation

Public Dump	1000.00
Sewer Maintenance	700.00
Sewer Construction	2000.00
Board of Health and Vital Statistics	400.00
Public Health Nurse	750.00

Highways

General Highways (Note B)	6000.00
Snow Removal	18000.00
Surface Treatment	6000.00
Street Cleaning	900.00
Side Walk Construction	1500.00
State Aid Construction	2666.00
Snow Fence Purchase	
Highway Equipment	7500.00
Building for Equipment (Art. 16)	3000.00

Charity

Town Poor	12500.00
Aid to Dependent Children	3000.00

Schools

Common Schools	61,549.45
High School Tuition	47,111.90
General Administration	4000.00
School Building Repairs	4680.00
Insurance	1600.24
School Physician	250.00

Interest on School Fund	156.14
School Lunch	317.14
Cemeteries	
General Care	1375.00
Veterans Graves	300.00
Miscellaneous	
Thompson Free Library	3270.00
Agriculture Clubs	75.00
Maine Publicity Bureau	200.00
Memorial Day	175.00
Tax Abatements	500.00
Fairgrounds	250.00
Pine Blister Rust Control	200.00
Insurance	3250.00
Civil Defense and Public Safety	250.00
Tax Equalization (Art 17)	2500.00
Social Security	650.00
Purchase Sebec Lake Beach Property (Art 18)	3200.00
Finance	
Interest on Temporary Loans	600.00
Interest on Bonded Indebtedness	190.00
Retirement of Bonded Indebtedness	2000.00
Retirement of Foxcroft Academy note	5000.00
Note A: Appropriate	\$5200.00
Note B: Appropriate	\$14000.00

The recommended budget listed above will show a decrease of about \$4200.00 over last year's recommendations.

This fact is somewhat misleading, as the difference in the State Tax this year is about \$22,500.00 less. In view of this fact, the recommended budget this year is actually about \$18,300.00 greater than the 1950-1951 budget.

This increase is largely due to the necessary increases recommended for schools. This added expense seems necessary because of the additional enrollment. This will necessitate an extra teacher and extra equipment in the grade schools as well as some additional expense in the new Foxcroft Academy; the latter being based more or less on estimates.

ents, doctors, town officials, and other interested persons, to obtain guidance and assistance for their family problems.

Regular services of the Crippled Children's, Pediatric, Cardiac, and Mental Hygiene Clinics are held in Bangor. These clinics are available to the children of your community with permission of the family physician.

In addition to the above services, emergency school and tuberculosis cases have been visited since May due to the vacancy of a nurse in the Piscataquis County Health and Tuberculosis Association. Three handicapped children were visited to arrange for clinic service.

Three series of child health conferences were held during the summer with a local physician in attendance. The Bear Hill and West Dover groups were sponsored by the Extension Service. The total attendance at Bear Hill was twenty-nine with immunizations for smallpox five, and diphtheria, whooping cough and tetanus twenty-two. The total attendance at West Dover was twenty-nine with immunizations for smallpox two, and diphtheria, whooping cough, and tetanus twenty-three. A post conference talk was given by the doctor to the mothers at these conferences on the child's normal development. An opportunity was given mothers to ask questions regarding their health problems. The Dover-Foxcroft group was sponsored by the Veterans of Foreign Wars. The total attendance was fifty-three with immunizations for smallpox twenty-seven, and diphtheria, whooping cough, and tetanus thirty-nine. The Piscataquis County Home Demonstration Agent attended one conference in each area as nutritional consultant and held interviews with each mother, giving them an opportunity to discuss privately their nutritional problems.

The Health Council has been active and has had 4 regular meetings and four special meetings. More interest is being shown by individual groups who are sending their representatives to the council so that they may share in the plans proposed by the council and offer suggestions in carrying out these plans.

It appears that the rate this year will be approximately 81 mills.

ANNUAL WARRANT

To Laurence A. Peabody, a constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, or any other constable of said town,

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft in said county and state, qualified by law to vote in town affairs, to meet at Central Hall in said town, on Monday, the tenth day of March, A. D. 1952, at ten o'clock in the forenoon to elect a moderator to preside at said meeting and for the election of all town officers for the ensuing year as are required by law to be chosen by secret ballot, and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1 To act upon the report of the town officers as printed.

Art. 2 To see if the town will vote to raise and appropriate the sum of money for the administration of town affairs during the ensuing year, as follows:

- A. Town Manager
- B. Town Office
- C. General Government
- D. Elections
- E. Clerk and Treasurer
- F. Central Hall

Art. 3 To see if the town will vote to raise and appropriate the sum of money for the protection of persons and property as follows:

- A. Police Department
- B. Street Lights
- C. Fire Protection

Art. 4 To see if the town will vote to raise and ap-

appropriate a sum of money for health services and sanitation, as follows:

- A. Public Dump
- B. Sewer Maintenance
- C. Sewer Construction
- D. Board of Health and Vital Statistics
- E. Public Health Nurse
- F. Mayo Memorial Hospital

Art. 5 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

- A. Highways General
- B. Snow Removal
- C. Surface Treatment
- D. Street Cleaning
- E. Sidewalk Construction
- F. State Aid Construction
- G. Snow Fence Purchase
- H. Highway Equipment

Art. 6 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor
- B. Aid to Dependent Children

Art. 7 To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

- A. Common Schools
- B. High School Tuition
- C. General Administration
- D. School Building Repairs
- E. Insurance
- F. School Physician
- G. Interest on School Fund
- H. School Lunch

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the maintenance and

care of cemeteries, as follows:

- A. General Care
- B. Veterans' Graves

Art. 9 To see if the town will vote to raise and appropriate a sum of money for the following accounts:

- A. Thompson Free Library
- B. Agricultural Clubs
- C. Maine Publicity Bureau
- D. Memorial Day Observance
- E. Tax Abatements
- F. Fairgrounds
- G. Pine Blister Rust Control
- H. General Insurance
- I. Civil Defense, Public Safety
- J. Social Security

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

- A. Interest on Temporary Loans
- B. Interest on Bonded Indebtedness
- C. Retirement of Bonded Indebtedness
- D. Retirement of Foxcroft Academy Note

Art. 11 To see if the town will vote to authorize the Selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collections during the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 12 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School Scholars.

Art. 13 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for the non-payment of taxes, or by mortgage foreclosure, on such terms as they deem

advisable, and execute the proper deeds therefor, on behalf of the Town.

Art. 14 To see if the town will vote to authorize the Selectmen to construct a suitable building on land of the town in which to house town equipment, at a cost not to exceed \$25,000.00.

Art. 15 To see if the town will vote to authorize the Selectmen on behalf of the town to borrow a sum of money not to exceed \$25,000.00 and appropriate the same for the construction of a building on land of the town in which to house town equipment, on such terms

and conditions as they may determine; and to authorize the Selectmen and Treasurer to issue serial notes or other obligations of the town therefor, the last of such notes or obligations to become due not later than 9 years after the date thereof.

Art. 16 To see if the town will vote to raise and appropriate the sum of \$3,000.00 to be used in constructing a building to house town equipment.

Art. 17 To see what action the town will take respecting a survey of the real estate in the town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 18 To see if the town will vote to raise and appropriate the sum of \$3200.00 for the purchase of certain real estate situated in that part of said Dover-Foxcroft, which was formerly Foxcroft, known as the Beach and Cabana Club property now owned by Frank L. Smith.

Art. 19 To see if the town will vote to install a street light on Mayo Street.

Art. 20 To see if the town will vote to authorize the Selectmen to sell to the Trustees of Foxcroft Academy, for a nominal consideration, the building known as the

“shop” located on the Academy lot purchased by the town on August 25, 1949, and to permit the said Trustees to remove the same.

Art. 21 To see if the town will vote to close the East Dover School.

Art. 22 To see if the town will vote to authorize the purchase and installation of water pipes and faucets in the Poole Cemetery, so called, and raise and appropriate money for the same.

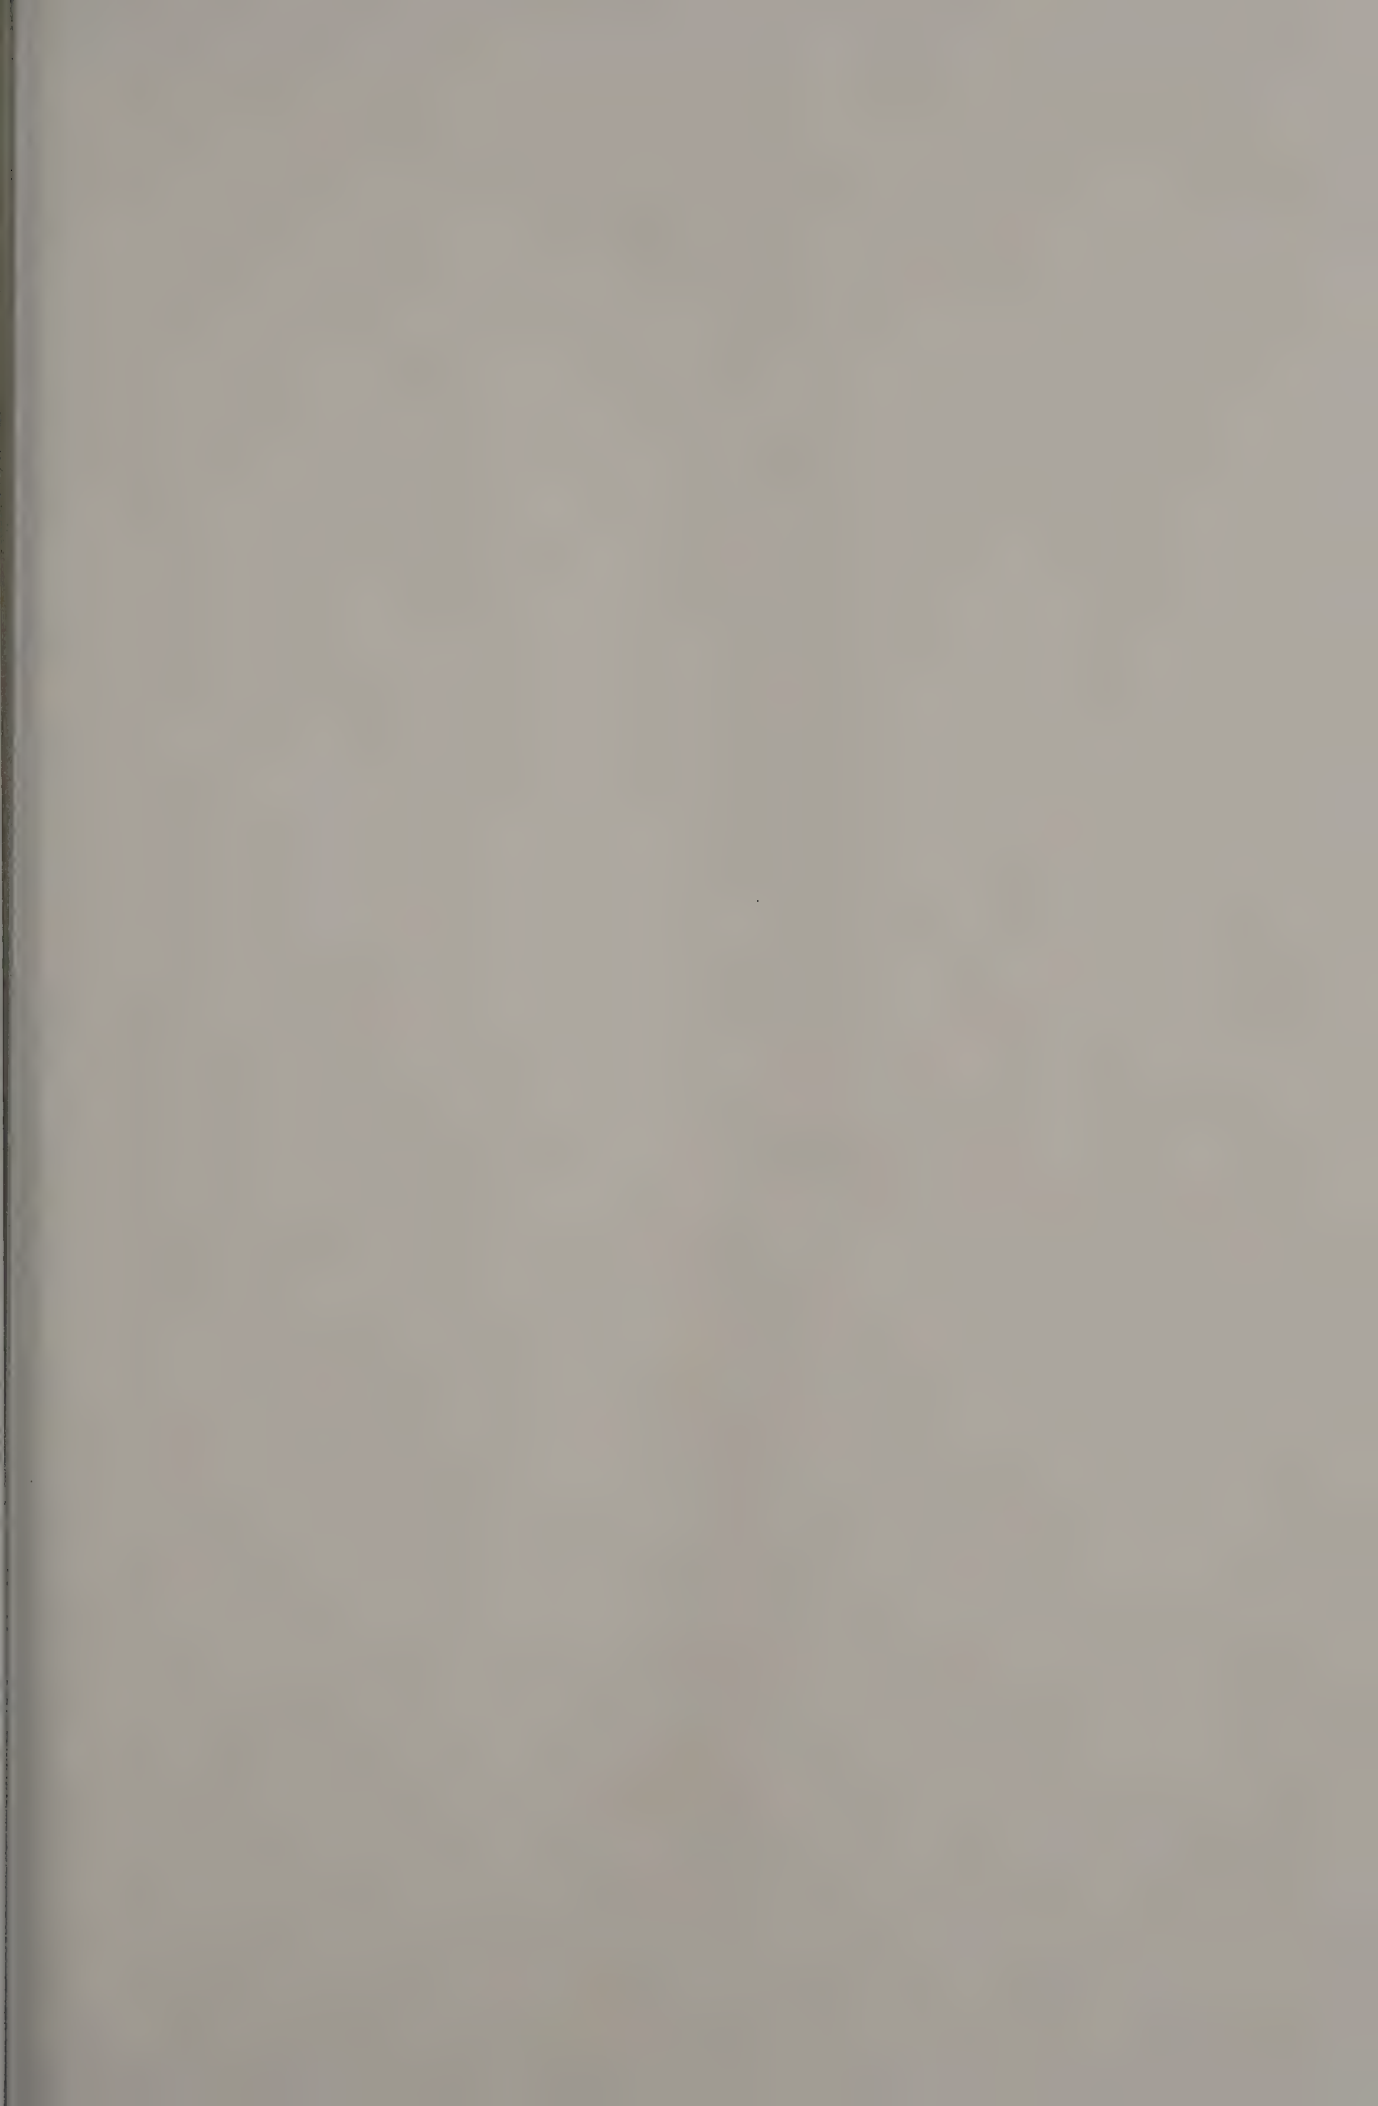

Art. 23 To see if the town will vote to include in the next annual Town report the names of those persons receiving pauper assistance in accordance with the provisions of Chapter 351 of the Public Laws of 1951.

The Selectmen hereby give notice that the polls for the election of town officers as are so required to be chosen by secret ballot, will remain open from ten o'clock in the forenoon until six o'clock in the afternoon when they will be closed; and that the said Selectmen will be in session at their office in said Central Hall building at ten o'clock in the forenoon on the sixth, seventh, and eighth days of March, A. D. 1952, to receive applications of persons claiming a right to vote, and at ten o'clock in the morning of the day of said election to hear and decide upon the applications of such persons, until the election of town officers required by law to be elected by ballot has been completed.

Given under our hands, this twenty-eighth day of February, A. D. 1952.

8:30 p.m.—12

1 p.m.—5 p.m.

Saturdays 8:30 a.m.—12

Please bring your Town Report to Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13 Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists, of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

AUDITOR'S REPORT

February 25, 1953

Board of Selectmen
Dover-Foxcroft
Maine

Gentlemen:

In accordance with our agreement, the municipal records of the Town of Dover-Foxcroft, Maine, have been audited for the year ending January 31, 1953. The procedure of this examination has followed the general accepted auditing standards. The Town Clerk's records, pertaining to the general administration of the Town, were examined and the election and appointment of officers were verified.

Balance Sheet Comments

Cash in the various accounts was reconciled with the records of the depositories. Office funds in the amount of \$160.00 are reputedly held jointly by the Town, School Department and Mayo Memorial Hospital. The portion of this fund held by the Town was determined by actual count. Without an audit of the other divisions, there would be no object in determining the actual cash on hand.

The assessment of 1952 taxes has been proved and compared in detail with the list committed to the collector. We have test checked, by addition and comparison, excise tax receipts for the current year and found the total of both to be in agreement with receipts issued by the Treasurer. A portion of the collection amounting to \$1,114.01 was paid to the Water District.

Tax mortgage liens securing tax assessments on real estate have been examined.

Certain items listed as Accounts Receivable were questionable, due to the settlement of certain paupers, therefore, a rather large reserve was established for the possible loss in collections.

All property secured by foreclosed tax mortgages, including subsequent tax levies were added and now form a part of the balance of this account.

The retirement of the Town's indebtedness has been followed according to schedule.

Trust Funds

Trust fund resources have been reconciled with the records of depositories and the Town of Dover-Foxcroft.

Operating Comments

We have not made a detailed audit of all transactions, we did, however, analyze and test check all important items to the extent deemed necessary. Subject to further verification, we believe that only minor, if any further changes will be made.

I wish to take this opportunity to thank the officials and others for their courtesy and cooperation during this audit.

Certificate

Based upon our examination, and subject to the foregoing, we hereby certify that, in our opinion, the accompanying statement of transactions in departmental accounts, and analysis of change in available surplus of resources properly present the financial condition of the town as of January 31, 1953 and the results of its operations for the year then ended, in conformity with generally accepted principles of municipal accounting. A copy of the complete audit is on file at the Town Office.

Respectfully submitted,

L. C. NEAL,

Public Accountant

ANNUAL REPORT OF MAYO MEMORIAL HOSPITAL 1953

To the Chairman and Members of the Board of Trustees of the Mayo Memorial Hospital:

The following report of the work accomplished at the Mayo Memorial Hospital from February 1, 1952 to February 1, 1953, is submitted to you for your approval.

Statistics

Summary of Service Rendered

Remaining in the hospital at midnight	
Jan. 31, 1952	21
Admitted (excluding births)	1,017
Total treated	1,038
Discharged (excluding deaths)	994
Died	32
Total discharged and died	1,026
Remaining in the hospital at midnight	
Jan. 31, 1953	23
Total adult patient days of service rendered	5,376
Daily average of patients	14.7

Nursery

Babies in Nursery—Midnight Jan. 31, 1952	4
Number of live babies born	
(including premature)	198
Stillborns	1
Total births	199
New Born (live babies) discharged)	185
Deaths (including stillborn)	5
Total discharged and died	190
Total babies in Nursery at midnight,	
Jan. 31, 1953	0
Total Nursery days of service rendered	1,226
Daily average of Newborn	3.3

Patients Classified by Service

Medical	435
Surgical	167
Obstetrical	199
Dental	104
Eye, Ear, Nose & Throat	90

Orthopedic	22
Outpatients	665

During the year just completed, your hospital has been improved physically by the complete redecorating of the offices and the corridors throughout the main building. An institutional type laundry has been installed in the basement of the wing which greatly facilitates our supply of fresh linen. The babies' wash being done separately in domestic type machines. The laundry has also been redecorated and store rooms for various supplies have been constructed in the basement.

A garden type tractor was purchased which has been invaluable in raising our own fresh vegetables.

The Garden club planted several trees and some shrubbery although the entire landscaping plan has not been completed.

Our plans for next year include redecoration of some of the rooms, installation of a fire alarm box in the hospital proper and an intercommunication system to facilitate telephone calls and interhospital traffic.

Plans for an elevator are still in status quo, but as mentioned in previous reports, such an installation would greatly increase the efficiency of your hospital.

To the Members of the Board of Trustees, the entire Hospital Staff, the Medical Staff, and all others who have served the hospital in any way, I wish to express my thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.

Superintendent

Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

An increase of 3750 over last year in the circulating department brought the circulation to 27,339 between Feb. 1, 1952 and Jan. 31, 1953. Of these, 17,761, or about 65% were fiction.

There are 1396 adult resident borrower cards in use and 480 juveniles. A large number of visitor cards have been issued to summer visitors and Charleston Hill personnel. It is now possible for adult residents of surrounding towns to use the library for a fee of \$1.00 per year.

Book acquisitions for the year are:

Fiction	298	Non-fiction	250	Total	548
Adult	194	Adult	186	Adult	380

Gifts of books have been received from Elaine Field, Mrs. G. Thorndyke Chase, Arts and Craft Guild, Harry Campbell, Community Garden Club, Annie Peaks Kenny, Judith Ward, Nellie Down, Julia Glover, Louise Whitten and Edgar Sanborn. A copy of the Revised Standard Version of the Bible was presented by the churches. A seven volume set of Lands and Peoples was added to the reference department. The library subscribes to 44 magazines and 6 daily and 2 weekly newspapers.

Again the reading rooms were supplied with flowers during the summer by members of the Community Garden Club.

REPORT OF TOWN CLERK

Sec. 4, R. S. C. 22, 388, amended. Section 388 of chapter 22 of the revised statutes is hereby amended to read as follows:

'Sec. 388. CLERK'S RECORD OR CERTIFIED COPY, PRIMA FACIE EVIDENCE. THE STATE REGISTRAR AND THE CLERK OF A MUNICIPALITY SHALL NOT PERMIT INSPECTION OF THE RECORDS OF BIRTH, MARRIAGE AND DEATH. MARRIAGE INTENTIONS EXCEPTED, OR ISSUE OF A CERTIFIED COPY OF A CERTIFICATE RELATING THERETO, OR TO PARTS THERETO, UNLESS HE IS SATISFIED THAT THE APPLICANT THEREFOR HAS A DIRECT AND TANGIBLE INTEREST IN THE MATTER RECORDED, THE DECISION OF THE STATE REGISTRAR OR THE CLERK OF A MUNICIPALITY BEING SUBJECT, HOWEVER, TO REVIEW BY THE SUPERIOR COURT OR ANY JUSTICE THEREOF IN VACATION, UNDER THE LIMITATIONS OF THIS CHAPTER. The city and town clerks shall, upon request, supply to any SUCH QUALIFIED applicant a certified copy of the record of any birth, marriage, or death registered under the provisions of this chapter, upon the payment of a fee of 50c, to be paid by the applicant in advance. For any search of the files and records, where no certified copy is made, the fee shall be 50c for each hour or fractional part of the hour for time of search, said fee to be paid by the applicant in advance. The CITY OR town clerk's record of any birth, marriage, or death, or a duly certified copy thereof, shall be prima facie evidence of such birth, marriage, or death in any judicial proceeding.'

FACULTY OF FOXCROFT ACADEMY

1952-1953

Tillson D. Thomas, B. S.; M. Ed., Principal
 Leah M. Brown, U. of M.; English, Dramatics
 Eugene Coffin, B. S.; Forestry, Agriculture and Shop
 Everett M. Fairbrother, B. S.; Science, Mathematics
 Paul F. Fish, B. S.; Driver Education and Coach
 Sybil W. Grindle, B. S.; Mathematics
 Ardis F. Hewes, B. S.; Home Economics
 Milton M. McGorrill, Jr., B. A.; English

Richard J. Race, B. S.; M. A.; Biology, Sr. Science
Gwendolyn M. Trefethen, B. A.; Languages
John Whitcomb, Jr., B. A.; History
Phyllis Hatch Wiley, Husson College; Commercial
Salvatore Piccolo, Malkin Conservatory of Music; Music
Harold C. Campbell, Janitor
Roland M. Zwicker, Janitor
Grace M. Chase, Secretary to Principal

In June, Mr. Lawrence Stewart resigned to accept a position in East Hartford, Conn., and Mr. Paul Fish was hired as coach and driver education teacher to replace him. Mr. Fish was graduated from Springfield College in 1950 and for two years taught at Warwick, New York, before coming to Foxcroft Academy.

Building and Grounds

On February 25, 1952, we moved into our new educational plant at Oakes Field. This building, situated on a 110 acre tract of land, offers to the youth of Dover-Foxcroft and the surrounding localities, educational facilities and opportunities that are beyond the dreams of most communities. The careful planning and thought that preceded the building of this school becomes more and more in evidence as we use it to educate our children. It not only meets our present educational needs but has been built to care for a growth factor of 350 pupils. When the present influx of elementary pupils reach the high school age, Foxcroft Academy will be able to educate them without bursting at the seams.

The School Program

No major changes in the curriculum have been made since moving to our new location but for the first time the vocational programs are having an opportunity to assert themselves in the new environment. The girls with their beautiful home economics laboratory, are able to carry out projects under ideal conditions and in a home-like atmosphere. The commercial department is able to train the students under conditions that are more in keeping with modern office practices.

The forestry and agriculture program has already taken tangible form in a garden which was planted last spring and on the woodlot in back of the building. Mr. Coffin and a representative of the State Forestry Department made a survey last spring of the woodlot and marked out areas for selective cutting. In addition, brush and dead wood have been cut to further the progress of conservation. In this program we are trying to teach a group of boys how to manage and cut a farm woodlot with some degree of good practice and management. We hope to show them the value of farms and forests in the economic life of Maine. Through these practices we hope to inculcate theories and values of conservation of these two vital natural resources.

Another trend that has developed since the war is an awareness on the part of students and parents that the high school is no longer the termination point of formal education. With the tremendous changes brought about by the war, by science and by machines, parents and students realize that specialization of some sort is almost mandatory. We find it reflected yearly by the increased enrollment in specialized schools and colleges from our graduating classes.

Out of last year's graduating class of 43, 23 were enrolled last September in schools of higher learning. Eight of these received scholarships of varying amounts from 1-3 to full tuition. The semester grades from only one college have been received at this time but the results are highly gratifying.

Our athletic and extra-curricula programs have been more than moderately successful. The football team won the county championship and two players, Richard Lary and John P. Dow, were picked on the "All Star" Little Ten Conference team. Gaylon Richards brought himself and the school, both state and regional honors in cross country by winning first place in the state meet at the U. of M. and by coming in 4th in the New England meet at Providence, R. I. Our basketball team has suffered one of its poorer years but with a veteran squad returning next year we should be near the top again. The prospects for spring sports are

especially bright with veteran baseball and softball squads available. The girls' softball team won the county championship for the fourth year in a row. In dramatics and speaking our students have excelled. They are and continue to be a tribute to themselves and their coaches, Miss Brown and Mr. McGorrill. The music has progressed exceptionally well under Mr. Piccolo, consistently receiving excellent rating at the festivals as well as the plaudits of our local audiences.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft I express my thanks for your loyal co-operation and assistance in the educational needs of Foxcroft Academy. Your continued interest in our programs is solicited and welcomed. We cordially invite your visitations at all times that you may thoroughly understand and assist us in our mutual efforts of educating the youth of this community.

Respectfully submitted

TILLSON D. THOMAS,
Principal

REPORT OF SUPERINTENDENT OF SCHOOLS
To the Superintending School Committee and Citizens
of the Town of Dover-Foxcroft:

I hereby submit my annual report of the schools:

Statistics

School and Teacher	Grade	Enrollment as of 1-31-53
PLEASANT STREET SCHOOL		
Marion A. Doore, Principal	Sub-primary	33
Leona Richards (Gertrude Leighton)	Sub-primary	34
Corinne Johnson	Grade 1	20
Dorothy Clark	Grade 1	20
Dorothy Tourtillotte	Grade 2	19
Doris Hathorn	Grade 2	21
MAYO STREET SCHOOL		
M. Jeanne Pratt	Grade 3	22
Joan Copp	Grade 3	21
Isabel Buck	Grade 4	34
Hazel Parker	Grade 5	27
Effie Bolton, Principal	Grade 5	29
NORTH STREET SCHOOL		
Dorothy Greenlaw	Sub-primary	28
Marjorie Page	Sub-primary	29
Elizabeth Harvey	Grade 1	19
Ola Blood, Principal	Grade 2	24
Mildred Pratt	Grade 3	18
Marion Rollins	Grade 4	32
Mildred Hewett	Grade 5	28
GRAMMAR SCHOOL		
Harriett Ladd, Dean of Girls	Grade 6	29
Georgianna Crockett	Grade 6	32
Ava Goff	Grade 7	30
Ruth Thomas	Grade 7	27
Bernice W. Sterling	Grade 8	32
Cedric A. Hewes, Principal	Grade 8	31
EAST DOVER SCHOOL		
Glenys Smart	Sub-primary	4

Grade 1	2
Grade 3	6
Grade 4	3
Grades 2 & 5	0

On September 8, 1952, probably the largest entering class in the history of the town was admitted to our school system. 128 children, 67 boys and 61 girls, were assigned to the four sub-primary teachers. In addition, four entered the East Dover school. Fortunately the children came from the different areas in just the right numbers so that it was very easy assigning them to teachers and schools. 62 live in the North Street area who walk to school and 66 come from the Pleasant Street area and by bus. I am anticipating no such easy arrangement next September when another large entering class will register. Whereas this year we have 128 in the sub-primary and 57 in the first grade, next year we will have approximately 115 in the sub-primary and 128 in the first grade. This large number of pupils will necessitate an additional first grade teacher, 60 new desks, textbooks and supplies for the increased number and preparing an additional room at North Street to house them.

Mrs. Marjorie Page of East Corinth is our new sub-primary teacher. She has taught for 25 years and is well qualified to perform the excellent work she is accomplishing. Shortly after the opening of school Mrs. Gertrude Leighton was seriously injured in an automobile accident. It has been necessary that she give up teaching for the rest of the school year. I sincerely hope that she will be with us again next fall. Mrs. Leona Richards is finishing the school year for her.

I was disappointed when Mrs. Martha Rollins decided to stop teaching. She has taught here a number of years and proved to be an outstanding teacher. I feel that we are fortunate in securing the services of Mrs. Elizabeth Harvey to fill this vacancy.

From time to time both parents and school officials become interested in determining where the schools of their town stand in relation to other schools both with-

in and without the state. Last spring all pupils in grades 3-6 were given the new Stanford Achievement Test. This testing program was carried out in conjunction with the World Book Company and had the approval of the Department of Education. I was not at all surprised when the results were returned. In all of the areas tested—reading, spelling, arithmetic, social studies, science and English—the pupils in our schools are equal or above the national average for these grades. In addition to this test, reading and general intelligence tests are given each year.

Some very useful equipment has been presented to the schools during the past year. I am sure that the cooperation of the various clubs reflects their sincere interest and confidence in the work that is being accomplished within the schools. Again I wish to thank the Molasto Club for the Public Address System and set of library books, the Cosmopolitan Club for the flag set and lectern, the Jr. Cosmopolitan Club for their generous contribution for the stage curtains and the Town Club for the records and record player for both the North Street and Pleasant Street schools. In addition to these gifts the pupils of the Grammar School have purchased a tape recorder.

A representative group of teachers has for some time been working on a salary schedule which it hopes will be acceptable to both the townspeople and the other teachers as well. This is an extremely difficult task. With better than seventy different schedules as a guide, it is still no small undertaking to present a schedule that is both fair and reasonable to all concerned. I do not feel that any one person is qualified to determine how high or low salaries should be.

It is my opinion that the salaries of the elementary teachers are too low. The average salary of the elementary teachers in this town is \$2,244. I have before me a list of 46 towns with a population between 2,500 and 4,999. The average salaries range from \$2,823.91 to \$1,942.29 with a median of \$2,293.08. Dover-Foxcroft ranks 25th on this list.

On this same subject, there is a bill before the legislature to establish a minimum salary schedule. No one knows whether this bill will pass or not. If it does, the work of the local salary committee will be somewhat lessened.

The School Lunch Program is running very satisfactorily. I marvel at the efficiency of the women who serve the children. The meals not only are above the standards set by the Federal Government but also are varied, attractive and tasty. During the school year 1951-52 there were 31,973 meals served to students. Of this number 1,519 were free meals and many others were paid for by the Percolator Club and from town funds. In addition to the above, there were 16,351 bottles of milk served. This is the type C program or the so-called "recess milk". The total income from all sources was \$11,018.71 and the total expense \$10,594.08. The balance is to be used in the very near future to provide adequate refrigeration to store the large amounts of food needed.

There have been many repairs completed during the past year. However, it is imperative that we continue to repair and redecorate in order that our buildings shall not become either unsafe or too unattractive. We need new lighting in two rooms at North Street, equipment for the new doors at Mayo Street and at least one floor of North Street needs redecorating to make it clean and attractive.

The following budget has been approved by the Superintending School Committee:

Recommended to Raise:

School Maintenance	\$112,593.00
Repairs and Replacement	2,460.00
Non-Instructional Equipment:	
School Furniture	1,200.00
Other Equipment	225.00
Instructional Equipment:	
Original	300.00
Replacement	350.00
Insurance	1,375.86

General Administration	4,000.00
School Physician	250.00
School Lunch	360.00
Physically Handicapped	550.00
Interest on School Land Fund	156.14
	<hr/> 123,820.00

In closing, I wish to thank all who by their cooperation and support have aided in the most important task a town undertakes — the education of its youth.

Sincerely,

FREDERICK L. MOSSLER,
Superintendent of Schools

REPORT OF SUPERVISOR OF MUSIC

To Frederick L. Mossler, Superintendent of Schools:

I herewith present my report as Supervisor of Music in the Dover-Foxcroft Schools.

The vocal program in the schools has not been changed since writing my last report. Classes are visited once a week except sub-primary through second grade. These classes are visited once every third week. The addition of classes and the increase in number of instrumental students has forced me to combine classes of the same grade in each building. Although more time would be a blessing, I feel that our vocal program is progressing satisfactorily.

Instrumental pupils are receiving instructions from the fifth through grade eight. The beginners in grade five receive weekly lessons and Grammar School pupils receive lessons every other week. At present, our Grammar School orchestra has about thirty-six members.

At Foxcroft Academy the band, orchestra and Varsity Singers have already made public appearances this year. We also have a mixed chorus of approximately eighty members. Because of its size, this group rehearses in two sections. In addition to the Eastern Maine Festival and Penquis League Festival, the Academy is participating in the All-State Festival to be held in Augusta this month.

I wish to express my thanks to all teachers and administrators for their help and cooperation. The increasing demands on my time could not be met without the understanding help I have received from my associates in the schools.

Respectfully submitted,

SALVATORE PICCOLO

DOVER-FOXCROFT SCHOOL DISTRICT
1952

Fourth Annual Report of Trustees

To the Municipal Officers of the Town of Dover-Foxcroft:

With the completion of the construction of the new building and the final adjustments with the contractors and architects, the Trustees have found their duties temporarily at an end, save for such ministerial functions as the payment of bonds and interest. The property of the District is all in usable condition. Maintenance of its property, including the new building, is now being carried on under the supervision of the Superintending School Committee and such major improvements to the older buildings as the further fire-proofing of the boiler rooms and the installation of more adequate lighting facilities in some of the rooms have been accomplished, or are being budgeted for, under the regular school appropriations. No condition requiring the direct action of the Trustees has come to our attention.

The report of the auditor which is presented herewith sets forth the financial transactions of the District for the fiscal year 1952 and shows a bonded indebtedness outstanding of \$138,000.00, and a cash balance on hand at the end of the year of \$9,629.59. We roughly estimate expenditure of this balance as follows:

Bonds Payable, May 1, 1953	\$6,000.00
Interest Payable, May and November, 1953	2,725.00
Salaries, Reserve and Miscellaneous	904.59
	<hr/>
	\$9,629.59

Respectfully submitted,

GEORGE W. WARREN
PHILIP E. WASHBURN

WILLIAM G. GLOVER

PAUL J. PERIN

STUART E. HAYES

Trustees, Dover-Foxcroft
School District

REPORT OF THE SCHOOL PHYSICIAN

To Frederick L. Mossler, Superintendent of Schools:

At the beginning of the school year, in the fall, and again after Christmas vacation, all pupils in the elementary school system were scanned for possible contact or infectious diseases.

With parental permission each child has been vaccinated for smallpox and will receive an immunization "booster". In addition, this year, the patch test for tuberculosis will be offered and all reactors will be recommended for chest X-rays.

The athletic teams have been examined and all grade school and academy pupils will have been examined before the end of the school year.

Recommendations have been made and carried out in regards to special services for cardiac, orthopedic, eye and nutritional cases. Children requiring treatment have been referred to their family physician.

I am grateful to the school principals who have been most helpful, the teachers, cooperative, and I am indebted to Mrs. Bonsey for her assistance.

RECOMMENDATION

Due to the widespread marked dental deterioration of the school children and in view of the approval of national dental and medical authorities, I recommend fluoridation of the town's water supply.

PAUL D. TAYLOR, D.O.

**ANNUAL REPORT FOR DOVER-FOXCROFT
DIVISION OF PUBLIC HEALTH NURSING****January 1 to December 31, 1952**

The aim of a public health nursing service is to promote health, prevent disease and deformity. The responsibility of the public health nurse is one of education and guidance.

Leading authorities agree that good health in adulthood is a result of early and continued health practices. Therefore most of your nurse's time has been spent in behalf of expectant mothers, infants and pre-school children, giving assistance according to the apparent needs.

Services of the Cardiac, Pediatric, Crippled Children's and Mental Hygiene Clinics are available to children under twenty-one years of age in your community who need special medical attention and who are referred by their family doctor.

The prevention and control of communicable disease, including venereal diseases, was emphasized in home visits. Special emphasis was placed on need to protect children against communicable disease which takes a heavy toll in childhood.

A series of three child health conferences was held in town and also at West Dover during the summer sponsored by the Health Council. Local physicians gave all children complete physical examinations. The Veterans of Foreign Wars served as volunteer committee for the town conferences with a total of eighty-two children attending. Nineteen children were immunized against smallpox and thirty against diphtheria, whooping cough and tetanus. The West Dover Extension Service served as volunteer committee for their area with a total of forty children attending the conferences. Two children were immunized against smallpox and six against diphtheria, whooping cough and tetanus.

It is regrettable that the Health Council has not been more active this past year. A representative group, such as the Health Council should determine the

community health needs and make necessary plans for reaching their goal. High standards of community health are more readily obtained when all groups work together to promote better health conditions in their community.

Respectfully submitted,

RUTH M. CHOATE

Public Health Nurse

**PISCATAQUIS COUNTY TUBERCULOSIS
& HEALTH ASSOCIATION**

To the citizens and town officials of Dover-Foxcroft:

I present my annual report for the 1952-1953 period.

The Piscataquis County Tuberculosis and Health Association conducts the school health and tuberculosis program in this county.

Our most important goal is to completely eradicate tuberculosis. And this can be done:—not easily, not quickly but enough is known about the disease so that it is possible. Tuberculosis is a communicable disease spread from the sick to the well. Early diagnosis and treatment of cases will prevent its spread. Early diagnosis and treatment also means an earlier more complete recovery for the patient.

Your local association conducts a year round program of health education, public information, and professional education about tuberculosis and related problems.

We cooperate with the State Department of Health and Welfare in planning and carrying out mass community X-rays such as was done in August of 1952. Over 5000 people in the county were X-rayed at this time and several cases of tuberculosis were found. The follow-up work from these surveys is done by your local nurse.

We have working arrangements with the local hospitals so that no person need go without an X-ray should he be unable to provide for himself.

We help families to help themselves by pointing avenues of financial assistance should tuberculosis strike. And to protect themselves by demonstrating techniques that will prevent the spread of the infection to others in the family.

The Piscataquis County Tuberculosis and Health Association is a voluntary tuberculosis movement. It

is the people in action to provide better health protection to their communities.

Emphasis is placed on the health and health teaching of the school child.

The aims of the school health program are health service, health instruction and healthful school living.

Your nurse assists the school physician in making the examination of the students and in reporting defects to parents. Home visits are made to parents to urge corrections and to assist in any way possible to have them made. Referrals to the various clinics are made if it is advised by the family physician and wished by the parents. A program of immunizations is carried on yearly. Smallpox vaccination, booster shots and triple immunizations are offered at this time to the students. Parents are urged to take advantage of this opportunity to have their children immunized if they have not already done so.

Special emphasis is placed on helping the handicapped child to live as full and normal a life as possible.

Apparent throughout the county is the need for better dental care of the school child. A high percentage of students need dental care and are unable or unwilling to secure it.

This service is available to communities as well as individuals wishing help with its health problems.

Respectfully submitted,

EILEEN BONSEY, R.N.

Piscataquis County Tuberculosis
and Health Association

**REPORT OF LOCAL HEALTH OFFICER
FISCAL YEAR 1952**

There have been reported the past year the following diseases:

Chicken-Pox	4
Measles	26
Mumps	5
Poliomyelitis	1
Tuberculosis	2

Eight house calls to correct unsanitary conditions.

Respectfully submitted,

LEIGH D. HEATH
Health Officer

REPORT OF MILK INSPECTOR

I have inspected the dairies selling milk in town. They were in good sanitary condition.

All stores and restaurants selling milk and cream were checked and found in good sanitary condition and properly licensed.

Respectfully submitted

LEIGH D. HEATH,
Milk Inspector

RECOMMENDATIONS OF BUDGET COMMITTEE

ANNUAL WARRANT

To Laurence A. Peabody, a Constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, or any other Constable of said Town.

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft in said County and State, Qualified by Law to vote in Town affairs, to meet at Central Hall in said Town, on Monday the ninth day of March, A.D., 1953, at ten o'clock in the forenoon to elect a moderator to preside at said meeting and for the election of all town officers for the ensuing year as are required by Law to be chosen by secret ballot, and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1 To act upon the report of the town officers as printed.

Art. 2 To see if the town will vote to raise and appropriate a sum of money for the administration of town affairs during the ensuing year, as follows:

- A. Town Manager
- B. Town Office
- C. General Government
- D. Elections
- E. Clerk and Treasurer
- F. Central Hall

Art. 3 To see if the town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

- A. Police Department
- B. Street Lights
- C. Fire Protection

Art. 4 To see if the town will vote to raise and appropriate a sum of money for health and sanitation

services, as follows:

- A. Public Dump
- B. Sewer Maintenance
- C. Sewer Construction
- D. Board of Health and Vital Statistics
- E. Public Health Nurse
- F. Mayo Memorial Hospital

Art. 5 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

- A. Highways General
- B. Snow Removal
- C. Surface Treatment
- D. Sidewalk Construction
- E. Street Cleaning
- F. State Aid Construction
- G. Snow Fence Purchase

Art. 6 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor
- B. Aid to Dependent Children

Art. 7 To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

- A. Common Schools
- B. High School Tuition
- C. General Administration
- D. Repairs and Replacement
- E. Non-instructional Equipment
- F. Instructional Equipment
- G. Insurance
- H. School Physician
- I. School Lunch
- J. Interest on School Fund
- K. Physically Handicapped

Art. 8 To see if the town will vote to raise and

appropriate a sum of money for the maintenance and care of cemeteries, as follows:

- A. General Care
- B. Veterans' Graves
- C. Equipment for Cemeteries

Art. 9 To see if the town will vote to raise and appropriate a sum of money for the following accounts:

- A. Thompson Free Library
- B. Agriculture Clubs

- I. Social Security
- J. Sebec Lake Beach Property

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

- A. Interest on Temporary Loans
- B. Interest on Bonded Indebtedness
- C. Retirement of Bonded Indebtedness
- D. Retirement of Foxcroft Academy Note

Art. 11 To see if the town will vote to authorize the selectmen and treasurer to procure a temporary loan or loans in anticipation of tax collection during the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 12 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for Tuition for its High School Scholars.

Art. 13 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate ac-

quired by the town for the non-payment of taxes, or by mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the Town.

Art. 14 To see if the town will vote to raise and appropriate the sum of \$3,000.00 to be used in constructing a building to house town equipment.

Art. 15 To see what action the town will take respecting a survey of the real estate in the Town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 16 To see if the town will vote to install a street light on Lancaster Avenue and one at East Dover.

Art. 17 To see if the town will vote to authorize the Selectmen to sell and dispose of the old Foxcroft Academy property, (buildings and land), for such price and on such terms as they deem advisable, and to execute the proper instruments of conveyance on behalf of the Town.

Art. 18 To see if the town will vote to raise and appropriate a sum of money for repairs and redecorating Central Hall.

Art. 19 To see if the town will vote to adopt the provisions of Sections 109-A to 109-F, inclusive, of Chapter 80, of the Revised Statutes, as Enacted by Chapter 204 of the Public Laws of 1945, Relative to the acquisition, construction and operation of lands and buildings for recreational purposes and authority to raise money therefor.

The Selectmen hereby give notice that the polls for the election of town officers as are so required to be chosen by secret ballot, will remain open from ten o'clock in the forenoon until six o'clock in the afternoon

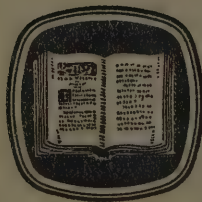

when they will be closed; and that the said Selectmen will be in session at their office in said Central Hall building at ten o'clock in the forenoon on the fifth, sixth and seventh days of March, A.D., 1953, to receive applications of persons claiming a right to vote and at ten o'clock in the morning of the day of said election to hear and decide upon the applications of such persons, until the election of town officers required by law to be elected by ballot has been completed.

Given under our hands, this twenty-sixth day of February, A.D., 1953.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

AUDITOR'S REPORT

February 30, 1954

Board of Selectmen
Dover-Foxcroft
Maine

Gentlemen:

In accordance with our agreement, the municipal records of the Town of Dover-Foxcroft have been audited for the year ended January 30, 1954. The procedure of this examination has conformed with the generally accepted auditing standards.

Cash, in the various accounts, has been reconciled with depositories and actual count of cash on hand.

The assessment of 1953 property and poll taxes has been proved and compared with the list committed to the collector. Supplemental assessments and abatements were examined.

Excise tax revenue was checked by addition of duplicate receipts numbered 5294 to 6859 inclusive for 1953 and numbered 5026 to 5264 inclusive for 1954 and were found to be in agreement with the amount remitted to the treasurer. It was not considered necessary to verify the amount of this revenue claimed by the Water District.

Tax mortgage liens, securing unpaid assessment on real estate, were examined to the extent deemed necessary; foreclosed tax mortgages were not examined in detail.

Municipal indebtedness has been retired in accordance with requirements.

Trust fund records have been well maintained and the balance in each individual trusteeship has been determined by records from depositories, agencies and trust fund checking account.

We did not make a detailed audit of all transac-

tions; we did, however, analyze and test check all accounts to the extent considered necessary.

Based upon our examination we hereby certify that, in our opinion, the accompanying Exhibits and Schedules fairly present the financial condition of the town as of January 30, 1954.

Respectfully submitted,

L. C. NEAL,

Public Accountant

During the past year your hospital has continued its program of redecorating a few rooms each year to keep the overall plant at its best. We have installed new lighting in the kitchen and nurses' dining room, also a hood with ventilation over the range. The maternity wing received a coat of outside stain, greatly enhancing its appearance.

A new resucitator has been purchased for the Delivery Room and a refrigerator installed in the laboratory to preserve the necessary stocks of serums and culture material.

Through the cooperation of the Bingham Fund and Pratt Diagnostic Hospital, Miss Barbara Connor, staff dietician, has made several visits to the hospital, working out improvements in the menus and methods of serving. Also through the Bingham Fund, we have been able to add to our staff, the services of Dr. George Farrell, M.D., Fellow of the American College of Roentgenologists, to take charge of our X-ray department. Dr. Farrell is at the hospital three days a week to supervise and interpret routine and special X-ray studies which previously required the patient to go to Bangor. He has recently inaugurated an exchange student arrangement whereby a student from the Sisters' Hospital in Waterville will spend alternate months here assisting Mrs. Bernice Palmer,

Chief Technician.

The need for some type of an elevator is still acute but the Miosac Club are continuing their excellent work for the hospital by sponsoring a fund raising drive.

Our number of patient days have increased as has all of our other services rendered.

To the members of the Board of Trustees, the entire Hospital Staff, the Medical Staff, and all others who have served the hospital in any way, I wish to express my thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.
Superintendent
Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

During the year between Feb. 1, 1953, and Feb. 1, 1954, a total of 24,752 books and periodicals were loaned by The Thompson Free Library. Of these, 17,530 or about 70% were fiction.

New books received this year as follows:

Fiction	326	Non-fiction	202	Total	528
Adult	227	Adult	163	Adult	390
Juvenile	99	Juvenile	39	Juvenile	138

Of the 528 books received, 47 were gifts from individuals and Clubs as follows: Winchester, Sgt. Larabee, Mrs. E. A. Glover, Community Garden Club, Beverly Steeves, Mrs. Flanders, Lillian Bouley, Sen. Smith, Chase family, Arts and Crafts Guild, Mrs. Ethel Ellis and Mrs. Thorndyke Chase.

The Library subscribes to 38 adult and 7 children's magazines and has five daily and two weekly newspapers.

A set of Childcraft, purchased this year, has been made available to teachers and interested adults only.

During the summer, the reading rooms were supplied with flowers by the Community Garden Club. Several of the larger evergreens about the walk have been removed and replaced by smaller more formal trees.

National Book Week was observed in November with appropriate displays especially in the Children's department and a story hour was held at Christmas with Mrs. Gellerson as narrator.

ANNIE F. LINN, Librarian

REPORT OF TOWN CLERK

Sec. 4, R. S. C. 22, 388, amended. Section 388 of chapter 22 of the revised statutes is hereby amended to read as follows:

'Sec. 388. CLERK'S RECORD OR CERTIFIED COPY, PRIMA FACIE EVIDENCE. THE STATE REGISTRAR AND THE CLERK OF A MUNICIPALITY SHALL NOT PERMIT INSPECTION OF THE RECORDS OF BIRTH, MARRIAGE AND DEATH. MARRIAGE INTENTIONS EXCEPTED, OR ISSUE OF A CERTIFIED COPY OF A CERTIFICATE RELATING THERETO, OR TO PARTS THERETO, UNLESS HE IS SATISFIED THAT THE APPLICANT THEREFOR HAS A DIRECT AND TANGIBLE INTEREST IN THE MATTER RECORDED, THE DECISION OF THE STATE REGISTRAR OR THE CLERK OF A MUNICIPALITY BEING SUBJECT HOWEVER, TO REVIEW BY THE SUPERIOR COURT, OR ANY JUSTICE THEREOF IN VACATION, UNDER THE LIMITATIONS OF THIS CHAPTER. The city and town clerks shall, upon request, supply to any SUCH QUALIFIED applicant a certified copy of the record of any birth, marriage, or death registered under the provisions of this chapter, upon the payment of a fee of 50c, to be paid by the applicant in advance. For any search of the files and records, where no certified copy is made, the fee shall be 50c for each hour or fractional part of the hour for time of search, said fee to be paid by the applicant in advance. The CITY OR town clerk's record of any birth, marriage, or death, or a duly certified copy thereof, shall be prima facie evidence of such birth, marriage, or death in any judicial proceeding.'

Music

Richard J. Race, B. S.; M. A.; Biology, Sr. Science

Gwendolyn M. Trefethen, B. A.; Languages

Norman White, B. A.; History

Phyllis Hatch Wiley, Husson College; Commercial

Harold C. Campbell, Janitor

Roland M. Zwicker, Janitor

Grace M. Chase, Secretary to Principal

Foxcroft Academy opened the 1953-1954 school year with an enrollment of 227 pupils and a staff of 12 full time teachers. Three of the teachers were new this year. Mr. John E. Butterfield was hired to replace Mr. Fish as coach and driver education teacher; Mr. Norman White was hired to replace Mr. Whitcomb, as teacher of history; and Mr. Richard Noyes was hired to replace Mr. Piccolo as director of music. In November the school suffered a severe loss in Mr. Fairbrother's sudden death. During the past eleven years, Mr. Fairbrother taught college preparatory sciences and mathematics and coached the athletic teams from 1942 to 1946. He was dearly loved and greatly respected by everyone who was associated with him. Mr. Ernest Lary, a former student of Foxcroft Academy and a graduate of Colby College, has been hired to fill this position.

No major projects have been undertaken since we moved to Oakes Field, however, certain additions have been made to the plant and continued improvement of the grounds have been carried forward by the trustees of the Academy. Last spring the parking area was graded and a permanent drainage system was installed. During the fall of 1953 cables were laid and

two attractive and practical lights were installed at the entrance of the building. In addition to the above permanent installations and projects, twenty-five new desks and chairs were added for the class-rooms and a dish washer and deep freezer have been added to the cafeteria. The community continues its interest in this new building and site through various ways. I should like to thank the many clubs for their continued interest in our school. Without this co-operation a number of our worthwhile projects would have to be abandoned. I also would like to thank the many individuals who have presented books, flags, musical instruments and other gifts to the school during the past year. They have been greatly appreciated by the students and faculty and add much to the betterment of the school.

One of our greatest problems,—one that concerns not only the school but the entire community,—is the heavy loss of student personnel from the time a class enters the Academy until it graduates. Each fall we enroll 60 to 70 youngsters as freshmen and four years later we graduate 40 to 45, a loss of approximately 20 students. We have endeavored to unearth the reasons but have reached no satisfactory answer. It is a situation that is nation wide but one that must be solved by each community. We do not expect to graduate all who enter the Academy but at least we should be able to cut the drop outs by at least $\frac{1}{2}$ of what it is now. For the past few years many students have been leaving school because they could find temporary employment at relatively high wages. Others have left because of social problems and still others for individual reasons. It is the obligation and duty of all parents and citizens to try to convince their children of the minimum need of a high school education. Without at least 12 years of schooling a person is seriously handicapped in making his living and **certainly** a teen-aged youth has not experience enough to decide an issue that vitally affects his or her entire life.

Our athletic and extra-curricula programs have been extremely satisfactory. The football team this fall, ended the season with four straight wins after los-

ing the first three. The team showed tremendous spirit and enthusiasm in overcoming a number of early setbacks. The cross country team won the county championship; Richard Lary was again picked on the "All-Star" Little Ten Conference Team for the second year in succession. Our basketball team finished second in the county to Greenville and reached the runner-up spot in the district play-offs. The girls continued their domination, athletically, over their county rivals by winning the soft-ball title for the fifth year in a row and by tying Dexter for the basketball championship this winter.

In dramatics and in speaking our students have excelled. They are a tribute to themselves and their coaches Miss Brown and Mr. McGorrill. The band, under the direction of Mr. Noyes has added greatly to our activities, especially at the football and basketball games.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft, I express my thanks for your loyal co-operation and assistance in the educational needs of Foxcroft Academy. Your continued interest in our programs is solicited and welcomed. We cordially invite your visitation at all times that you may thoroughly understand and assist us in our mutual efforts of educating the youth of this community.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of the Town of Dover-Foxcroft:

TOTAL ENROLLMENT

647

The total elementary school enrollment is approximately the same as it was last year at this time—647 this year and 654 last year. In September of 1953 there were 100 pupils in the entering class. This number is 28 smaller than the record class of 1952 but is still about 30 larger than normal. Because of these two large grades, it was necessary to hire an additional teacher last summer.

There are three new teachers in the elementary school's this year. Miss Alvaeda Wilson of Guilford is teaching at East Dover, Mrs. Velma Smith at North Street and Mrs. Beatrice Gellerson at Mayo Street. Mrs. Joan Copp is completing work for her degree at the University of Maine this year. Mrs. Shirley Mishner of Milo was hired to fill her position and taught until Christmas. Mrs. Gellerson was hired to finish the year for her.

It is quite probable that one grade will be moved from North Street to Mayo Street next September. North Street is filled to capacity. Mayo Street houses four divisions this year and, as one third grade position will be eliminated next year, will house only three there. By moving one division to Mayo Street an activity room at North Street would be made available. Pleasant Street is full with six divisions. The grammar school at present is not filled but will be when the large classes come along. There are thirteen pupils at East Dover and I expect the enrollment there will continue to decrease. We will not be cramped for space for many years to come.

The lower grade teachers, Sub-primary-3 are at present working on a project which when completed will familiarize the parents of their pupils with the objectives and curricula of these grades. In many instances parents do not know what their children may be expected to learn in these lower grades. No course of study for this group can be strictly adhered to because of the vast range of individual differences and capabilities; nevertheless, as a result of this work, all parents may learn what the desired outcomes of these grades are.

In September, 1954, the State Minimum Salary Law will go into effect. Under this law every town must pay at least the following salaries:

Experience years' training	Less than 3	3 years' training	B. A. Degree	M. A. Degree
0	1,600	2,000	2,400	2,400
1	1,700	2,100	2,500	2,500
2	1,800	2,200	2,600	2,600
3	1,900	2,300	2,700	2,700
4		2,400	2,800	2,800
5			2,900	2,900
6			3,000	3,000
7			3,100	3,100
8			3,200	3,200
9				3,300
10				3,400
11				3,500
12				3,600

No salary law is perfect and this one is no exception. It is of no help to the majority of teachers with many years of experience who do not have a degree. Furthermore, it will be considered by some towns as a maximum rather than a minimum. However, it will be an aid in recruiting new teachers because it will at least guarantee them a minimum salary.

The School Lunch Program is servicing about all the pupils that can be handled with the facilities available. During the last year 32,834 student meals were served—2,055 of which were free. In addition, 17,368

bottles of milk were served at recesses.

Last summer the rooms at North Street were re-decorated. We had neither the time nor money to finish the corridors but they will be completed next summer. New steps were built and others repaired at both the North and Pleasant Street buildings. All of the schoolrooms were cleaned and all windows washed on both sides. The floors at the North and Pleasant Street buildings were washed and bleached. In addition, all outside playground equipment was repaired and painted. The stokers and boilers were cleaned and repaired and old firebrick replaced where needed. There are enough repairs and maintenance jobs of this kind recurring each summer to keep our full-time janitors busy during the summer vacation.

The following budget has been approved by both the Superintending School Committee and Town Budget Committee.

RECOMMENDED TO RAISE

School Maintenance	\$ 64,593.73
High School Tuition	47,729.00
General Administration	4,316.59
Repairs and Replacement	2,000.00
Non-Instructional Equipment	950.00
Instructional Equipment	400.00
Insurance	1,698.13
School Physician	250.00
School Lunch	345.01
Interest on School Land Fund	156.14
Physically Handicapped Program	441.40

Total Recommended to Raise	\$122,880.00
-------------------------------	--------------

Respectfully submitted,

FREDERICK L. MOSSLER
Superintendent of Schools

REPORT OF SUPERVISOR OF MUSIC

To: Frederick L. Mossler, Superintendent of Schools:

I have been using a schedule similar to the one used by the previous supervisor, Mr. Piccolo. I visit all classes weekly with the exception of the first and second grades. These classes are visited once every third week. The method that I am using is the developmental approach to music reading. This begins in the last half of the year in the first grade, and this program has met with the unanimous approval of the teachers.

The pre-instrumental (song-flutes) program in the fourth grades is in full swing. The instrumental classes are being held with each interested student from the fifth grade through the eighth grade receiving weekly class instruction.

At the Grammar School, I have two choruses and the orchestra. The latter group is small—due to the loss of many members through graduation.

The musical organizations at Foxcroft Academy are functioning with increased membership in each group. The band made its first appearance of the 1953-1954 school year at the second football game. Since then, the members of the band have provided music for the Senior Play as well as all home football and basketball games.

The orchestra is preparing for either or both the Eastern Maine and the Penquis League Festivals. Twenty members of the mixed chorus will be chosen to participate in the Penquis League Composite Chorus at Milo in May.

Sincerely,

RICHARD W. NOYES

DOVER-FOXCROFT SCHOOL DISTRICT
1953

Fifth Annual Report of Trustees

To the Municipal Officers of the Town of
Dover-Foxcroft:

During the year no condition of the District property requiring direct action on the part of the Trustees has come to our attention. The property of the District, which is being maintained by the Superintending School Committee under regular school appropriations, is all in usable condition.

The report of the auditor which is presented herewith sets forth the financial transactions of the District for the fiscal year 1953, and shows a bonded indebtedness outstanding of \$132,000.00 and a cash balance on hand at the end of the year of \$10,524.59. We roughly estimate expenditure of this balance as follows:

Bonds Payable, May 1, 1954	\$ 7,000.00
Interest Payable, May and Nov., 1954	2,595.00
Salaries, Reserve, and Miscellaneous	929.59
	<hr/>
	\$10,524.59

Respectfully submitted,

GEORGE W. WARREN
PHILIP E. WASHBURN
WILLIAM G. GLOVER
STUART E. HAYES
PAUL J. PERIN
Trustees, Dover-Foxcroft
School District

REPORT OF THE SCHOOL PHYSICIAN

To Frederick L. Mossler, Superintendent of Schools:

It is with a great deal of pleasure that I have observed a marked improvement in the general health of the average school child this year as compared with last year. The parents are indeed more cognizant of disease treatment and prevention.

For the past two consecutive years every school student has been examined and where necessary referred to the family physician or a clinic for evaluation or treatment.

Elementary students were scanned at the beginning of the school year and after vacations for possible contact of infectious diseases.

With parental permission all students will be offered the immunization series or booster as well as the smallpox vaccine.

I am very grateful to the school principals and teachers and to Mrs. Eileen Bonsey for their help and assistance in the pursuance of my duties.

PAUL D. TAYLOR, D.O.

ANNUAL REPORT OF
PUBLIC HEALTH NURSING
DOVER-FOXCROFT—1953

The public health nurse is one of the few health workers whose specialty is the family unit itself. For this reason she can contribute toward the prevention of disease and the health supervision and guidance of the family. During the past year your public health nurse has made periodic visits to your town for this purpose.

Home visits were made to expectant mothers, post-partums, infants, preschool children and morbidity cases.

Special emphasis was placed on the need for regular medical supervision, prevention and control of communicable diseases, importance of early immunization against diphtheria, whooping cough, tetanus and smallpox, need for a well balanced diet, and care of teeth. Observations were made to detect abnormal symptoms and danger signals and to give needed guidance and instruction whenever needed.

There is need of dental corrections and tonsillectomies among the preschool age group which have been recommended by family doctors. Lack of funds in many cases prevent these corrections being made.

Certain types of aid can be offered through the services of the State Cardiac, Pediatric, Crippled Children, Mental Hygiene, Speech and Hard of Hearing Clinics to children under twenty-one years of age when referred by their family doctor.

A series of four child health conferences, sponsored by the V.F.W. Auxiliary, was held during the summer with a total attendance of one-hundred nine infant and preschool children. Local doctors gave sixty-seven physical examinations. There were twenty-eight children vaccinated against smallpox and forty-two immunized against diphtheria, whooping cough, and tetanus.

The Piscataquis County Home Demonstration

Agent visited one child health conference and held individual conferences with mothers, giving them an opportunity to discuss their nutritional problems and receive professional advice. For those children who entered school for the first time and who attended these conferences, a report has been sent to the Superintendent of Schools and the necessary cases transferred to the school nurse for follow-up visits. Although we have made some progress, the importance of early immunization must continue to be emphasized since it is in this very young age group that communicable diseases are most prevalent.

There is still a need for a more active Health Council supported by all civic leaders and organizations so that more effective health work could be accomplished.

Assistance given by local individuals and groups in the Public Health Nursing Program this past year has been greatly appreciated. By keeping your nurse informed of any health needs that may arise a more adequate public health nursing service can be given to the community. Any messages may be left at the District Health Office.

Respectfully submitted,

RUTH M. CHOATE, R.N.
Public Health Nurse

**PISCATAQUIS COUNTY TUBERCULOSIS
& HEALTH ASSOCIATION**

To the citizens and selectmen of Dover-Foxcroft:

I hereby present my annual report for the period of Jan. 1—Dec. 31, 1953.

School Health

An adequate school health program depends on the cooperation of all the guiding forces that enter into the life of the child. And like any program, more can be accomplished with a plan that coordinates the aims and the desired results—using all the facilities that are available. No goal can be reached until a goal has been set.

A recent national survey revealed some rather startling facts about the health of the American school child.

In spite of the fact that the United States has the highest standard of living in the world today, one out of four school age children is suffering from malnutrition.

The survey showed that 74% of the school age children have dental defects that need correction.

A child with defective vision can not be expected to read as readily as one who has normal vision, yet 30% of the American school children have defective vision.

The implication of all these figures is simply this—a family can not assume a child to be in perfect health just because he is not sick. Regular examinations are important in uncovering remedial defects before they interfere with progress of the child in school. Follow-up by parents as suggested by the teachers, physician, and school nurse will help to improve the health of the school child.

During this past year, your school nurse has assisted Dr. Taylor with his examination of the students. Cards have been sent to parents when defects were found. The hearing of the students at the grammar school, and Foxcroft Academy was tested with an

audiometer. Parents were notified if a child was found to have a hearing loss. Home visits have been made at the requests of the teachers, Mr. Mossler, the physicians, and parents. Also when the need has been indicated.

Immunizations against whooping cough, diphtheria, and tetanus and smallpox vaccinations have been offered. Many of the children in town have been referred to the Pediatric, Cardiac or Crippled Childrens Clinic. Transportation to these clinics has been furnished by the nurse if none other was available.

Tuberculosis Control

There is no simple solution to the tuberculosis problem. The disease, because of its infectiousness, its prevalence, its long duration, its symptomless onset, its tendency to recur though once arrested is one of the most complex and costly public health problems. The tuberculosis association is an educational agency. We try to educate the public that tuberculosis is communicable but curable.

We must convey the importance of finding and treating tuberculosis early. If we fail to do this then much of the gain in improved methods of treatment is of no avail. Remember—it is the unknown case that spreads the disease. Your public health nurse, working in cooperation with the Division of Tuberculosis Control, and the physicians in this area, is making every effort to find those unknown cases, to get under treatment those infected and to return to normal life those who have recovered.

Your continued cooperation will help to eradicate this dread disease.

I want to thank all who have helped during this past year. This service is available always in helping to solve your health problems.

Respectfully submitted,

EILEEN BONSEY, R.N.
Piscataquis County Tuberculosis
and Health Association

ANNUAL WARRANT

To Laurence A. Peabody, a Constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, or any other Constable of said Town.

GREETING:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of the Town of Dover-Foxcroft in said County and State, Qualified by Law to vote in Town affairs, to meet at Central Hall in said Town, on Monday the eighth day of March, A.D., 1954, at ten o'clock in the forenoon to elect a moderator to preside at said meeting and for the election of all town officers for the ensuing year as are required by Law to be chosen by secret ballot, and to vote on the following question: "Shall 'An Act relating to number of Selectmen of Town of Dover-Foxcroft,' passed by the 96th Legislature, be accepted?", and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1 To act upon the report of the town officers as printed.

Art. 2 To see if the town will vote to raise and appropriate a sum of money for the administration of town affairs during the ensuing year, as follows:

- A. Town Manager 5500
- B. Town Office 4400
- C. General Government 2800
- D. Elections 460
- E. Clerk and Treasurer 460
- F. Central Hall 3500

Art. 3 To see if the town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

- A. Police Department 5600

- B. Street Lights 3737.00
- C. Fire Protection 1100

Art. 4 To see if the town will vote to raise and appropriate a sum of money for health and sanitation services, as follows:

- A. Public Dump 1500
- B. Sewer Maintenance 700
- C. Sewer Construction
- D. Board of Health and Vital Statistics 400
- E. Public Health Nurse 700
- F. Mayo Memorial Hospital

Art. 5 To see if the town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways, and bridges, as follows:

- A. Highways General 15500
- B. Snow Removal 17000
- C. Surface Treatment 6000
- D. Sidewalk Construction 1000
- E. Street Cleaning 1200
- F. State Aid Construction 5332
- G. Snow Fence Purchase

Art. 6 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor 12500
- B. Aid to Dependent Children 3100

Art. 7 To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

- A. Common Schools 64593
- B. High School Tuition 47492
- C. General Administration 4365
- D. Repairs and Replacement 2000
- E. Non-instructional Equipment 1500
- F. Instructional Equipment 400
- G. Insurance 50675

ANNUAL REPORT

- H. School Physician 250,
- I. School Lunch 344.21
- J. Interest on School Fund 11482
- K. Physically Handicapped 344

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

- A. General Care 1675
- B. Veterans' Graves 300

Art. 9 To see if the town will vote to raise and appropriate a sum of money for the following accounts:

- A. Thompson Free Library 3270
- B. Agriculture Clubs 75
- C. Maine Publicity Bureau 200
- D. Memorial Day Observance 125
- E. Tax Abatements 500
- F. Fairgrounds 150
- G. General Insurance 3250
- H. Civil Defense, Public Safety 100
- I. Social Security 900
- J. Sebec Lake Beach Property 550

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

- A. Interest on Temporary Loans 200
- B. Interest on Bonded Indebtedness 425
- C. Retirement of Bonded Indebtedness 2000
- D. Retirement of Foxcroft Academy Note 5000
- E. Retirement of Highway Building Note 3000

Art. 11 To see if the town will vote to authorize the selectmen and treasurer to procure a temporary loan or loans in anticipation of tax collection during the ensuing year, in accordance with the provisions of Section 96, Chapter 80, Revised Statutes of Maine, as amended.

Art. 12 To see if the town will authorize the

School Committee to make arrangements with the Trustees of Foxcroft Academy for Tuition for its High School Scholars.

Art. 13 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for the non-payment of taxes, or by mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the town.

Art. 14 To see what action the town will take respecting a survey of the real estate in the Town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 15 To see if the town will vote to raise and appropriate the sum of \$500.00 to be used by the Chamber of Commerce to help promote the Industrial Development of Dover-Foxcroft.

Art. 16 To see if the town will vote to raise and appropriate the sum of \$500.00 to purchase fireworks for the Annual 4th of July Celebration sponsored by the Veterans of Foreign Wars.

Art. 17 To see if the town will vote to raise and appropriate the sum of \$500.00, the same to be set aside and ear-marked as a fund to be ultimately used for the reconstruction of the Lincoln Street sewer, which extends along Railroad Avenue to Piscataquis River via Lincoln Street.

Art. 18 To see if the town will vote to authorize the Selectmen to purchase for the town, from C. Ford Dyer, the northwest portion of the Bassett and Lander Cemetery, as shown on plan of Wm. P. Oakes recorded in Piscataquis Registry of Deeds, Plan Book 2, page 35, whose approximate bounds shall be north by Vaughn Street, east and south by driveways, and west by the Poole Cemetery or land formerly of S. O.

Brown; and to raise and appropriate money therefor.

Art. 19 To see if the town will vote to install a street light on Lawrence Street and one on Autumn Avenue.

Art. 20 To see if the town will vote to authorize the Selectmen to sell and dispose of the old Foxcroft Academy property (land and buildings), for such price and on such terms as they deem advisable, and to execute the proper instruments of conveyance on behalf of the town.

Art. 21 To see if the town will vote to authorize the Dover and Foxcroft Water District to add Fluoride to the Public Water Supply, under the rules and regulations of the State of Maine, Department of Health and Welfare.

Art. 22 To hear and receive the following report of the Selectmen, relative to the laying out of a town way in said town over a part of Danforth Road and a part of Morton Avenue:

The Selectmen of said town, upon application of Harriette H. Crockett, Arthur C. Crockett, Marion G. Rollins and 32 others, to lay out a town way in that part of said town which was formerly Foxcroft, for the use of said town, to wit, a street called Danforth Road which extends westerly from Harrison Avenue, near the residence of Harriette H. Crockett, to a northerly continuation of Morton Avenue; and that part of said Morton Avenue which extends northerly from Autumn Avenue to said Danforth road; having given several days' written notice of our intentions to lay out the same, and in said notice having described said way and stated the termini thereof, by posting said notice in 2 public places in said town and in the vicinity of the proposed way, to wit, at the County Court House, at Central Hall, and on a pole near said Danforth Road on said Harrison

Avenue, on the 5th day of February, 1954; and having met at the time and place appointed for that purpose, to wit, on the 18th day of February, 1954 at our office in said town at 7:30 o'clock in the afternoon; and having personally examined the route proposed, are of the opinion that there is occasion for a new town way for the use of said town as proposed. We therefore lay out said way as follows:

Beginning at the intersection of the westerly line of said Harrison Avenue with the southerly line of said Danforth Road, thence westerly on the southerly line of said Danforth Road about 16 rods to its intersection with a northerly continuation of the easterly line of said Morton Avenue, thence southerly on said easterly line about 20 rods to its intersection with Autumn Avenue; the lines above described to be the southerly line of said Danforth Road and the easterly line of said Morton Avenue, and the way to be 3 rods wide, all as delineated on plans of said area recorded in Piscataquis Registry of Deeds.

The said way having been previously dedicated to the use of the public, and the several owners of the lands over which said way passes having made no claim therefor, we award no damages by reason of the laying out of said way.

Such laying out, with the boundaries and admeasurements, has been filed with the town clerk on the 24th day of February, 1954, being seven days before this meeting; and we now hereby report such laying out, with the boundaries and admeasurements of the same to said town, for the inhabitants of said town to accept the same.

Art. 23 To see if the town will accept the town way as laid out by the Selectmen and described in the foregoing article.

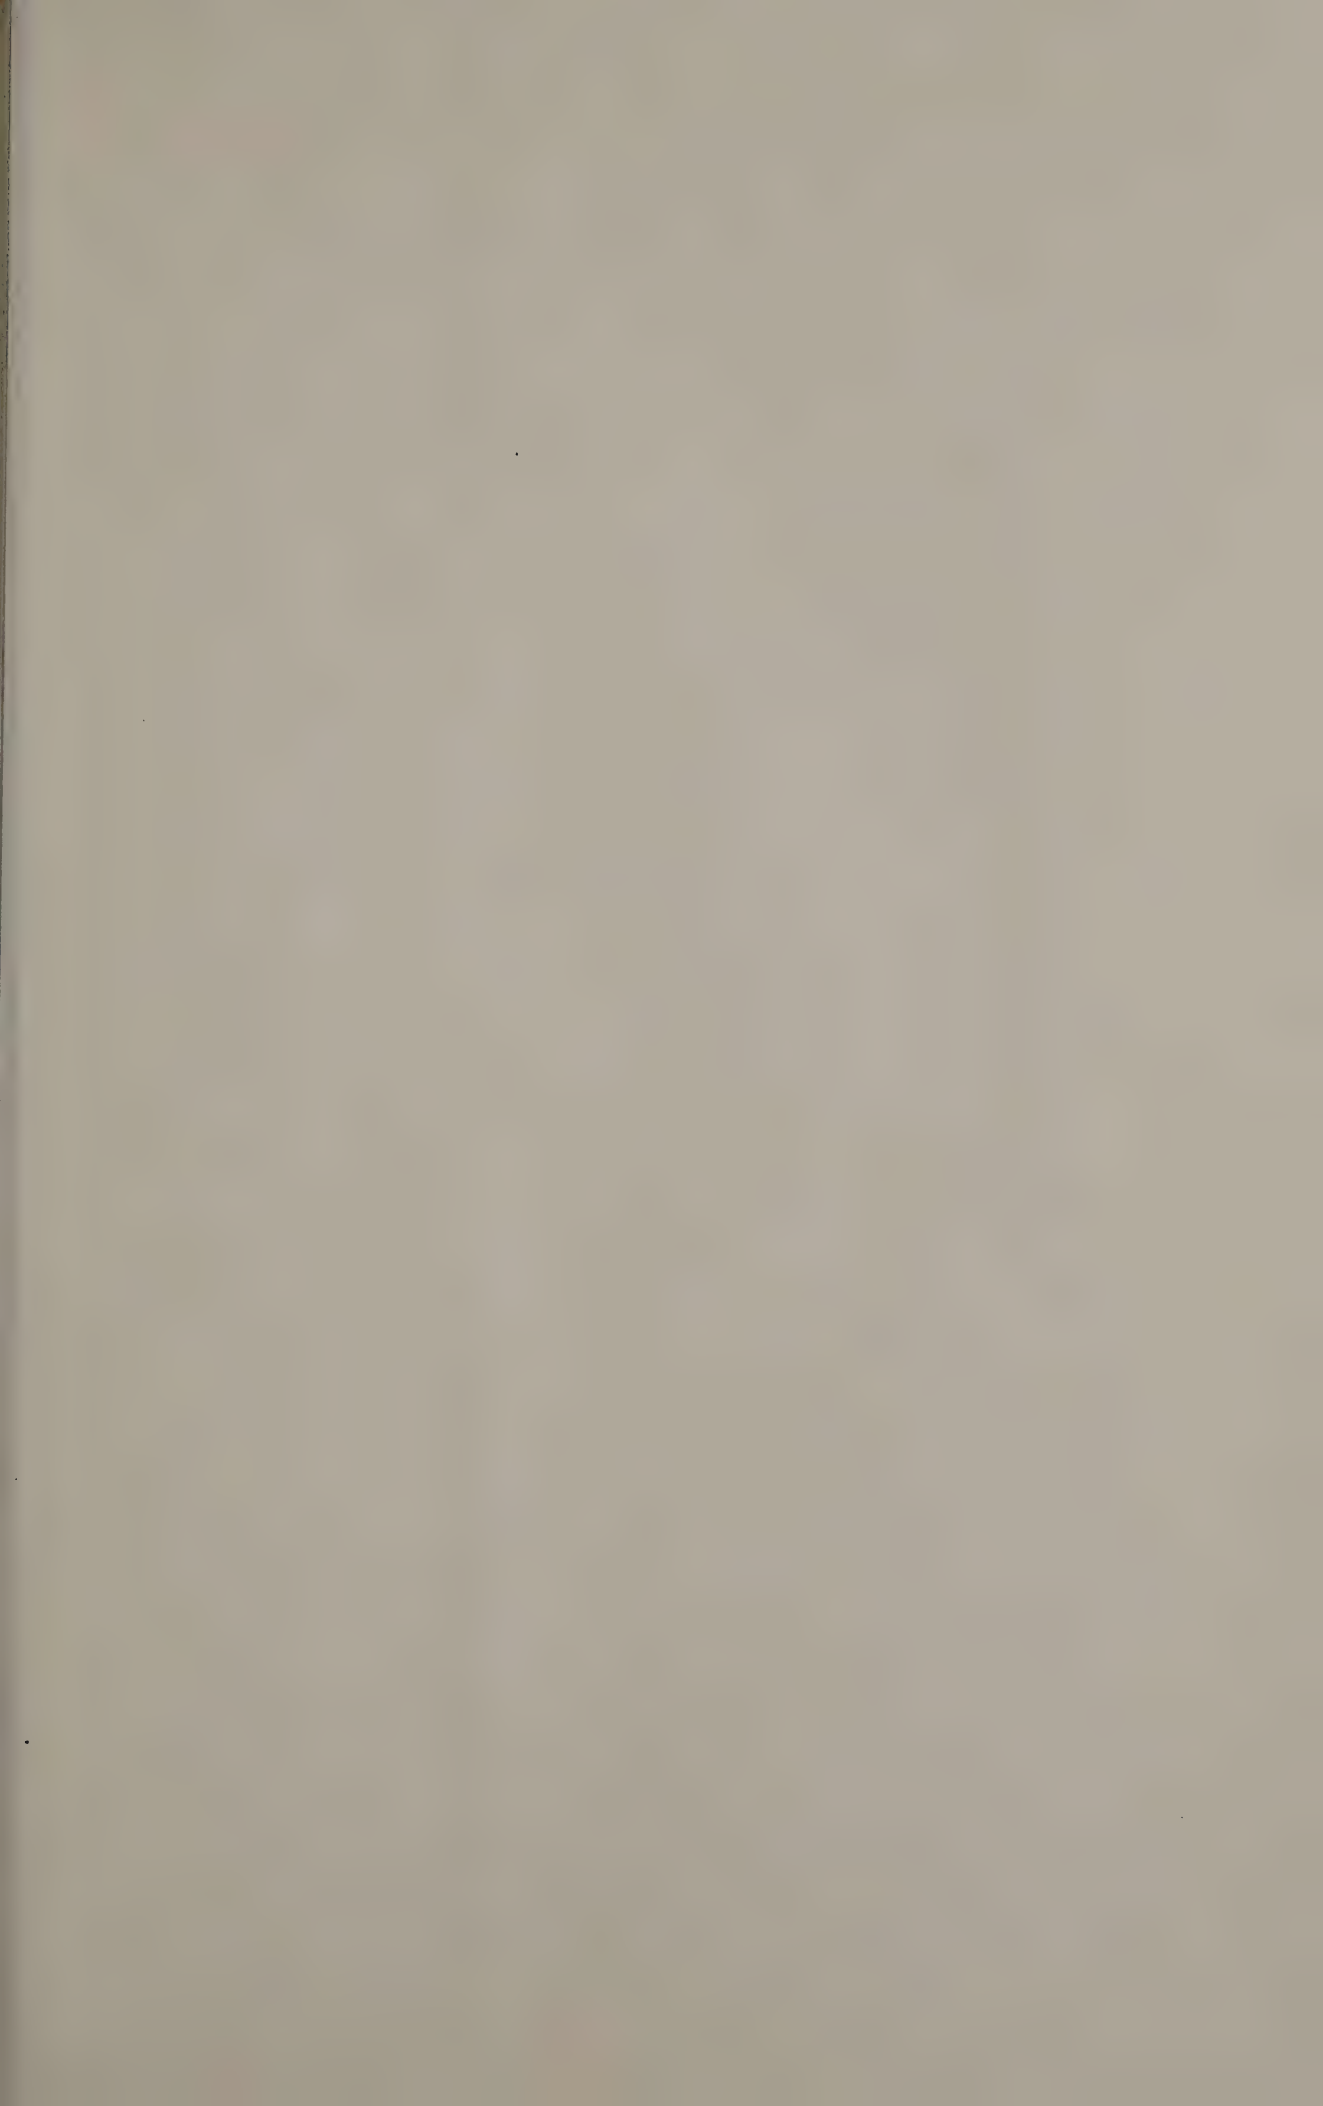

Art. 24 To see what sum of money the town will

vote to raise and appropriate for the construction and improvement of said way.

The Selectmen hereby give notice that the polls for the election of Town Officers as are required to be chosen by secret ballot, and on the foregoing referendum question, will remain open from ten o'clock in the forenoon until six o'clock in the afternoon when they will be closed; and that the said Selectmen will be in session at their office in said Central Hall Building at ten o'clock in the forenoon on the fourth, fifth and sixth days of March, A.D., 1954, to receive applications of persons claiming a right to vote and at ten o'clock in the morning of the day of said election to hear and decide upon the applications of such persons, until the election of Town Officers required by Law to be elected by ballot has been completed.

Given under our hands, this twenty-fourth day of February, A. D., 1954.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

AUDITOR'S REPORT

February 28, 1955

Board of Selectmen
Town of Dover-Foxcroft, Maine

Gentlemen:

In accordance with our agreement, we have audited the accounting records of the Town of Dover-Foxcroft for the year ended January 31, 1955. Our examination followed the generally accepted auditing procedure.

Cash in the various accounts, with the exception of change funds held by the Mayo Memorial Hospital, School Department and the Warren Home, has been verified.

The 1954 assessment of property and poll taxes has been proved and compared with commitment to the collector. Copies of excise tax receipts numbered 5265 to 6855 inclusive for 1954 and numbered 1 to 5282 inclusive for 1955 have been checked by addition and the amounts compared with those remitted to the treasurer.

Unmatured tax liens have been checked; all matured tax liens including subsequent assessments have been transferred to the tax acquired property account.

Accounts receivable consists of current year expenditures for which reimbursement should be made.

Municipal indebtedness has been retired in accordance with requirements.

Trust fund records have been well maintained; balances in principal and income are in agreement with resources as reflected on Exhibit B.

Large overdrafts occurred in the town poor account, snow removal, insurance and hurricane damage; these overdrafts appear to be unavoidable.

We did not make a detailed audit; however, all

accounts were analyzed to the extent considered necessary.

In our opinion, the accompanying Exhibits and Schedules fairly present the financial condition of the Town as of January 31, 1955.

Respectfully submitted,

L. C. NEAL,
Public Accountant

Your hospital has continued to make progress, both in its physical plant and in the rendering of increased service to the townspeople.

During the past year, an additional hot water heater was installed in order to provide a separate supply for the kitchen. The corridors of the maternity wing were painted and a new twenty year roof was also added. A new bed pan sterilizer has been added to our equipment, and through the courtesy of the State Department of Health, a considerable amount of used but very serviceable equipment has been acquired. This includes operating tables, beds, cabinets, etc. We will now be able to have a few hospital beds available at a reasonable rental.

A sound system has been installed this past month which promises to greatly facilitate the workings of the office and nursing staff.

The nurses are purchasing a television set for their recreation room and have received a number of welcome donations for which they are grateful.

From the standpoint of services, there has been an increase of 20% in admissions and patients treated. The X-Ray service inaugurated last year has made better local care possible, at least one student has been present all year assisting our regular technician.

Regular monthly meetings of the trustees have been held and as in the past, their cooperation and assistance have made possible the advances of the past year. To them, the entire Hospital Staff, the Medical Staff, and all others who have served the hospital in

any way, I wish to express my thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R. N.

Superintendent

Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

Between February 1, 1954 and February 1, 1955, a total of 26,148 books and periodicals were loaned by the Thompson Free Library. Of these, about 70% were fiction.

New books received this year were:

Fiction	280	Non-fiction	209	Total	489
Adult	182		173		355
Juvenile	98		36		134

Major book purchases include the Revised Statutes of Maine, a ten volume set of the Book of Popular Science and a Webster International Dictionary in 5 volumes.

Gifts were received from Wendall Peabody, Mrs. Thorndyke Chase, Dr. Stitham, Miss Isabel Buck, A. T. Gellerson, Baptist Convention of Maine, Mrs. E. A. Glover and Mrs. M. A. Sanborn.

The library subscribes to 44 adult magazines and six juveniles and has five daily and two weekly newspapers.

At the present time, there are 1,547 borrower cards issued, 1,090 adult and 457 juvenile. This does not include visitor cards issued to summer residents and Charleston Hill personnel.

Several major improvements have been made on the building, the outside trim was repainted and larger globes installed on the entrance lights. Inside, a new bulletin board was added and the old clock replaced by an electric one. By far the most important change was the formation of a children's corner by partially enclosing one end of a reading room with a long bookcase. Here, with their table and chairs, the children enjoy a certain degree of privacy under supervision. This also released room to expand the crowded Maine section of the library.

During the summer, a reading club was formed for the fourth and fifth grades. Between Book Week and Christmas, five story hours were held with Mrs.

A. T. Gellerson as volunteer narrator. The attendance was between forty and fifty.

Flowers were again furnished by the Community Garden Club during the summer and plants have been donated for the winter.

ANNIE F. LINN, Librarian

REPORT OF TOWN CLERK

Sec. 4, R. S. C. 22, 388, amended. Section 388 of chapter 22 of the revised statutes is hereby amended to read as follows:

'Sec. 388. CLERK'S RECORD OR CERTIFIED COPY, PRIMA FACIE EVIDENCE. THE STATE REGISTRAR AND THE CLERK OF A MUNICIPALITY SHALL NOT PERMIT INSPECTION OF THE RECORDS OF BIRTH, MARRIAGE AND DEATH; MARRIAGE INTENTIONS EXCEPTED, OR ISSUE OF A CERTIFIED COPY OF A CERTIFICATE RELATING THERETO, OR TO PARTS THERETO, UNLESS HE IS SATISFIED THAT THE APPLICANT THEREFOR HAS A DIRECT AND TANGIBLE INTEREST IN THE MATTER RECORDED, THE DECISION OF THE STATE REGISTRAR OR THE CLERK OF A MUNICIPALITY BEING SUBJECT HOWEVER, TO REVIEW BY THE SUPERIOR COURT, OR ANY JUSTICE THEREOF IN VACATION, UNDER THE LIMITATIONS OF THIS CHAPTER. The city and town clerks shall, upon request, supply to any SUCH QUALIFIED applicant a certified copy of the record on any birth, marriage, or death registered under the provisions of this chapter, upon the payment of a fee of 50c, to be paid by the applicant in advance. For any search of the files and records, where no certified copy is made, the fee shall be 50c for each hour or fractional part of the hour for time of search, said fee to be paid by the applicant in advance. The CITY OR town clerk's record of any birth, marriage, or death, or a duly certified copy thereof, shall be prima facie evidence of such birth, marriage, or death in any judicial proceeding.'

Harold C. Campbell, Janitor — retired Dec. 15, 1954

Percy G. Cole, Janitor

Roland M. Zwicker, Janitor

Grace M. Chase, Secretary to Principal

Foxcroft Academy opened the 1954-1955 school year with an enrollment of 233 students and a staff of twelve full time teachers. The student enrollment showed an increase of six students over last year's initial figure, a fact that was rather surprising in view of the over-all economic condition of the area. If the town of Dover-Foxcroft maintains its status-quo, we should begin feeling the enlarged classes that have been prevalent in the elementary grades within the next few years. Because the growth factor was considered in the original plan of this building, we should not be faced with an over crowded condition. With no difficulty, we can accommodate 350 students under our present arrangement and when we are able to add a gymnasium to care for physical education classes, we will be able to free one or two extra classrooms if the need should arise.

We have been extremely fortunate in being able to maintain much the same teaching staff again this year. No school can successfully maintain good educational standards if it is faced with the problem of continuous changes in personnel. Foxcroft Academy is indeed fortunate in having a corps of teachers whose main interest is the educational progress of our young people both as students and as citizens. It is a pleasure to work with them. We had one change in the faculty for 1954-1955. Mr. Milton McGorrill resigned in June to enter business in Rangeley, Maine. Mr. Raymond Wallace was hired to fill the science and math position and Mr. Lary was shifted to fill the position vacated by Mr. McGorrill. Mr. Wallace, a graduate of the University of Maine, taught the two previous years at Madison High School.

In December, Mr. Campbell retired as janitor after serving the Academy faithfully and well for twenty-

three years. The student body, faculty and everyone who has ever been connected with the school will want to join me in wishing him the very best in his retirement. Mr. Percy Cole has been hired to fill this position.

No major building projects have been undertaken during the past year. During the summer months, the kitchen, the cafeteria and the agriculture-forestry classrooms were given a coat of paint. This program should be continued each year in order to keep the building in top flight condition. This fall, the Mocutoc Club presented the Academy with the remaining chairs to complete the furnishing of the Student Council room. To date, they have provided a fine oak table, twelve captain's chairs, two handsome upholstered chairs, and draperies to give the students a room for organizational meetings that is both attractive and utilitarian. This room and the library continue to be the most useful and popular rooms in school.

Again I want to thank the alumni and friends of Foxcroft Academy for their munificence; their generosity and solicitude toward our teen age children will return more dividends than you will ever know. There is no greater investment than in tomorrow's citizens, for unless we are considerate of the overall mental and moral development of youth's needs and problems, our civilization will fail to function.

Our athletic and extra-curricula programs have been relatively successful throughout 1954-1955. In the spring of 1954, the Academy baseball team brought the town outstanding honor when it won the eastern state championship for "M" schools. This team is perhaps the best to represent the school from the standpoint of wins and losses in many years. The football team, after losing to Dexter in the opening game, went on to win the next six straight for an overall season of six wins against one loss. All of the teams reflected the outstanding coaching that we have been receiving under Mr. White in baseball and Mr. Butterfield in football and basketball. In basketball, the boys have not won too many games but in the games lost, the margin has been only a basket or two. This team is inexperienced,

having but two players who previously have had varsity experience.

For the first time, all home games have been played at the new grammar school gymnasium. This hall, while not allowing too great a seating capacity for the spectators, does give the boys an excellent playing floor and an equal chance with their opponents who play all their games on courts much superior to the one at Central Hall. We were confronted this fall with moving from Central Hall or curtailing our schedule of games to county teams only. We greatly appreciate the generosity of the trustees of the school district and the school committee for granting us this privilege until the time that the new Foxcroft Academy gym becomes a reality. We also realize that Mr. Hewes has been more than kind in re-arranging his program and schedule so that the Academy team may have this opportunity. To him, we express our thanks.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy and to the parents and citizens of Dover-Foxcroft, I express my thanks for your loyal co-operation and assistance in the educational needs of Foxcroft Academy. Your continued interest in our program is solicited and welcomed. We cordially invite your visitation at all times that you may thoroughly understand and assist us in our mutual efforts of educating the youth of this community.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of the Town of Dover-Foxcroft:

I hereby submit my annual report of the schools:

Statistics

School and Teacher	Grade	Jan. 1955 Enrollment

Grade 3	51
Grade 4	63
Grade 5	76
Grade 6	65
Grade 7	67
Grade 8	56
<hr/>	
TOTAL	688

The enrollment in the elementary schools is steadily increasing, and if it continues at the present rate, more classrooms will be needed by the fall of 1956. There are 41 more pupils in school than there were last year at this time. Furthermore, there is every indication that there will be an additional number next fall as there are 56 in the eighth grade and 85 who have indicated that they will enter in September.

It is embarrassing to make a prediction one year and have to revise one's estimate the next. However, with so many indeterminate factors to be considered, it is difficult to know exactly what will happen a few years hence.

Last year I felt that we might not be cramped for space for some years to come. After sending questionnaires to all parents and reviewing the birth records of the town, plans were made for 83 pupils entering the sub-primary grade. Considering the mill situation, it was estimated that this number might decrease by the fall of 1954. However, this was not the case and 105 pupils registered on the opening day of school.

This unexpected increase made it necessary to hire an additional teacher and to use one of the vacant rooms. Fortunately, Mrs. Marion Van Aken decided to resign from the Superintending School Committee and was hired to teach the extra division.

At present there are three rooms in the system

(not counting East Dover) that are not used as classrooms—one at Mayo Street and two in the Grammar School. Next fall it will be necessary to use two of these because we must hire two additional third grade teachers. The present third grade has 51 pupils enrolled and the second grade 111. These divisions of Grade Three will be housed in the Mayo Street building and one division of Grade Five must be transferred to the Grammar School. This will leave only one vacant room in the whole system if it can be assumed that the sub-primary enrollment follows the pattern of last year.

There are eighty-five beginners now enrolled for next fall. I am unable to determine how many of these and | or how many more—as last year—will appear when school opens but am assuming there will be enough more to warrant four divisions of this grade.

The school at East Dover is closed and the pupils from that area are being transported to the village schools. This decision was made at the request of the parents of the East Dover children. These boys and girls have adjusted easily to the village system and as near as can be determined, everyone is satisfied with the change.

The problem of space will not be solved by returning these pupils to East Dover, as there are only eleven involved, and they average less than two per grade.

During the past summer, rooms at both Pleasant and North Street were redecorated and floors refinished. One of the plaster ceilings at North Street was replaced with celotex and all of the corridors in this building painted. By the end of next summer, all rooms and corridors in these buildings will have been recently redecorated. Also the Pleasant Street School is to be painted, new toilet facilities installed in Mayo Street, a new bell system in North Street and the gymnasium painted at the Grammar School. In addition, the annual maintenance of boilers and stokers, windows washed, desk tops refinished, shelters and playground equipment repaired and many other

minor repairs will be completed.

A large percentage of the teachers are continuing their education and working for degrees. Mrs. Dorothy Clark has recently received her B.S. degree. In all probability, three others will receive degrees during the summer. This is an excellent example of the professional growth of the faculty as a whole. It is not easy to teach during the year and then enroll in some school or college for the summer months.

The school lunch is an important and popular phase of the total program. It is unfortunate that all who would like to participate cannot be accommodated. Currently, 265 children are being fed which is the largest number that our present facilities will handle.

Recently the Superintending School Committee adopted a salary schedule which will eventually raise the salaries of our teachers to a figure comparable to those paid in other towns similar to ours.

The average salary of our elementary teachers is \$2,407. The average of all our teachers is \$2,756. The average salaries throughout the state is \$2,900. When we compare the salaries paid our teachers with those paid in surrounding towns, it becomes more evident that something had to be done.

Town	Number of Teachers	Average Salary
Orono	32	\$3,308
Madison	40	3,174
Guilford	26	2,940
Pittsfield	39	2,935
Dexter	40	2,902
Greenville	22	2,854
Dover-Foxcroft	37	2,756
Milo	34	2,565

The following budget has been approved by both the Superintending School Committee and Town Budget Committee:

TOWN OF DOVER-FOXCROFT

61

Recommended to Raise

School Maintenance	\$ 71,319.00
High School Tuition	47,674.00
Repairs and Equipment	4,760.00
School Lunch	355.00
Physically Handicapped Program	815.00

Total Recommended	
to Raise	\$124,923.00

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

REPORT OF SUPERVISOR OF MUSIC

To: Frederick L. Mossler Superintendent of Schools:

It is with a feeling of satisfaction, that I report to you this year of the noticeable results in my program of the developmental approach to music reading. Parents, too, are recognizing that the method is aiding their children visually as well as tonally. The children sing not only by rote, but by actually reading the notes.

As I reported last year, this program has met with the approval of the teachers as well. A second grade teacher noted recently that a certain pupil who had not taken part in the singing (a fact which denotes tone deafness) readily participates in the visual part of the music training. The cooperation of the Teachers has been a great help.

My schedule includes weekly visits to all classes with the exception of the first and second grades. These I go to every second week rather than every third week as in the past.

I am continuing the pre-instrumental (song flutes) program in the third and fourth grades. Instrumental classes are also being held from the fourth grade through the eighth with fifty-six students receiving weekly instruction.

At the Mayo Street School, rehearsals are already in progress on an operetta to be given at a later date.

At the Grammar School we have the chorus, an orchestra, a beginners' group and an advanced group of instrumentalists. The latter, I hope to present to the public as a junior band when they are properly prepared.

At Foxcroft Academy, the organizations include the band, orchestra, mixed chorus and a group of Varsity Singers. This group presented several selections at the Christmas Assembly and at a Kiwanis luncheon in December.

The music groups are preparing for the usual Spring activities. The Penquis Festival is scheduled for

April in Guilford, and the Eastern Maine Music Festival is to be held in Dexter in May. One member of the chorus and one from the band have made application to attend the State Music Festival in South Portland in April.

Respectfully Submitted,

RICHARD W. NOYES

DOVER-FOXCROFT SCHOOL DISTRICT

1954

Sixth Annual Report of Trustees

To the Municipal Officers of the
Town of Dover-Foxcroft:

In accordance with the practice previously established, the Superintending School committee has undertaken the regular maintenance of all the District property, including the new elementary school, and needed repairs and improvements for the most part have been accomplished or budgeted for under regular school appropriations. During the summer, however, the District extended the hardtop surfacing around the Mayo Street school buildings, and last fall paid for needed repairs to the gymnasium. All of the District property is in usable condition, and with the exception of the gymnasium floor, no condition requiring action by the District has come to our attention.

The gymnasium floor has given trouble since 1950, and for several months every year has been unusable for basketball and other school activities. During the coming year we propose to undertake major repairs to this floor, and investigation is in progress as to the means most likely to prevent similar difficulties in the future.

The report of the auditor which is herewith pre-

sented, sets forth the financial transactions of the District for the fiscal year 1954. It shows bonded indebtedness outstanding of \$125,000.00, and a cash balance on hand at the end of the year of \$9,718.64. We roughly estimate expenditure of this balance as follows:

Bonds Payable, May 1, 1955	\$7,000.00
Interest Payable, May and November, 1955	2,455.00
Salaries, Reserve, and Miscellaneous	263.64
	<hr/>
	\$9,718.64

Respectfully submitted,

GEORGE W. WARREN
STUART E. HAYES
PAUL J. PERIN
WILLIAM G. GLOVER
PHILIP E. WASHBURN
Trustees, Dover-Foxcroft
School District

REPORT OF THE SCHOOL PHYSICIAN

To Frederick L. Mossler, Superintendent of Schools:

On the first day of school, with the assistance of the school nurse, Mrs. Eileen Bonsey, an inspection of the school children in all grades was made for evidence of any contagious diseases.

Several cases of scarlet fever were reported early in the school year. The outstanding cooperation between parents and school prevented this outbreak from reaching the epidemic stage.

The yearly examinations have been made and cards sent to the parents of children showing evidence of any physical defects, urging them to consult their family physician. The remainder of the year will be devoted to an immunization program for small pox, diphtheria, tetanus and whooping cough. There is a possibility that serum for immunization against poliomyelitis may be available before the completion of the school year.

An attempt has been made by your school physician and nurse, with complete approval of the Trustees of Foxcroft Academy and School Board, to institute a program of visual education into the health program. Films are procured from the State Board of Education and are highly recommended. To date, two films have been shown meeting with much enthusiasm from the student body.

It is noticeable to me, returning as school physician after an absence of six years, that the number of students has increased greatly, the general school system has improved wonderfully, but the department of health seems to operate in the same old way. I, for one, will consider it a progressive step for the health of our future citizens when we, as a town, will be able to hire a full time nurse for the ever increasing demands of modern care of our school children.

Mrs. Bonsey is to be commended for the remarkable work she is doing in our local school system, considering the fact that she has to act in the same capacity for all the schools in this county.

GEO. FREDERICK NOEL, D. O.
School Physician

**ANNUAL REPORT FOR DOVER-FOXCROFT
JANUARY 1 TO DECEMBER 31, 1954
DIVISION OF PUBLIC HEALTH NURSING**

"Public health is largely a matter of self-help, since to take advantage of the knowledge and the services which are available, personal acceptance and an act of the individual's will are required."

The responsibility of the public health nurse is one of education and guidance. This is done by giving assistance according to the apparent needs, such as interpretation of medical recommendations, advice regarding nutrition and diet, demonstration of home nursing techniques, and informing the parents of communicable disease protection. Also observation is made to detect abnormal symptoms and danger signals.

The Veterans of Foreign Wars Auxiliary held a series of four child health conferences during the summer with a total attendance of ninety children. Local physicians gave fifty-three physical examinations and immunized sixteen children against smallpox and eighteen against diphtheria, whooping cough and tetanus.

The Bear Hill Junior Extension Service sponsored a series of three child health conferences with a total attendance of sixty-seven children. A local physician gave thirty-two physical examinations and immunized five children against smallpox and forty-three against diphtheria, whooping cough and tetanus.

The Piscataquis County Home Demonstration Agent attended one child health conference with each of the above groups and counseled each mother regarding their nutritional problems.

The records of children entering school for the first time, who attended child health conferences, were transferred to your school nurse and Superintendent of Schools.

Clinics sponsored by the Department of Health and Welfare are held regularly for this area in Bangor. These clinics provide opportunity for medical and

orthopedic consultation for children who have been referred by their family doctor.

"Health programs can only be truly effective with the understanding, the support, and the participation of the citizens."

Respectfully submitted,

RUTH M. CHOATE, R.N.
Public Health Nurse

**PISCATAQUIS COUNTY TUBERCULOSIS
& HEALTH ASSOCIATION**

To the citizens and selectmen of Dover-Foxcroft:

I hereby present my annual report for the period of Jan. 1—Dec. 31, 1954:

School Health

The school does not attempt to be a medical center, but rather an educational center with health education an integral part. "A healthy child in a healthy environment" continues to be the goal we all hope to reach for our school children.

A healthy child is not merely one who is not sick, but one who is free from defects that affect his growth and development. A child with a sight or hearing loss, while not necessarily sick, is certainly not at his best socially or education-wise. A regular medical examination is advisable to discover these defects early, but is actually only as valuable as the follow-up done by parents when the defect is reported. The Children's Bureau holds Clinics regularly to assist parents in making these corrections. The family physician, school physician, school nurse and the school personnel are always ready to assist parents to solve the health problems of the school children of Dover-Foxcroft.

The school physician, Dr. Noel, has made the examinations in the schools this year. Movies, obtained through the Department of Education, have been shown to different groups—in conjunction with health education.

Immunizations will be offered in the spring. It is hoped that parents will take advantage of this opportunity to have their children protected against whooping cough, diphtheria, and tetanus, if they have not already done so.

The audiometer will be used in March to test the hearing of the children who are old enough to use the machine.

Home visits are made throughout the years for many varied reasons. Cooperation of the parents with

the school physician, school teachers, and the school nurse will lead to better health for the children of Dover-Foxcroft.

Tuberculosis Control

For years the stress in Tuberculosis Control has been placed on the decreasing death rate from this disease. This was good news and showed progress in our long fight against this disease. Today, however, we dare to hope that tuberculosis may be removed as a cause of sickness, or lost working days, of broken homes. We continue our vigorous search for the unknown cases of tuberculosis, so that we may find the disease while it is easiest and surest to cure, and to prevent the spread of the infection to well people.

Tuberculosis is the major problem in the nation today that is preventable. There is still a long way to go before tuberculosis is beaten.

Maximum results, from the great amount of knowledge gained, can only be obtained if each citizen recognizes and accepts his individual responsibility in cooperating with the physicians, nurses and public officials who are striving to eradicate tuberculosis in our time.

The Piscataquis County Tuberculosis and Health Association is ready to help solve your health problems at all times.

Respectfully submitted,

EILEEN BONSEY, R.N.

Piscataquis County Tuberculosis
and Health Association

ANNUAL WARRANT

To Laurence A. Peabody, a constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, or any other Constable of said Town.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Dover-Foxcroft in said County and State, qualified by law to vote in Town affairs, to meet at Central Hall in said Town, on Monday the Fourteenth day of March, A. D. 1955, at ten o'clock in the forenoon to elect a moderator to preside at said meeting and for the election of all Town Officers for the ensuing year as are required by law to be chosen by secret ballot, and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1 To act upon the report of the town officers as printed.

Art. 2 To see if the town will vote to raise and appropriate a sum of money for administration of town affairs during the ensuing year, as follows:

- A. Town Manager
- B. Town Office
- C. General Government
- D. Central Hall
- E. Elections
- F. Clerk and Treasurer

Art. 3 To see if the town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

- A. Police Department
- B. Fire Protection
- C. Street Lights

Art. 4 To see if the town will vote to raise and

appropriate a sum of money for health and sanitation services as follows:

- A. Public Dump
- B. Sewer Maintenance
- C. Board of Health and Vital Statistics
- D. Public Health Nurse
- E. Mayo Memorial Hospital
(improvement fund)

Art. 5 To see if the town will vote to accept the provisions of the State law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways and bridges, as follows:

- A. Highways General
- B. Snow Removal
- C. Surface Treatment
- D. Street Cleaning
- E. Sidewalk Construction
- F. State Aid Construction

Art. 6. To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor
- B. Aid to Dependent Children

Art. 7 To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

- A. Elementary Maintenance
- B. High School Tuition
- C. Repairs and Equipment
- D. School Lunch
- E. Physically Handicapped

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

- A. General Care
- B. Veterans' Graves

Art. 9 To see if the town will vote to raise and

appropriate a sum of money for the following accounts:

- A. Thompson Free Library
- B. General Insurance
- C. Fairgrounds
- D. Civil Defense
- E. Sebec Lake Beach Property
- F. Agriculture Club
- G. Maine Publicity
- H. Memorial Day
- I. Abatements
- J. Tax Equalization
- K. Chamber of Commerce
- L. Cemetery Land
- M. Social Security
- N. Warren Home

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

- A. Interest on Bonded Indebtedness
- B. Interest on Temporary Loans
- C. Retirement of Bonded Indebtedness
- D. Retirement of Foxcroft Academy Note
- E. Retirement of Highway Building Note

Art. 11 To see if the town will vote to authorize the Selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collection during the ensuing year, in accordance with the Provisions of Section 109, Chapter 91, Revised Statutes of Maine, as amended.

Art. 12 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 13 To see if the town will vote to raise and appropriate the sum of \$500.00, the same to be set aside and ear-marked as a fund to be ultimately used for the reconstruction of the Lincoln Street Sewer,

which extends along Railroad Avenue to the Piscataquis River via Lincoln Street.

Art. 14 To see if the town will vote to authorize the Selectmen on behalf of the town to borrow the sum of \$8,000.00 on such terms and conditions as they may determine, and appropriate the same toward the making of improvements to the Mayo Memorial Hospital building; and to authorize the Selectmen and Treasurer to issue serial notes or other obligations of the town therefor, the last of such notes or obligations to become due not less than 4 years after the date thereof.

Art. 15 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for the non-payment of taxes, or by Mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the town.

Pass
Art. 16 To see if the town will vote to authorize the Selectmen to sell and dispose of the Old Foxcroft Academy property (land and buildings), for such price and on such terms as they deem advisable and to execute the proper instruments of conveyance on behalf of the town.

Art. 17 To see if the town will vote to amend Section 4, of Article 1, of the By-Laws, as amended, by striking out the word Moderator in the third line thereof, and inserting in its place the word Selectmen, so that the said section as amended shall read as follows:

Sec. 4. At the annual town meeting, a committee of five or more citizens shall be appointed by the Selectmen, whose duty shall be to recommend the sums of money which, in its judgment, should be raised by the town at the next annual meeting. The committee shall choose its own chairman and decide upon its own order of business. A report shall be presented to the annual town meeting under the title of "Appropriations

Recommended by the Budget Committee". The committee shall hold at least one meeting of which public notice shall be given at least forty-eight hours previously and to which all interested in the appropriations are invited.

Art. 18 To see if the town will vote to amend Section 3, of Article 1 of the By-Laws, as amended, to read as follows:

The fiscal year of the town for accounting purposes shall be the calendar year.

Art. 19 To see if the town will vote to authorize the Dover and Foxcroft Water District to add fluoride to the public water supply, under the rules and regulations of the State of Maine, Department of Health and Welfare.

210 no
106 yes

Art. 20 To see what action the town will take respecting a survey of the real estate in the Town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 21 To see if the town will vote to authorize the Selectmen to cause a survey of the real estate in the Town of Dover-Foxcroft to be made for the purpose of tax equalization; to appropriate for that purpose the fund already set aside; to authorize the Selectmen, on behalf of the town, to borrow a sum of money not to exceed \$17,500.00 and to appropriate the same for such a survey; and to authorize the selectmen and treasurer to issue serial notes or other obligations of the town therefor, upon such terms and conditions as they shall deem advisable, the last of such notes or obligations to mature not later than seven years after the date thereof.

Art. 22 To see if the town will vote to appoint a committee to consider the feasibility of temporarily closing Central Hall and report to the next Annual Town Meeting.

Pass

The Selectmen hereby give notice that the polls for the election of town officers as are required to be chosen by secret ballot, will remain open from ten o'clock in the forenoon until six o'clock in the afternoon when they will be closed; and that the said Selectmen will be in session at their office in said Central Hall building at ten o'clock in the forenoon on the tenth, eleventh and twelfth days of March, A.D. 1955, to receive applications of persons claiming a right to vote and at ten o'clock in the morning of the day of said election to hear and decide upon the applications of such persons, until the election of town officers required by law to be elected by ballot has been completed.

Given under our hands, this twenty-fourth day of February A.D. 1955.

INCORPORATED 1922
MAINE

FOR THE YEAR 1955-1956

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

AUDITOR'S REPORT

February 3, 1956

Board of Selectmen
Town of Dover-Foxcroft
Dover-Foxcroft
Maine

Gentlemen:

In accordance with our agreement, we have audited the accounting records of the Town of Dover-Foxcroft for the period ended December 31, 1955. Our examination was made in conformity with the generally accepted auditing standards.

Cash in the various accounts, with the exception of change funds held by the Mayo Memorial Hospital, School Department and the Warren Home has been verified.

The 1955 assessment of property and poll taxes has been proved and compared with commitment to the collector. Copies of excise tax receipts numbered 5283 to 6933 inclusive for 1955 and numbered 5201 to 5449 inclusive for 1956 have been checked by addition and the amounts found to be in agreement with those remitted to the treasurer.

Unmatured tax liens have been checked; all matured tax liens including subsequent assessments have been transferred to the tax acquired property account.

Accounts receivable consists principally of current year expenditures in anticipation of reimbursement.

Municipal indebtedness has been retired in accordance with requirements; however; the balance in notes payable remains the same, due to additional notes in the amount of \$8,000.00 for hospital improvements.

Trust fund records have been well maintained; balances in principal and income are in agreement with resources as reflected on Exhibit B.

Due to the earlier closing date, various accounts

had unexpended balances larger than normal; in consideration of the following full year transactions, it did not seem advisable to record payables charging these accounts with amounts which will normally be paid from the following year's appropriations.

Balances carried forward are also larger, due to the shorter operating period.

We did not make a detailed audit; however, all accounts were analyzed to the extent considered necessary.

In our opinion, the accompanying Exhibits and Schedules fairly present the financial condition of the Town as of December 31, 1955.

Respectfully submitted,

L. C. NEAL

Public Accountant

During the past year your hospital has endeavored to increase its usefulness to the town of Dover-Foxcroft, by additions to its plant and services rendered its patients.

The summary of services rendered and of operations does not present a true picture because of the advancement of the closing date of the books to Dec. 31st. However, by adding the month of January to the 11 months reported, approximately the same number of services were rendered. The financial picture shows an increased balance over the previous year of \$3,136.45.

Rooms and wards in the maternity wing have been painted and redecorated and repairs made in the kitchen. It is proposed during the coming year to purchase a portable television set and to install a few antenna jacks in some of the rooms for the entertainment of the patients. This would be paid for by rentals to the patients concerned.

The elevator arrived last fall, but due to the lateness of the season, installation was deferred until April. Part of the new construction necessitated by the addition of the elevator shaft will include the present office being made into a small admission office. Conversion of the present X-Ray room into offices for the bookkeeper and Superintendent, and the remodeling of part of the basement into a modern X-Ray department.

Starting Feb. 1st we are beginning a 40 hour week for the nursing staff. This is on a trial basis, and if sufficient professional help is available, it would be our hope to continue. We have been fortunate in keeping the excellent nurses we have, but in the face of an ever increasing shortage of nurses, such a step seems well advised.

The trustees have met regularly, and as usual their cooperation and assistance have been invaluable. To them, to the entire Hospital and Medical staff, and to all others who have served the hospital in any way, no matter how small, I wish to extend my sincere thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.

Superintendent

Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

In reading this report, it should be borne in mind that the period covered is eleven months, from February 1, 1955 to December 31, 1955. During this period a total of 22,285 books have been issued, of which approximately two thirds were fiction.

Books acquired this year are as follows:

Fiction	263	Non-fiction	142	Total	405
Adult	162		113		275
Juvenile	101		29		130

Gift books were received from Mrs. Alice Paraday, Mrs. Ethel Oaks, Mrs. E. A. Glover, Good Will Association, Mrs. Helen Halpin, Miss Isabel Buck, Wendall Peabody, Miss Mabel True and John Arnold.

The library has 45 adult magazines, including the bimonthly American Heritage which deals with American history. There are also six children's magazines, five daily and two weekly newspapers.

At present there are 1110 adult borrower cards issued and 516 children's.

Few repairs have been made, but a railing was placed on the steps and a small bookcase for the children's biographies added.

The librarians and one member of the Executive Board attended a Library Round Table in Old Town in June and the annual meeting of State Library at Waterville in September.

Book Week was observed with displays and new books, closing with a series of story hours by Mrs. A. T. Gellerson. During Book Week, about 150 school children, accompanied by their teachers, visited the library and were instructed in its use.

Once again we thank the Community Garden Club for keeping us supplied with flowers for another summer.

TOWN CLERK'S REPORT**Clerks' Duties In Connection With Dog Licenses**

The clerk of cities and towns shall issue said licenses, receive the money therefor and pay the same to the treasurer of state, who shall credit the same to the general fund.

Clerks are merely receiving agents for the state. The law neither requires nor authorizes clerks to collect dog taxes, but it does provide mechanics for municipal officers to follow in setting in motion delinquent collection procedure.

Assessors of taxes include in their inventories lists of all dogs 6 months old or over owned or kept by any inhabitants on the 1st day of April, and make returns to the clerks of their respective cities and towns and to the commissioner of agriculture.

DOG TAXES ARE DUE ON OR BEFORE APRIL 1ST. The last Legislature, in providing for a 50c bounty on porcupines to be paid from dog taxes, also boosted dog license fees. The new rates, are:

Males or spayed (\$1.40) ; Female (\$5.40) ; and no charge for kennel fee (\$10.15).

In the collecting of delinquent taxes, the Police Officer or Constable is to charge an additional \$2.00 for his fee in each.

THE INCREASES IN THE HUNTING & FISHING LICENSES: The combination License, \$5.25, and the license separate, \$2.75.

**Vital Statistics
For the Year 1955**

88 Deaths

195 Births

67 Marriages

Respectfully submitted,

PHILIP E. WARREN,
Town Clerk

ANNUAL REPORT OF FOXCROFT ACADEMY

I hereby submit my ninth annual report as Principal of Foxcroft Academy.

The fall semester opened on Tuesday, September 6, 1955 with an enrollment as follows:

Class of 1959		
Boys	42	
Girls	28	
	<hr/>	70
Class of 1958		
Boys	33	
Girls	31	
	<hr/>	64
Class of 1957		
Boys	29	
Girls	30	
	<hr/>	59
Class of 1956		
Boys	27	
Girls	24	
	<hr/>	51
Post Graduates		
Boys	0	
Girls	1	1
	<hr/>	
Total Enrollment		245

FACULTY OF FOXCROFT ACADEMY
1955-1956

Tillson D. Thomas, B. S.; M. Ed., Principal
 Leah M. Brown, U. of M.; English, Dramatics
 Eugene Billings, B. S.; Driver Education and Athletic Coach
 Eugene Coffin, B. S., Forestry, Agriculture and Shop
 Raymond Wallace, B. S.; M. Ed., Science and Mathematics
 Ernest Lary, B. S.; History and Athletic Coach
 Sybil Grindle, B. S.; Mathematics

Ardis F. Hews, B. S.; Home Economics
Priscilla H. White, A. B.; English and Latin
M. Angela King, B. M.; Music
Richard J. Race, B. S.; M. A.; Biology, Senior Science
Raymond Fremaut, A. B.; French, English
Phyllis H. Wiley, B. S.; Commercial
Grace M. Chase, Secretary to Principal
Roland Zwicker, Janitor
Percy Cole, Janitor

Foxcroft Academy opened the 1955-56 school year with a student enrollment of 245 pupils, a faculty of twelve full time teachers, and one part time music instructor. The enrollment figure of 245 shows an increase of 18 students over last year's opening number and an increase of 44 pupils since 1945. Because of the growth factor and further anticipated large entering classes, we feel it is necessary to add another teacher to our staff next fall.

Four new members joined our faculty this September. Mr. Butterfield resigned to accept a position as assistant football coach and freshman basketball and baseball coach at the University of Maine. His position as teacher of driver-training and athletic coach has been filled by Mr. Eugene Billings who taught last year at Hampden Academy. Mrs. Priscilla White was hired to teach English and Latin, a position left vacant when Mr. Lary shifted to the history department. Mrs. White taught last year at Guilford and has previously taught at Hartland, Oakland, and Hallowell. We are indeed fortunate to be able to fill this position with a teacher of Mrs. White's experience and ability. Our music department is being taught by Miss Angela King, a graduate of Bangor Conservatory of Music. Miss King succeeds Mr. Richard Noyes who accepted a similar position at East Millinocket, Maine. The fourth teaching change came when Mrs. Trefethen was selected as a Fullbright Exchange teacher to Belgium for the school year of 1955-1956. This was a significant honor for Mrs. Trefethen and the Academy. We are doubly fortunate because Mrs. Trefethen is acquiring experiences that only travel and foreign study can give, and we are reaping the benefits and wisdom that our own exchange

teacher from Belgium has brought to the school and to the community of Dover-Foxcroft. I know you will heartily agree with me when I say that this year's association with Mr. Fremaut and his family will remain a most pleasant educational venture from which students, faculty, and townspeople will derive lasting knowledge and fond memories. We hope that we as a school and Dover-Foxcroft as a town have added a few experiences that they may take back to their homeland that will help the students of Nieuport, Belgium, specifically and all students generally.

We are attempting to maintain this building and the grounds to the best of our ability. Each year we paint one or two rooms in order to avoid the necessity of painting them all at once, and last year the wooden portion of the building and the window sashes were given a coat of paint. A new tractor was purchased last spring largely through the efforts of the F. F. A. club of the school. This machine is proving to be invaluable as a teaching device and as a necessity around the grounds. The boys hope to liquidate their debt in this machine within a five year period. One other project carried to completion or near completion this past year was the grading, leveling, and seeding of the area south of the building. This project was started last spring on clean-up day and was finished this fall. We hope to be able to use this area as a practice football field and thereby preserve the turf of the regular game field.

Our athletic, dramatic, and other co-curriculum activities have involved the great majority of students in school. Practically every student in school participates in one activity or another and the vast majority are in a great many more than one. It is the hope and desire of the faculty that each youngster gets as rounded an education as possible, and through this phase of our program we attempt to meet the individual needs of the greatest number. It might be nice to report that every play was a prize performance, that every game we played resulted in a victory, and that every tournament was eventually won by us, but fortunately or unfortunately nature has a way of leveling and the wins and losses are usually balanced by more significant

human values that arise from such activities and contests. Our plays under the able leadership and guidance of Miss Brown and Mrs. White have achieved excellent audience response, and for the third successive year Foxcroft has won the Penquis Speaking trophy. Last spring we won the Norman R. White baseball trophy for winning the Penquis League title, and with the number of veterans back we should have a respectable season this spring. The football team was badly hampered by injuries, two of the regular backs were lost for the season in the first game and the team never did overcome the handicap. Our basketball team is having one of the poorest won and loss records that we have had since I have been at the Academy. Their record, however, belies the team effort because even though few games have been won the players have played well; they have been outmanned and outclassed, but not outfought. We are proud of them.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and the citizens of Dover-Foxcroft, I express my thanks for your loyal co-operation and assistance in the educational needs of the Academy. Your continued interest in our program is solicited and welcomed. We cordially invite your visitation at all times that you may thoroughly understand and assist us in our mutual efforts to educate the youth of this community.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERINTENDENT OF SCHOOLS

TOTAL ENROLLMENT 701

Enrollment By Grades

Sub-primary	78	
Grade 1	101	
Grade 2	94	
Grade 3	103	
Grade 4	48	
Grade 5	63	
Grade 6	82	
Grade 7	59	
Grade 8	73	
	<hr/>	701 Total

There are four new teachers in the system this year. Two are filling new positions and two are replacing teachers who have left the system. Miss Marjorie Freethey, a graduate of Keene Normal School with a B. E. Degree and who has taught 12 years, was hired to fill one of the third-grade vacancies. Miss E. Therese O'Brien, a graduate of Caldwell College with a B. A. Degree and who has taught five years, is filling the other third-grade vacancy. Mrs. Hope Pinkerton who attended Farmington for two years and has two years' experience is teaching the second grade at North Street. Miss Angela King, a graduate of Northern Conservatory of Music with a B. M. Degree, is the new Music Supervisor replacing Mr. Noyes. It is gratifying to note how well these people are assuming their responsibilities and the genuine interest they have in their work.

It is interesting to watch the steady increase in enrollment. It is leveling off somewhat but from the information now at hand there should be an over-all increase each year for the next four years.

Last September a division of grade four was transferred from North Street to Mayo Street which in turn made it necessary to transfer a division of grade five

to the Grammar School.

It appears that two additional teachers will be needed next September for Grade four. There are 48 pupils in the fourth grade this year but next fall there will be 103. With only one vacant room in the system, additional rooms must be provided. Temporarily the best solution seems to be that of holding one-half-day sessions for the sub-primary children living in the village. Those living in the country will continue to attend all day. It is unfortunate that this measure has to be taken but I see no better solution to the problem.

Eventually the citizens of Dover-Foxcroft must provide more and better housing for their school children. Two of the buildings are old and inadequate when measured by present standards. In view of the fact that additional space is a necessity, the school committee has recommended the construction of a new school to replace the North Street building and provide additional rooms to take care of expansion for the present. This building should be so constructed that an addition at a later date will not interfere with the over-all function of the building.

During the past year a great deal of work has been done on the buildings. A new gymnasium floor was laid at the Grammar School. This work was done by the school district. The boys' toilet in the Mayo Street School was renovated. The Pleasant Street School was painted, a new drinking fountain installed and some rooms were redecorated. At North Street, floors were refinished, some rooms redecorated and a boiler installed.

Last Summer three of the teachers received their bachelor degrees from the University of Maine—Miss Georgianna Crockett, Miss Dorothy Greenlaw and Miss Corinne Johnson. They are to be congratulated.

During the past year a P. T. A. was formed in the town. This group like so many throughout the land is very active and genuinely interested in the problems pertaining to schools and school children. I feel certain that the group will grow and continue to be helpful

as it has in the past.

The following budget has been approved by both the Superintending School Committee and Town Budget Committee:

Recomended to Raise

School Maintenance	\$66,895
Repairs and Equipment	5,400
School Lunch	360
Physically Handicapped Program	700
	—————\$73,355

Secondary Tuition is not included in the above budget.

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

**DOVER-FOXCROFT SCHOOL DISTRICT
1955****Seventh Annual Report of Trustees****To the Municipal Officers of the
Town of Dover-Foxcroft:**

The Dover-Foxcroft School District was created in 1949 for the purpose of enabling the town to secure funds for additions to and for the replacement and improvement of its school buildings and equipment which could not have otherwise been accomplished because of the constitutional debt limit, then 5% of the last state valuation. At the time, it was apparent that despite the antiquity of the buildings then in use, the prior need was for additional classrooms and facilities, and it was decided to construct the eight classroom building and gymnasium now located on Mayo Street. At the same time, stop-gap improvements were made in lighting and toilet facilities in the existing buildings, but they were by no means modernized or brought anywhere near meeting present day standards. It remained apparent that within the near future the North Street and Pleasant Street school buildings, built respectively eight and seventeen years after the close of the Civil War, should be replaced.

Realizing that the District was created solely as a financing vehicle and not for any end desirable in itself, the trustees have felt that any movement for the replacement of one or both of the old buildings should come from the parents, the School Department, and the townspeople in general, and not from the trustees alone. During the year it became clear that such a movement existed, and with it we are completely in accord. We have therefore been studying the problem in close cooperation with the Superintending School Committee, have taken an option on a suitable site, and have employed the architectural firm of Alonzo J. Harriman, Inc., to prepare preliminary plans and sketches.

At or before the annual town meeting in March, we shall present to the townspeople our recommendations, which as of this date, seem likely to be the con-

struction of a twelve classroom building on a twenty acre lot north of Autumn Avenue and west of Harrison Avenue, such building to replace the North Street School and provide additional classroom space already needed in our system, at a cost not to exceed \$250,000.00. This sum is beyond the borrowing power of the district, and an article will be presented for inclusion in the warrant to authorize the Selectmen to borrow a sum which with the sum to be raised by the District will be sufficient to construct and equip the building.

During the year the district property has been maintained by the Superintending School Committee from regularly appropriated funds. The district, did, however, borrow and expend \$4500.00 for the replacement of the floor of the gymnasium which has given trouble since 1950. It now appears to be in fine condition. All of the remaining district property is in use, and its condition remains unchanged from previous years.

The report of the auditor which is herewith presented, sets forth the financial transactions of the district for the fiscal year 1955. It shows indebtedness represented by bonds and notes outstanding at the end of the year of \$122,500.00, and a cash balance on hand of \$10,471.98. We roughly estimate expenditure of this balance as follows:

Bonds Payable, May 1, 1956	\$ 7,000.00
Interest Payable, May and November	2,315.00
Note Payable	500.00
Salaries, Reserve, Miscellaneous	656.98
	<hr/>
	\$10,471.98

REPORT OF SUPERVISOR OF MUSIC

To: Frederick L. Mossler, Superintendent of Schools:

In this report, I will endeavor to give a summary of the work that is being accomplished in the Music Department of the Dover-Foxcroft School System.

In the Elementary Schools, namely the Mayo Street, North Street and Pleasant Street Schools, I visit each class weekly. The Sub-primary has been included in this year's program. Song singing, note reading, rhythm bands and folk dancing constitute a part of the work.

This year, the Grammar School program is under the able direction of Miss Georgianna Crockett. Miss Crockett does all the class room teaching of music, that is, two, three and four part singing and music appreciation.

The operetta this year will be presented by the Grammar School and will be held this Spring. At this time, I plan to present the Grammar School Orchestra and Chorus.

The instrumental program is being continued with a total of twenty-two students who are studying flute, trumpet, trombone, violin, drums and saxophone. For the first time, the instrumental program was extended to the fourth grade students. As of now, eight students have taken advantage of this offer.

In the near future, I hope to start and encourage more string players. If pupils are not interested in string playing, then it will be impossible to continue the Orchestra at the Grammar School and Foxcroft Academy.

The musical organizations at Foxcroft Academy are the Band, Chorus and Orchestra.

The Band participated at several football games as well as basketball games. The group will again perform at the Eastern Maine Festival to be held in Bingham and the Penquis Festival to be held in Guilford this April.

The Orchestra played for the Senior Play and will present selections at the One Act Plays. The organization will also take part at the Eastern Maine Festival.

The Chorus will appear in the near future and they will attend the Eastern Maine Festival.

At this time, I would like to take the opportunity to thank Mr. Mossler, the Principals and Classroom Teachers for the excellent cooperation in helping me establish a music program in the Dover-Foxcroft Schools.

Respectfully submitted,

M. ANGELA KING

REPORT OF THE SCHOOL PHYSICIAN

To: Frederick L. Mossler, Superintendent of Schools:

The customary examination of school children in all grades was made on the first day of school for evidence of any contagious disease.

To date, I feel very gratified to report that there has been no outbreak of any children's disease that would be considered near epidemic in proportion.

Much of the school physician's time so far this year has been devoted to examining Foxcroft Academy students. Examinations of the entire Freshman and Junior classes have been completed along with those of every candidate out for athletics.

All of the sub-primary children in our grade schools have been examined and immunization serum for diphtheria, whooping cough and tetanus as well as small pox vaccine has been administered to those children whose parents have indicated their desire to have me do so. I am happy to report that the poliomyelitis immunization program will be instigated in our schools before the finish of this school year, making serum available to all of those children whose parents wish them to have it.

For the second year, I wish to thank Mrs. Eileen Bonsey for her splendid cooperation and untiring effort which without a doubt has been a big factor in making this year an outstanding one in the health of our children.

GEORGE FREDERICK NOEL, D. O.
School Physician

**ANNUAL REPORT FOR DOVER-FOXCROFT
DIVISION OF PUBLIC HEALTH NURSING
DEPARTMENT OF HEALTH AND WELFARE**

"Public Health is a working partnership of citizens and department professional staff."

Your public health nurse has been in contact with the Town Officials, local service groups and key people in order to give public health nursing service wherever needed.

Home visits are made to counsel families regarding their nursing and health problems according to the apparent need.

Clinics for hard of hearing, cardiac, pediatric, and crippled children cases are held regularly at Bangor. These are sponsored by the Department of Health and Welfare and are for any child referred by their family doctor.

Due to the continued interest of young mothers in child health conferences, the V.F.W. Auxiliary sponsored a series of four during the summer with a total attendance of 86 infant and preschool children. Local doctors gave 56 complete physical examinations, immunized 35 children against diphtheria, whooping cough and tetanus, and gave 13 smallpox vaccinations. If the mothers wish to continue to have this service, please contact any member of the sponsoring organization. The purpose of the child health conference is to keep the well child well and promote his best possible state of health. This free health protection service is invaluable as the conference not only offers a thorough physical examination but also immunizations against smallpox, diphtheria, whooping cough and tetanus.

If any public health nursing service is desired, please contact the office of the Town Manager or the District Health Center.

Respectfully submitted,

RUTH M. CHOATE, R.N.
Public Health Nurse

PISCATAQUIS COUNTY TUBERCULOSIS & HEALTH ASSOCIATION

To the citizens and selectmen of Dover-Foxcroft, I present a report of the activities of the Piscataquis County Tuberculosis and Health Association for the Jan. 1—Dec. 31, 1955 period:

School Health

The school health program in Dover-Foxcroft has two purposes—1) to help the pupils be as free from correctable defects as possible, and 2) to give them a health education background that will carry over into their adult lives and make these men and women of tomorrow healthy, well adjusted individuals. The first part of our program we do by working in the schools, with the pupils, the teachers, the physicians and with the parents. We try to correct defects that are found, to improve conditions that foster health, to eradicate those conditions that are detrimental to healthy living. We assist parents in planning corrections, and explain doctor's recommendations. The second we do in several ways. Health education is the practice of the accepted principles of good health,—for example, the yearly health examination and the follow-up that is done. Also included in health education are the visual aids, the posters, pamphlets, the movies that are used to teach better health.

The nurse assisted Dr. Noel to do the examinations in our schools. Home visits were made as needed.

It is planned to do audiometer testing in February to detect hearing losses among the pupils.

As usual, the vaccinations against diphtheria, whooping cough, and tetanus were offered to the pupils in the lower grades. Also the smallpox vaccination. The Salk polio vaccine has been offered to the first and second grade children. This spring it will be offered to all those age five to fifteen. At this time the boosters will be given to those who have previously had the vaccine.

Tuberculosis Control

Tuberculosis continues to be the number one health problem in communicable disease.

Enough is known about the treatment of tuberculosis now so that the disease could be eradicated, if all cases could be found and treated. Early diagnosis of the disease could shorten the length of time needed for a cure, and prevent the spread of the infection.

The Piscataquis County Tuberculosis and Health Association continues to work with the State Department of Tuberculosis Control and the physicians to find and treat these cases.

Public Health is People. And this Association continues to work that all persons in our area may have better health.

We are ready to assist in finding solutions to your health problems at any time.

Respectfully submitted,

EILEEN BONSEY, R.N.

Piscataquis County Tuberculosis
and Health Association

To Laurence A. Peabody, a constable of the Town of Dover-Foxcroft, in the County of Piscataquis and State of Maine, or any other Constable of said Town.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Dover-Foxcroft in said County and State, qualified by law to vote in Town affairs, to meet at Central Hall in said Town, on Monday, the Twelfth day of March, A.D. 1956, at ten o'clock in the forenoon to elect a moderator to preside at said meeting and for the election of all Town Officers for the ensuing year as are required by law to be chosen by secret ballot, and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1 To act upon the report of the town officers as printed.

Art. 2 To see if the town will vote to raise and appropriate a sum of money for administration of town affairs during the ensuing year, as follows:

- A. Town Manager
- B. Town Office
- C. General Government
- D. Central Hall
- E. Elections
- F. Clerk and Treasurer

Art. 3 To see if the town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

- A. Police Department
- B. Fire Protection
- C. Street Lights

Art. 4 To see if the town will vote to raise and appropriate a sum of money for health and sanitation services, as follows:

- A. Public Dump

- B. Sewer Maintenance
- C. Board of Health and Vital Statistics
- D. Public Health Nurse
- E. Sewer Construction
- F. Warren Home

Art. 5 To see if the town will vote to accept the provisions of the State law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways and bridges, as follows:

- A. Highways, General
- B. Snow Removal
- C. Surface Treatment
- D. Street Cleaning
- E. Sidewalk Construction
- F. State Aid Construction

Art. 6 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor
- B. Aid to Dependent Children

Art. 7 To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

- A. Elementary Maintenance
- B. High School Tuition
- C. Repairs and Equipment
- D. School Lunch
- E. Physically Handicapped
- F. In the support of evening schools, classes and educational activities which shall admit persons over 16 years of age who are not in attendance at another public school.

Art. 8 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

- A. General Care
- B. Veterans' Graves

Art. 9 To see if the town will vote to raise and

appropriate a sum of money for the following accounts:

- A. Thompson Free Library
- B. General Insurance
- C. Fairgrounds
- D. Civil Defense
- E. Sebec Lake Beach Property
- F. Agriculture Club
- G. Maine Publicity
- H. Memorial Day
- I. Abatements
- J. Tax Equalization
- K. Chamber of Commerce
- L. Social Security

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

- A. Interest on Bonded Indebtedness
- B. Interest on Temporary Loans
- C. Retirement of Bonded Indebtedness
- D. Retirement of Foxcroft Academy Note
- E. Retirement of Highway Building Note
- F. Retirement of Hospital Improvement Note

Art. 11 To see if the town will vote to authorize the Selectmen and Treasurer to procure a temporary loan or loans in anticipation of tax collection during the ensuing year, in accordance with the Provisions of Section 109, Chapter 91, Revised Statutes of Maine, as amended.

Art. 12 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 13 To see if the town will vote to raise and appropriate the sum of \$500.00, the same to be set aside and ear-marked as a fund to be ultimately used for the reconstruction of the Lincoln Street Sewer, which extends along Railroad Avenue to the Piscata-

quis River via Lincoln Street.

Art. 14 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for the non-payment of taxes, or Mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the town.

Art. 15 To see if the town will vote to authorize the Selectmen to sell and dispose of the Old Foxcroft Academy property (land and buildings), for such price and on such terms as they deem advisable and execute the proper instruments of conveyance on behalf of the town.

Art. 16 To see if the town will vote to authorize the Dover and Foxcroft Water District to add fluoride to the public water supply, under the rules and regulations of the State of Maine, Department of Health and Welfare.

Art. 17 To see if the town will vote to authorize the Selectmen to have tax maps made, for the purpose of tax equalization, and appropriate the sum of \$11,500.00 from the fund already set aside for that purpose.

Art. 18 To see what action the town will take respecting a survey of the real estate in the Town of Dover-Foxcroft for the purpose of tax equalization and pass all necessary votes respecting the same.

Art. 19 To see if the town will vote to close East Dover School.

Art. 20 To see if the town will vote to approve the participation by its employees, other than public school teachers eligible for membership in the Maine State Retirement System, in the Group Life Insurance program provided by Chapter 451 of the public laws of 1955, to the full extent of any and all benefits provided in said Chapter, such participation to be effective April 1, 1956.

Art. 21 To see what sum of money the town will raise and appropriate to pay the town's share of the cost of the Group Life Insurance program referred to in the preceding article.

Art. 22 To see what sum of money the town will vote to raise and appropriate for the purpose of Dutch Elm Disease control.

Art. 23 To see if the town will vote to authorize the Selectmen on behalf of the town to borrow a sum of money not to exceed \$75,000.00 principal amount on such terms and conditions as they may determine, to transfer and convey the proceeds of such loan to the Dover-Foxcroft School District pursuant to the provisions of Sec. 8 of Chapter 23 of the Private and Special Laws of 1949, said sum to be raised and expended towards the construction of a new elementary school in the town of Dover-Foxcroft; and to authorize the Selectmen and the Treasurer to issue serial notes or other obligations of the town therefor, the last such notes or other obligations to become due not later than twenty-five years after the date thereof.

Art. 24 To see if the town will vote to accept the provisions of the Revised Statutes of 1954, Chapter 91, Sections 93-98 inclusive, and authorize and direct the board of selectmen to appoint the members of the planning board and the board of appeals in accordance with the provisions of said sections, and empower the board of selectmen to enter into contracts with the proper state and federal agencies for planning purposes.

Art. 25 To see what sum, if any, the town will vote to raise and appropriate for municipal planning and zoning.

Art. 26 To see what sum of money the town will vote to raise and appropriate for recreation, namely Babe Ruth League Baseball.

Art. 27 To see if the town will vote to install a street light on Hancock Street.

The Selectmen hereby give notice that the polls for the election of town officers as are required to be chosen by secret ballot, will remain open from ten o'clock in the forenoon until six o'clock in the afternoon when they will be closed; and that the said Selectmen will be in session at their office in Central Hall building at ten o'clock in the forenoon on the eighth, ninth and tenth days of March, A.D. 1956, to receive applications of persons claiming a right to vote and at ten o'clock in the morning of the day of said election to hear and decide upon the applications of such persons, until the election of town officers required by law to be elected by ballot has been completed.

Given under our hands, this twenty-third day of February, A.D. 1956.

Please bring your Town Report to Town Meeting

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

AUDITOR'S REPORT

February 1, 1957

Board of Selectmen
Dover-Foxcroft, Maine

Gentlemen:

In accordance with the provisions of Section 142, Chapter 91, Revised Statutes of 1954, and at your request, the records of the Town of Dover-Foxcroft have been audited for the fiscal year ended December 31, 1956.

As required by Statute, one copy of this report has been forwarded to the State Department of Audit.

The examination was made in accordance with the recommendations of the National Committee on Governmental Accounting for a limited general audit. Audit analysis was on a basis consistent with the preceding year and included all procedures considered necessary. Insofar as could be ascertained within the scope of the audit, the financial transactions of the Town appear to have been appropriately handled.

Exhibits and schedules incorporated in this report present the result of the financial operations of the Town for the period designated. Recommendations are also offered which are believed worthy of consideration.

All of which is respectfully submitted.

C. R. WOODMAN,
Public Accountant

C O M M E N T S

TOWN OF DOVER-FOXCROFT

Year Ended December 31, 1956

An audit of the financial records of the Town of Dover-Foxcroft has been completed for the municipal year ended December 31, 1956. The audit included an examination of the financial records maintained by the Assessors, Selectmen, Treasurer, Tax Collector, and Town Manager, and the town meeting records of the Town Clerk.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. An analysis of the results of the year's operations revealed that available funds exceeded expenditures by \$4,940.43, per the following summary:

Departmental Operations

Unexpended Balances	\$14,373.19
Overdrafts	9,432.76
	<hr/>
Net Unexpended Balances	\$ 4,940.43

R E C O M M E N D A T I O N S

Monthly trial balances of the general ledger would reveal posting errors and help reduce the cost of the audit.

The valuation and commitment books should be signed by the full Board of Assessors.

A S S E T S

The cash balance of \$63,019.93 was represented by a demand deposit balance of \$60,763.56, petty cash (office) funds of \$290.00, and time deposits totaling \$1,966.37. The demand deposit was verified by a statement from the depository, petty cash funds by physical count, and the time deposits by depository books.

Other assets, including accounts receivable, taxes

receivable, and tax liens were reviewed and reconciled with balances shown on the Selectmen's records. Letters of verification were utilized on a sample basis to determine their validity at the year end, with no exceptions noted.

LIABILITIES

The Town had no recorded general fund liabilities at the year end (see debt fund).

RESERVES

The examination of the appropriation accounts showed that a total of \$44,573.80 was carried forward to the ensuing year, representing education and other balances carried forward in compliance with statutory requirements, or at the direction of the Town officers (Exhibit D).

Other reserves consisted of social security and life insurance deductions due other governmental agencies, and parking meter and equipment reserves represented by time deposits (Exhibit A).

SURPLUS

The unappropriated surplus at the year end amounted to \$55,723.72, an increase of \$43,355.90 as compared with that reported in the last report of audit. The substantial increase in unappropriated surplus is accounted for in large part by the transfer of long term indebtedness to the Debt Fund, in accordance with accepted municipal accounting practice. Other transactions affecting the Town's unappropriated surplus are reflected in Exhibit C.

DEBT FUND

The Debt Fund, which this year for the first time is incorporated in the balance sheet as a separate fund, reflects outstanding notes and bonds totaling \$102,000.00, to be paid from future revenues of the Town (Schedule A-6).

Notes totaling \$10,000.00 and bonds of \$2,000.00 were paid during the year under review while new notes in the amount of \$75,000.00 were issued for new school construction.

TRUST FUNDS

Trust fund principals at the year end totaled \$183,926.09, while unexpended income amounted to \$7,708.81, with \$78.64 due the general fund from the ministerial and school time deposit. These were represented by various time and demand deposits and investments in the hands of the Selectmen and the Merrill Trust Co., agency. Securities and investments in the hands of the agency were verified by certificate from the agency, while others were verified by physical inspection (Schedule A-10).

The examination of trust fund principals in hands of Merrill Trust Co., agency, revealed that fund principals are being credited in some instances with the gain in the sale of investments. Accepted municipal accounting practice requires that the amount of the original principal be kept intact, and the gain referred to be credited to income and thus be available for the purposes stated in the trusts.

SCOPE OF AUDIT

Cash counts were made, including cash in the hands of the Town Treasurer and Town Clerk, the Tax Collector, and the office funds of the Town Manager, the Warren Home, the Mayo Hospital, and the Superintendent of Schools, and cash on hand reconciled with the closing balances. Records were checked to determine the accuracy of recording cash transactions. The system of internal control was reviewed as it pertained to the handling of cash and other matters of financial concern. Warrants, vouchers, and payrolls were examined in detail for a selected period. Cash receipts and bank deposits were compared on a monthly basis for the entire period. Letters of verification were utilized on a sample basis to verify accounts receivable, taxes

receivable, and tax liens. Notes payable balances were verified by direct correspondence with the holders of the notes. Excise tax receipts were verified by examination of the copies of the receipts retained by the Collector.

Included in this report are exhibits and schedules pertaining to the financial status of the Town. Audit procedures were followed to the extent deemed necessary to develop these statements.

It is believed that the accompanying balance sheet and supporting statements fairly present the financial position of the Town at December 31, 1956, and the result of its operations for the year then ended.

The complete report of Audit is on file in the Town Office.

Unexpended Balance, Dec. 31,1956	\$ 11,700.65

As may be seen by the preceding statistics this past year, your hospital has been of greater service to the community than ever before. There was an increase of nearly 900 patient days of service rendered with an increase of our daily census to 15.3 patients, and 67 more babies delivered than in 1955.

This year culminating the efforts of the Miosac Club, many individuals and through the funds raised at last town meeting, our dream of an elevator finally came true. We now have a modern up to date elevator which has facilitated the care of patients to a marked degree.

The basement has been remodeled into a modern up to date x-ray department with a new machine of latest design, capable of taking all necessary pictures. The floors have all been covered with tile in addition to necessary painting, most of the wards in the main building have been redecorated. The old x-ray room has been converted into a nurses sitting room.

During the year we have received two outstanding gifts in addition to the above, namely a new oxygen tent from the Miosac Club giving us an essential spare tent, and a new incubator, a gift of Mr. and Mrs. Joseph Cartwright of Guilford.

The trustees have met at regular intervals and as always have been of utmost assistance in the functioning of your hospital. To them, to the entire medical and

nursing staff, from the Brownies with their scrap books to the tremendous efforts of the Miosac Club, may I extend my sincere thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.
Superintendent
Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

The total circulation for the year between January 1, 1956 and December 31, 1956 was 26,915, and increase of about 2600 over the previous year. The library has 1131 adult and 510 juvenile borrowers, not including visitor cards.

A total of 509 books have been accessioned:

Fiction	303	Non-fiction	206	Total	509
Adult	179		148		327
Juvenile	124		58		182

These include a set of Compton's encyclopedias, which gives the library four fairly new encyclopedias in addition to specialized sets. Gifts are acknowledged from Miss Alice Frost Lord, Rev. Lyman Hartley, Mrs. Thorndyke Chase, Miss Mabel True, the Community Garden Club, Mrs. Trefethen and Miss Isabel Buck.

Due to the loss of the Crowell-Collier publications and the discontinuing of Scientific American, Nature and Sports the library has 39 adult magazines. However, trial subscriptions have been entered for Redbook, American Home and Sports Illustrated. There are six juvenile magazines, five daily newspapers and two weekly.

Repairs were made on the roof, the restroom was redecorated and a partition built between the furnace and storage end of the basement and the front. These made a vast improvement in the appearance of the basement. A vacuum cleaner was purchased to facilitate the janitor work.

In May the library entertained the regional Round Table which is conducted annually by the Maine State Library. There was a large attendance and the meeting was followed by a tea at the home of Mrs. A. T. Geller-son, sponsored by the Library Association. The Association also furnished two tubs of flowers for the steps. Plants were donated by the Athena Club, which also bought furnishings for the restroom.

During the summer the Community Garden Club

kept the reading rooms supplied with flowers.

Book Week came late in November and was observed with appropriate displays and visited by several classes from the schools. It closed with a series of stories by Mrs. A. T. Gellerson with an average attendance of 45.

So many persons have helped us this year that we cannot list them here but we do wish to express our thanks to all of them.

ANNIE F. LINN, Librarian

TOWN CLERK'S REPORT**Clerks' Duties In Connection With Dog Licenses**

The clerk of cities and towns shall issue said licenses, receive the money therefor and pay the same to the treasurer of state, who shall credit the same to the general fund.

Clerks are merely receiving agents for the state. The law neither requires nor authorizes clerks to collect dog taxes, but it does provide mechanics for municipal officers to follow in setting in motion delinquent collection procedure.

Assessors of taxes include in their inventories lists of all dogs 6 months old or over owned or kept by any inhabitants on the 1st day of April, and make returns to the clerks of their respective cities and towns and to the commissioner of agriculture.

DOG TAXES ARE DUE ON OR BEFORE APRIL 1ST. The last Legislature, in providing for a 50c bounty on porcupines to be paid from dog taxes, also boosted dog license fees. The new rates, are:

Males or spayed (\$1.40); Female (\$5.40); and no charge for kennel fee (\$10.15).

In the collecting of delinquent taxes, the Police Officer or Constable is to charge an additional \$2.00 for his fee in each.

THE INCREASES IN THE HUNTING & FISHING LICENSES: The combination License, \$5.25, and the license separate, \$2.75.

**Vital Statistics
For the Year 1956**

100 Deaths

291 Births

78 Marriages

Respectfully submitted,

CARROLL W. AMES
Town Clerk

ANNUAL REPORT OF FOXCROFT ACADEMY

I hereby submit my tenth annual report as Principal of Foxcroft Academy.

 English

Phyllis H. Wiley, B. S. in Ed. ; Commercial
Albert Hackett, B. S. ; Social Studies and Athletic Coach
Grace M. Chase, Secretary to Principal
Roland Zwicker, Janitor
Everett Foster, Janitor

Foxcroft Academy opened the 1956 school year with a student enrollment of 258 pupils and a faculty of thirteen full time teachers and one part time music instructor. The enrollment figure shows an increase of thirteen over last year and a total increase of 55 since 1945. Because of the student growth we added an extra teacher to our teaching staff for this fall. The population trend seems to indicate a continued increase in the size of the student body for some time to come. This is a factor that all towns have to face; a factor which commands more expenditures for education.

At the present time our per pupil cost is figured at \$352.86 based upon our overall operating expenses and computed at the State level. Because of the philanthropic contributions made to the Academy by its benefactors, the individual cost is not reflected in the contract figure of the town of Dover-Foxcroft. By dividing the total enrollment of students from Dover-Foxcroft into the contract made with the town each year, you will find that per pupil cost to the town is comparatively low.

Two new teachers joined our staff this fall. Mr. Albert Hackett, a graduate of the University of Maine and a native of Milo, was hired to fill a new position which became necessary because of the increased number of students. He is teaching mathematics and social studies and is head coach of boys' basketball. While at the University of Maine, Mr. Hackett played both basketball and baseball; he was graduated from the University and spent two years in the armed services before joining the teaching staff of Milo High School in the fall of 1955. Mr. Franklin Groves was hired to fill the position vacated by Mr. Raymond Wallace who resigned in June to accept a similar position at North Hamilton, Mass. Mr. Groves is also a graduate of the

University of Maine. He comes to us from Lubec High School where he had been teaching for the past three years. Mr. Groves teaches college preparatory mathematics and science. Mrs. Gwendolyn Trefethen has returned to her position after a year spent in Belgium as an exchange teacher under the Fullbright Act. We are especially pleased with this program because our children have been privileged to reap the reward of experience and knowledge gained by both Mrs. Trefethen and Mr. Fremaut in this educational venture. Few schools of our size have been as fortunate as we have been in being able to participate in the Fullbright Program.

Several changes have been made on the grounds and around the building since a year ago. The new lawn that was started by the students on "clean-up" day in the spring of 1954 has really developed into an improvement of which we are justly proud. As a result of the combined efforts of the student body, Mr. Zwicker, Mr. Coffin, and the very generous contributions made by Mr. L. J. Evans of his time and expert "know-how", we have an area that not only is a beautiful addition to the grounds but an area which we can use in the fall as a practice field for football and a softball field for the girls in the spring. During the summer the windows on the northern side of the building were weather-stripped, a project that has been especially appreciated during the recent cold snap. The new coal auger has also been a big labor saver for our janitors as well as making the furnace more efficient in its operation. At this time I should like to thank the many people who have been so generous in their gifts, their time, and their overall interests in helping us in our efforts to improve Foxcroft Academy. It is the interest and pride that is manifested in the school by the citizens of the town and friends of the Academy everywhere that help us in our endeavors to maintain standards that we as a school have to uphold.

This fall we conducted an in-service study by the faculty and a visiting committee of three representatives of the New England Association of colleges and

Secondary Schools. This survey and evaluation has to be done every ten years in order for a school to remain a member of the Association. The results of the evaluation were published in The Observer on January 10th. We were extremely gratified with the report and the fine recommendation that we received, but at the same time we realize that we still have a number of areas, as pointed out in the report, in which we are deficient and which need be remedied as soon as possible. The major weakness in our program is our lack of facilities for physical education classes. This can be corrected only after a gymnasium is erected so that classes for all boys and girls in school can become a reality. The second major recommendation that was made by the committee was the installation of a full time guidance program in school with an adequate follow-up study of the drop-outs and graduates of the Academy.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and the citizens of Dover-Foxcroft I express my sincerest thanks for your loyal co-operation and assistance in the educational needs of this Academy. Your continued interest in our program is solicited and welcomed. We cordially invite your visitations at all times that you may thoroughly understand and assist us in our mutual efforts to educate the youth of this community.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERINTENDENT OF SCHOOLS

To the Superintending School Committee and Citizens
of the Town of Dover-Foxcroft:

I hereby submit my annual report of the schools:

Two new teachers are employed in the system this year. Mrs. Ruth Fletcher of Milo is teaching a division of the fourth grade and Miss Barbara Goodwin of Port Washington, New York, a division of grade three. Mrs. Fletcher has taught in Milo for a number of years and Miss Goodwin has taught seven years in the public schools of Bellmore, East Williston and Williston Park, New York. Mrs. Fletcher graduated from Eastern State Normal School and Miss Goodwin from Beaver College in Pennsylvania. These teachers are extremely well trained and are a decided addition to the faculty. Miss Evelyn Weston has replaced Mrs. Ruth Flanders in the school office. Miss Weston has been bookkeeper for P. E. Ward & Co. for many years and comes to the system well prepared to perform the many duties of her position.

The enrollment in September was slightly less than that a year ago. However, late enrollers more than made up the difference.

There is a crowded condition in the schools this year that is detrimental to the over-all learning process. The Grammar School is overcrowded. Every room in this building is being used for classes. Consequently,

band, instrumental classes and visual aid instruction must be held in the gymnasium. This is not an ideal situation and will be remedied next year. North Street is also crowded this year. In my opinion, the half-day sessions of sub-primary should not be continued. I believe that it can be shown that these pupils are not as far advanced in their work as those attending all-day sessions.

It is my firm belief that on the completion of the new school in the Morton Avenue area, some real progress may be achieved in the educational system of the town. The overcrowding will be remedied; the children in the lower grades may attend a school located in their own neighborhood; and the hot-lunch program will be available for those who have a long distance to travel. Desirable as these changes will be, the most important improvement will be in the field of supervision.

For many years, due to the ever increasing administrative duties of the superintendent, the supervision in the schools has been limited. There is a real need for more curriculum coordination and study, testing, evaluating, guidance, planning and reporting. It is unrealistic to think that this can be accomplished by teachers or principals who teach every period of the day.

The new school will be the largest—either elementary or secondary—in the town. It will house two divisions each of sub-primary through grade five—two hundred seventy-five to three hundred pupils. I hope that it will be possible to hire a supervising principal for this school who will be able to devote some time to the areas of need mentioned in the preceding paragraph.

During the summer, a great deal of work was done on the buildings. The Mayo Street roof was tarred and the building painted. A hardwood floor was laid in Miss Buck's room and the room was completely redecorated. All stokers were repaired, the fireboxes rebricked, windows washed inside and out and floors stripped and rewaxed. It is customary each summer to redecorate five rooms. In this way each room will be painted every six years. This is the maximum time to leave a class-

room without it looking terribly dingy.

At the present time, there are over three hundred pupils taking hot lunches. It is impossible for everyone to take these lunches as there is not enough room at present. However, with another program in the new building, I expect approximately two hundred more can be accommodated. The following figures are taken from the June audit of last year:

Student meals	43,982	(1,863 free)
Recess milk	39,534	
Federal subsidies	\$3,749.82	

The four Major items of expense were:

Purchase of Food	\$9,905.11
Labor	4,353.85
Equipment	472.65
Fuel	200.00

The report prepared by the J. L. Jacobs & Co. for the Legislative Research Committee has been approved by that committee. I believe that the recommendations in this report are basically sound and, if adopted, will tend to raise the standards of education in the state. However, with the passage of any new legislation, some towns will suffer financially while others will gain. It bothers me that, as near as I can determine, Dover-Foxcroft will lose some thousands of dollars in state subsidy unless some of the recommendations are revised.

It should also be noted that, under the present law governing subsidy, Dover-Foxcroft may lose nearly seven thousand dollars unless additional funds are raised for education at the state level. In preparing the budget, I have assumed that additional money would be made available. If it is not, then a special town meeting will be necessary to make up the deficit.

On January 2, the Superintending School Committee approved a new salary schedule. The old schedule was completely inadequate and new teachers could not be hired under its limitations. Although this new schedule will cost a good deal of money, it will enable the town to compete for the few teachers who will be available.

Recommended to Raise

The Superintending School Committee has recommended that the following amounts be raised to meet the needs of the schools:

School Maintenance	\$78,898.00
Repairs and Equipment	3,102.00
Fixed Charges	505.00
School Lunch	360.00
Physically Handicapped Program	900.00
Adult Education	660.00
	—————\$84,425.00

Secondary Tuition is not included in the above budget.

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

DOVER-FOXCROFT SCHOOL DISTRICT

1956

Eighth Annual Report of Trustees

**To the Municipal Officers of the
Town of Dover-Foxcroft:**

Pursuant to the votes taken at public meetings prior to the last annual town meeting, the Trustees during 1956 proceeded with the construction of a twelve-classroom school building on the Harryman Anderson lot westerly of Harrison Avenue. ...Title to the 20-acre lot was duly acquired, and after completed plans and specifications had been presented by Alonzo J. Harriman, Inc., Architects, bids were solicited for the construction of the new school. Five bids were received ranging from a low of \$249,900.00 to a high of \$277,200.00. On September 6, 1956, the contract was awarded to the low bidder, Cote Construction Company of Van Buren, Maine, and work immediately commenced. Construction is progressing very rapidly, and it appears certain that the building will be ready for occupancy well before September of 1957.

It had been hoped that the sums borrowed by the District (\$195,000.00) together with the sum raised by the town at the annual meeting of 1956 (\$75,000.00) would be sufficient both to construct and equip the new building. In this we were disappointed, for the \$270,000.00 available to us will be absorbed by the cost of construction, cost of the land, architect's fees, and the extras involved in connecting to the public water and sewer systems. There are insufficient funds available to us for a sprinkler system (which would pay for itself in insurance savings in about seven and one-half years) or for furnishing and equipping the new building. We have therefore presented to the 98th Legislature a bill amending the borrowing powers of the District to permit it to reborrow sums not exceeding those repaid on former loans and bond issues such that the total indebtedness of the District outstanding at any one time will never exceed the original

\$350,000.00 authorized. This bill has been reported favorably, and if passed, will come before the town at the annual meeting in 1957 as a referendum question. We hope you will approve it.

During the year the remaining District property has been maintained by the town from regularly appropriated funds. Its condition has not materially changed from previous years.

No audit has as yet been made of the financial transactions of the District for the fiscal year 1956. However, as of December 31, 1956, there were outstanding bonds and notes totalling \$310,000.00, and cash on hand of \$212,190.72. We roughly estimate expenditures of this balance during 1957 as follows:

Balance on construction contract	\$181,423.21
Anticipated extras	2,000.00
Balance due architect	3,620.00
Bonds Payable, 1957	12,000.00
Note Payable, 1957	500.00
Interest Payable, 1957	10,582.50
Available for operating expenses, equipment and landscaping	2,065.01
	<hr/>
	\$212,190.72

School District

REPORT OF SUPERVISOR OF MUSIC

TO: Frederick L. Mossler, Superintendent of Schools:

As in my report of last year, I will give a summary of the music program that is being accomplished in the Dover-Foxcroft school system.

In the elementary schools, namely, the North, Mayo and Pleasant Street Schools, I have continued my weekly visits. With the increase in the upper grades, I found it necessary to discontinue the sub-primary program.

Miss Georgianna Crockett is teaching music in grades six, seven and eight. Under her very able direction, Miss Crockett includes in her classes music theory, appreciation and part singing.

The instrumental program is being continued with students from grades four through eight. Last year I reported a total of twenty-two students studying instruments. This year I have twenty-eight beginning students who are studying flute, clarinet, saxophone, trumpet, drums and violin. In the advanced classes, eighteen students are receiving instruction in clarinet, trumpet and trombone. Classes are being held in the Grammar School gym, which, however, is not the proper place for instrumental classes because of other activities that occur at the same time.

As I pointed out last year, the Orchestra in the Grammar School and Foxcroft Academy would be discontinued for the lack of string players. This year, I was unable to continue the Orchestras. The enrollment for the string class was again very small. In the future, I feel it would be best to give all the available time to the band instruments.

With the increased enrollment in the instrumental classes, I have suggested to Mr. Mossler that a type of report card be sent to parents. This card would be especially for students who are having difficulty in class or some other problem.

At the Grammar School, I have twenty-five members in the Junior Band and forty students in the school Chorus. The Chorus presented a portion of the Christmas program held at the school gym. The Junior Band will perform very soon.

The musical organizations at Foxcroft Academy are the Foxcroft Academy Band, the Boys' Glee Club and the Girls' Glee Club.

The Band performed at the home football games and several basketball games. On March 8 the group will play in Bangor with several other schools to help the Brewer High School Band raise funds. Brewer will represent Maine in Washington, D. C., at the Cherry Blossom Festival. The Band will participate in the Penquis Festival in March and the Eastern Maine Festival in May.

The Girls' Chorus will present several selections at the One Act Plays, Penquis Festival and the Eastern Maine Festival.

The Boys' Glee Club will take part in the Eastern Maine Festival.

After completing almost two years in Dover-Foxcroft, I feel that I am very fortunate in having such wonderful classroom teachers. Without their continued cooperation, it would be impossible to maintain a music program in the Dover-Foxcroft Schools.

Respectfully submitted,

M. ANGELA KING

REPORT OF THE SCHOOL PHYSICIAN

To: Frederick L. Mossler, Superintendent of Schools:

A rapid physical inspection of all grade children for evidence of contagious disease was made on the first day of school. Routine physical examination of heart, lungs, teeth, ears, nose and throat was made on all sub-primary children and on all school children in alternate grades from the first through eighth. Complete physical exams were made on all Freshmen and Juniors at Foxcroft Academy as well as on all boys or girls out for sports. Parents were notified by card of all remediable defects.

Poliomyelitis vaccine was administered as follows:
1. First and second injections to the great majority of Academy students. 2. Third injections to over 600 grade school children, completing the recommended series in these.

Triple vaccine (diphtheria, tetanus, pertussis) will again be offered later in the school year to children of the lower grades.

I wish to express my thanks to Mrs. Mattie Gagnon who, with little prior notice, took over the work of school nurse and did a remarkable job.

Respectfully submitted,

FRANCIS W. BRADBURY, M. D.
School Physician

ANNUAL REPORT FOR DOVER-FOXCROFT

JANUARY 1 TO DECEMBER 31, 1956

DIVISION OF PUBLIC HEALTH NURSING

The nursing service of the State Department of Health and Welfare is carried on in Dover-Foxcroft in all health categories with the exception of the school and tuberculosis nursing service. Its aim is to help families and individuals become increasingly able to recognize and solve their health problems. This is accomplished through counseling and demonstration visits in the homes, group meetings, and child health conferences. Since June this service has been curtailed somewhat for the first time in many years due to the transfer of the public health nurse to another area. This vacancy will be filled as soon as a qualified nurse is available.

It can never be too much emphasized that only by immunizations against whooping cough and diphtheria, starting early in infancy, and then fortified by booster injections in the preschool years, can we keep children free from these diseases. Mindful of this, members of the Veterans of Foreign Wars Auxiliary and the Foxcroft Center Extension Service held an immunization clinic for infant and preschool children in March, April and May. These groups should be commended for their enthusiastic support and participation in this phase of the health program. Twenty-three children were immunized against diphtheria, whooping cough and tetanus and fifteen children were vaccinated against smallpox.

Orthopedic, Pediatric, Cardiac, Hard of Hearing, and Mental Hygiene Clinics were provided through the Department of Health and Welfare to children whose family physicians asked for these services. The aim of these clinics is to provide care and to attain the maximum of physical and mental restoration.

We wish to express our appreciation to the inter-

ested townspeople for the contribution of time, energy,
and service which has been given to this Public Health
Nursing Service.

Respectfully submitted,

MISS MARY C. HAYES, R.N.
District IV Nursing Supervisor

**PISCATAQUIS COUNTY TUBERCULOSIS
& HEALTH ASSOCIATION**

To the citizens and selectmen of the town of Dover-Foxcroft, I hereby present a brief report of the work of the Piscataquis County Tuberculosis and Health Association for the year of 1956:

The nurse has assisted the school physician in the health examinations in the schools. Cards have been sent parents when defects needing attention have been found. Home visits have been made as the need arose.

Smallpox vaccination has been offered. The triple shots offering protection against diphtheria, whooping cough and tetanus were offered to the lower grades.

The Salk vaccine has been offered to all the pupils. By the end of the school year all of the pupils will have had a chance to receive the three doses which offer the maximum protection against polio.

A special machine loaned by the Penobscot Fiber Co. of Old Town was used to test the vision of referred pupils. This machine was thought to have real value in finding children with defective vision.

This Association is ready to help with your health problems at all times.

The fight to erradicate tuberculosis continues. Your local Association in cooperation with the state and national organization works that this number one communicable disease killer may be wiped out.

Respectfully submitted,

EILEEN BONSEY, R.N.
Piscataquis County Tuberculosis
and Health Association

WARREN HOME

In the spring of 1954, Mrs. Laura M. Warren offered the gift of the Guernsey house to the town for the purpose of making it into a Home for aged women.

This had been Mr. Warren's wish, which he expressed in his will with a gift of \$25,000.00 designated for that purpose. This to take place after Mrs. Warren's death. But — Mrs. Warren wanted to see this in operation and on her own made provision for the setting up of the establishment known as the Warren Home.

For the past year, there have been eight residents.

Our dwelling together has been enjoyable. We have the privilege of attending the church of our choice, entertaining the clubs to which we belong, entertaining friends who call and going out to social events. Last summer, together, we enjoyed many automobile trips which included several outdoor picnics.

When the Flu hit town last winter, four of our ladies were cared for tenderly in the Home.

The townfolk have been very thoughtful. So many useful gifts have been sent in. The call-bells that the Molasto Club provided, at Christmas the Junior Chamber of Commerce lighted the lovely tree in the yard which gave much enjoyment. The Community Garden Club came with their artistic arrangements and now the Florida visitors are sending fruit from the South. The all channel aerial for our TV that lets us enjoy more stations. We are very grateful to all.

We feel we are a very fortunate household. We are thankful for the comfort we enjoy. Besides having a Home — we each have our own room which is our home within a Home, privileged to bring into it our treasures of the years; those things precious to us.

So — to you tax payers who, together with Mrs. Warren and our Trustees, have made this possible — our gratitude.

VIOLET AUSTIN, Matron

1957
TAX DOLLAR

ANNUAL WARRANT

To Laurence A. Peabody, a constable of the Town of Dover-Foxcroft, in the county of Piscataquis and State of Maine, or any other Constable of said Town.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said Town of Dover-Foxcroft in said County and State, qualified by law to vote in Town affairs, to meet at Central Hall in said Town, on Monday, the Eleventh day of March, A. D. 1957, at ten o'clock in the forenoon to elect a moderator to preside at said meeting and for the election of all Town Officers for the ensuing year as are required by law to be chosen by secret ballot, and at seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1 To act upon the report of the town officers as printed.

Art. 2 To see if the town will vote to raise and appropriate a sum of money for administration of town affairs during the ensuing year, as follows:

- A. Town Manager
- B. Town Office
- C. General Government
- D. Central Hall
- E. Elections
- F. Clerk and Treasurer

Art. 3 To see if the Town will vote (a) to enter into a street lighting contract with Central Maine Power Company for a term of not less than ten (10) years, Covering the Town's existing street lighting system and such additional installations as may be installed in accordance with the provisions of the contract; the Town to pay to Central Maine Power Company for the street lighting service furnished and de-

livered to it under the provisions of the contract, the sums prescribed by the Company's applicable rate schedule, which in no event shall be less than 90% of the maximum amount of the Company's monthly billing to the Town for the street lighting service contracted for under the Company's applicable rate schedule during any previous twelve months' period expiring on the anniversary date of the contract, and (b) to authorize the Selectmen or the Town Manager to execute and deliver to Central Maine Power Company said street lighting contract.

Art. 4 To see if the town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

- A. Police Department
- B. Street Lights
- C. Fire Protection

Art. 5 To see if the town will vote to raise and appropriate a sum of money for health and sanitation services, as follows:

- A. Public Dump
- B. Sewer Maintenance
- C. Board of Health and Vital Statistics
- D. Public Health Nurse
- E. Sewer Construction
- F. Warren Home
- G. Mayo Memorial Hospital

Art. 6 To see if the town will vote to accept the provisions of the State law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for roads, highways and bridges, as follows:

- A. Highways, General
- B. Snow Removal
- C. Surface Treatment
- D. Street Cleaning
- E. Sidewalk Construction
- F. State Aid Construction
- G. Highway Equipment

Art. 7 To see if the town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor
- B. Aid to Dependent Children

Art. 8 To see if the town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for tuition for its High School scholars.

Art. 9 To see if the town will vote to raise and appropriate a sum of money for schools and education, as follows:

- A. Elementary Maintenance
- B. High School Tuition
- C. Repairs and Equipment
- D. Fixed Charges
- E. School Lunch
- F. Physically Handicapped
- G. In the support of evening schools, classes and educational activities which shall admit persons over 16 years of age who are not in attendance at another public school.

Art. 10 To see if the town will vote to raise and appropriate a sum of money for the maintenance and care of cemeteries, as follows:

- A. General Care
- B. Veterans' Graves

Art. 11 To see if the town will vote to raise and appropriate a sum of money for the following accounts:

Art. 12 To see if the town will vote to pass the following resolution or take any action with respect thereto:

“Voted: That the Town Treasurer with the approval of the Selectmen or a majority thereof be and they are hereby authorized to borrow, in anticipation of taxes for the current year, a sum not to exceed \$60,000.00 and for such purpose to issue and sell the negotiable promissory note or notes of the Town, said note or notes to be in such form, to bear interest at such rate, and to be payable at such date during the calendar year as the Selectmen or a majority thereof may approve, and to be paid out of money raised during the current year by taxes.”

Art. 13 To see if the town will vote to raise and appropriate a sum of money for the purpose of paying the obligations of the town for temporary loans and long term indebtedness, as follows:

- A. Interest on Bonded Indebtedness
- B. Interest on Temporary Loans
- C. Retirement of Bonded Indebtedness
- D. Retirement of Foxcroft Academy Note
- E. Retirement of Highway Building Note
- F. Retirement of Hospital Improvement
Note
- G. Retirement of School Note
- H. Retirement of Tax Equalization Note

Art. 14 To see if the town will vote to raise and appropriate the sum of \$500.00, the same to be set aside and ear-marked as a fund to be ultimately used

for the reconstruction of the Lincoln Street Sewer, which extends along Railroad Avenue to the Piscataquis River via Lincoln Street.

Art. 15 To see if the town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the town for the non-payment of taxes, or Mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the town.

Art. 16 To see if the town will vote to authorize the Selectmen to sell and dispose of the East Dover School property (land and buildings), for such price and on such terms as they deem advisable and execute the proper instruments of conveyance on behalf of the town.

Art. 17 To see if the town will vote to authorize the Dover and Foxcroft Water District to add fluoride to the public water supply, under the rules and regulations of the State of Maine, Department of Health and Welfare.

Art. 18 To see if the town will vote: That any two or more of the various trust funds held by the Town may for the purposes of the investment thereof, unless the instrument, judgment, decree or order creating the trust prohibits, be treated as a single fund, the income therefrom, after adjustment for expenses in the care and management thereof, to be divided among the various trusts in proportion to the contribution made by each to such fund.

Art. 19 To see if the town will vote to accept from Arnold B. Norcross and the heirs of Mary B. Doore, as a gift, a small piece of land Southeast of the Poole Cemetery, adjacent to the Bassett Cemetery.

Art. 20 To see what action the town will take respecting a survey of the Personal estate in the Town of Dover-Foxcroft for the purpose of tax equal-

ization and pass all necessary votes respecting the same.

Art. 21 To see if the town will vote to install a street light at the following locations: North end of Sanford St., at top of hill on High St., and near Mountain's Store on West Main St.

Art. 22 To see if the town will vote to authorize the Selectmen on behalf of the town to borrow a sum of money not to exceed \$8,000.00 principal amount on such terms and conditions as they may determine, to transfer and convey the proceeds of such loan to the Mayo Memorial Hospital, said sum to be raised and expended toward payment of X-Ray machine; and to authorize the Selectmen and the Treasurer to issue serial notes or other obligations of the town therefor, the last such notes or other obligations to become due not later than four years after the date thereof. (It is expected that the above obligation will be repaid by the Mayo Memorial Hospital, to the Town, from operating funds of the Hospital.)

The Selectmen hereby give notice that the polls for the election of town officers as are required to be chosen by secret ballot, will remain open from ten o'clock in the forenoon until six o'clock in the afternoon when they will be closed; and that the said Selectmen will be in session at their office in Central Hall building at ten o'clock in the forenoon on the seventh, eighth and ninth days of March, A.D. 1957, to receive applications of persons claiming a right to vote and at ten o'clock on the morning of the day of said election to hear and decide upon the applications of such persons, until the election of town officers required by law to be elected by ballot has been completed.

Given under our hands, this twenty-eighth day of February, A.D. 1957.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

ANNUAL REPORT

AUDITOR'S REPORT

February 20, 1958

Board of Selectmen
Dover-Foxcroft, Maine

Gentlemen:

In accordance with Chapter 405 Public Laws of 1957, the financial records of the Town of Dover-Foxcroft have been audited for the fiscal period ended December 31, 1957.

The examination was made in accordance with the generally accepted auditing standards, and included all procedures considered necessary in the circumstances.

The financial transactions of the town, insofar as could be determined within the scope of audit, were appropriately handled.

The accompanying exhibits and schedules fairly present the results of the town's financial operations for the period indicated.

Respectfully submitted,

L. C. NEAL
Public Accountant

A complete report of the audit will be on file in the town office.

TOWN CLERK'S REPORT**Clerks' Duties In Connection With Dog Licenses**

The clerk of cities and towns shall issue said licenses, receive the money therefor and pay the same to the treasurer of state, who shall credit the same to the general fund.

Clerks are merely receiving agents for the state. The law neither requires nor authorizes clerks to collect dog taxes, but it does provide mechanics for municipal officers to follow in setting in motion delinquent collection procedure.

Assessors of taxes include in their inventories lists of all dogs 6 months old or over owned or kept by any inhabitants on the 1st day of April, and make returns to the clerks of their respective cities and towns and to the commissioner of agriculture.

DOG TAXES ARE DUE ON OR BEFORE APRIL 1ST. The last Legislature, in providing for a 50c bounty on porcupines to be paid from dog taxes, also boosted dog license fees. The new rates are:

Males or spayed (\$1.40); Female (\$5.40); and no charge for kennel fee (\$10.15).

In the collecting of delinquent taxes, the Police Officer or Constable is to charge an additional \$2.00 for his fee in each.

THE INCREASES IN THE HUNTING & FISHING LICENSES: The combination License, \$5.25, and the license separate, \$2.75.

**Vital Statistics
For the Year 1957**

119 Deaths

287 Births

72 Marriages

Respectfully submitted,

CARROLL W. AMES,
Town Clerk

Unexpended Balance, Dec. 31, 1957	\$ 14,009.77

As indicated by the foregoing statistics, your hospital has continued to provide more services to more patients during the past year. There was an increase of approximately 1000 patient days of service rendered with an increase in our daily census from 15.3 patients to 18 patients per day. Outpatient visits increased about 20% and there was a slight increase in newborns. Part of this over all increase reflects the utilization of the hospital by the dependents of servicemen stationed at Charleston Hill under the new government Medicare plan.

Improvements in the physical plant have included redecorating of the kitchen with new floor covering and installation of a new range. In compliance with State fire regulations we have erected a partition in the upstairs hall with a fire door between it and the stair well. While such procedures are expensive they are of inestimable value in reducing fire hazards. A film dryer and a few other pieces of equipment have been added to the X-ray department.

The outstanding event of our year was of course the very generous gift of ten thousand dollars to the hospital by the late Myrtice Oakes. In addition to this, Miss Oakes had prior to her death given us a commercial dryer for the laundry.

In general, except for painting of the exterior of the building which we hope to accomplish this summer, your hospital is in excellent physical condition.

The trustees have met at regular intervals and as always have been of the utmost assistance to me and my staff. To them, to the entire medical and nursing staff, I extend my sincere thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.
Superintendent
Mayo Memorial Hospital

ANNUAL REPORT OF THE LIBRARIAN

The total circulation for the year 1957 was 28,125, which is an increase of more than 10,000 in the past 10 years. A new system of borrower certification was introduced in the spring. This necessitated a complete revision of the list, so that, at present, there are 945 adult and 496 juvenile resident borrowers.

Due to rather large gifts of books by the Rev. Myron Hertel, Ernest Bearce and Miss Grace Woodin, a total of 682 books were accessioned:

Fiction	363	Non-fiction	319	Total	682
Adult	244		256		500
Juvenile	119		63		182

Other gifts were received from Mrs. Ethel Oaks, Isabel Buck, Mrs. Glover, Mildred Hewett, Ora Evans, Ramon King, Rev. Lyman Hartley, Mrs. T. Chase, Mrs. Elwood Howard, Mrs. Ethel Burrill and Mrs. A. T. Gellerson.

The reference department has been increased by the addition of a new set of Encyclopedia Britannica, Britannica Junior, Collier's Encyclopedia and the Junior Classics.

There are 44 adult magazines and 6 juveniles, five daily and two weekly newspapers.

In March, Mrs. Earl Betts joined the staff as part time assistant during the school sessions.

Members of the staff and the Executive Board attended the State Library Round Table in June and the annual meeting of the Maine State Library Association in September.

Again, we wish to express our appreciation for the flowers supplied by the Community Garden Club.

Aside from a few minor repairs and installations

in the basement, no repairs were made.

National Book Week was observed in November with displays, visiting classes and a series of story hours given by Mrs. A. T. Gellerson.

Respectfully submitted,

ANNIE F. LINN, Librarian

WARREN HOME

Greetings!

Another year has passed; nearly uneventfully, except that our family has increased from eight to eleven (not all are permanent members, four of these are boarders). This increase was made possible by making three nice bedrooms, a reception hall and a bathroom from our former garage and storage space on the bottom floor of the once-upon-a-time stable.

A happy, homey atmosphere pervades our Home; as expressed in the words of Sarah Lee, one of the oldest citizens of our town, when she returned to us from the hospital, after a minor operation, "It's so good to be home!"

We are very grateful to our friends, to you taxpayers, to the Selectmen and to our Trustees for all the help you have given us in making possible the shelter, comfort and joy of such a Home.

VIOLET T. AUSTIN, Matron

Grace M. Chase, Secretary to the Principal
Roland M. Zwicker, Caretaker
Everett Foster, Janitor.

Foxcroft Academy opened the 1957-1958 school year on September 3rd. with an enrollment of 262 students and a faculty of fourteen teachers. On September 16th. two senior boys who had not registered during the first week of school, re-enrolled, bringing the total enrollment up to 264 pupils which shows an increase of six students over the 258 total of last year. The fact that each year has shown a steady rise in the pupil population of the school indicates at least that the community interest in education parallels that of the nation. It also shows that the holding power of Foxcroft Academy, like all other secondary schools, seems to be more effective than hitherto; our three lower classes are much larger than they have formerly been. I would like to comment, however, on the fact that increased numbers in school does not, of itself guarantee a good school but it does indicate an awareness of the necessity for all people to have a high school education. The awareness of more education on the part of pupils, parents and citizens is definitely a step in the right direction; the next positive step is for pupils, parents, teachers and citizens to realize that along with the **right** to a high school education goes a corresponding **obligation** to achieve to the limits of a student's mental capacity. When everyone accepts this second step as a prerequisite for a high school education we will then be able to have the kind of schools we must have if we hope to meet Russia's challenge for educational superiority of the world.

We have been extremely fortunate in being able to maintain practically the same faculty in 1957-1958 that we had for 1956-1957. No school can hope to meet suc-

cessfully the educational standards necessary for a good secondary school if it is continuously faced with wholesale turnovers of its teaching force. We have a corps of teachers that are experienced and well prepared for teaching in their own specialized fields; we hope we can continue to keep them on our staff. The one change on the faculty was caused by the sudden death of Mr. Richard Race in late July. His position has been filled by Mr. John Glover of Dover-Foxcroft. Mr. Glover has had previous teaching experience at North Anson Academy and at South Paris High School. He is a graduate of Foxcroft Academy and of the University of Michigan where he majored in history and government.

During the summer months several classrooms, the top floor corridor, and the stair wells were painted plus cleaning the entire building. In addition to the general upkeep of the building and grounds, Mr. Zwicker, assisted by Mr. Coffin and the forestry and agriculture boys, moved the frame building from the brow of the hill to directly in back of the Academy and rebuilt it into a fine storage equipment building. The other major improvement was made possible by a vote of the trustees to install an oil-fired boiler for hot water to be used in the early fall and spring when it is uneconomical to operate the large heating plant merely to furnish a supply of hot water.

On October 31 and November 1, 1957 a five man visiting committee spent two days at Foxcroft Academy. The purpose of the visiting committee was to visit classes, study the educational program, inspect the physical facilities, and determine whether or not, in its opinion, Foxcroft Academy should be recommended for state accreditation in 1960. The standards used by the visiting committee in making its recommendations are those listed in "Approval and Accreditation of Maine's Secondary Schools", standards which have been prepared by the advisory committee in accordance with Section 98, Chapter 41, R. S. 1954, as amended. The report as filed by the committee was printed in detail this fall in The Piscataquis Observer. It was broken down into three parts:

- (1) A number of commendations.
- (2) A list of recommendations.
- (3) A list of standards which must be fulfilled before Foxcroft Academy can be granted Accreditation.

It is number three that I wish to call to your attention because it is with this phase of the report that we are vitally interested. The requirements were three.

- (1) A part time librarian be available who meets the minimum requirements of school librarians and that a careful survey be made of the books in the library in order to meet the minimum requirements of the American Library Association for secondary schools of this size.
- (2) That there be a planned program which shall include:
 - (a) A physical education program that complies with the state law for all boys and girls except those excused by a physician.
 - (b) A formal program in health education.
 - (c) The provision of some type of multi-purpose room or gymnasium large enough to house an indoor physical education program. It should be equipped with adequate showers and lockers; it should provide proper ventilation to care for the physical activity resulting from such a program. This room should be so constructed that it could double as an assembly room for the entire school until such an auditorium can be provided.
- (3) That a part time or full time guidance counselor be employed to institute a program of guidance and testing for the boys and girls of Foxcroft Academy.

To the faculty, to the superintendent of schools, to

the joint board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft I wish to express my thanks for your loyal cooperation and assistance in helping us to meet the educational needs of this Academy. Your continued interest and assistance is welcomed and solicited because education is not a job for the schools alone but one belonging to all the people.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERINTENDENT OF SCHOOLS**To the Superintending School Committee and Citizens
of the Town of Dover-Foxcroft:**

I hereby submit my annual report of the schools:

Since my last report, a number of changes have taken place both locally and state wide. The passage of the so-called Sinclair Bill will have a widespread effect on education throughout the state. Many towns are already in the process of recombining in order to take advantage of the increased financial assistance for towns which form large administrative units. For the first time, to my knowledge, the state will subsidize towns within these units for the cost of new construction. I believe that everyone within the town should become familiar with the act and its possible effect on the future educational program of the town.

There has been a change in the teaching personnel during the year. Mrs. Hope Pinkerton resigned to accept a position in Abbot, and Miss Marjorie Freehey resigned. Fortunately, we were able to secure the services of Mrs. Rozilla Roberts and Mrs. Dorothy Warren to fill the vacancies. Mr. Charles L. Barker of Camden was hired as elementary supervisor and principal of the new school. Mr. Barker has a thorough knowledge of elementary education and has had many years of experience throughout the state. His report is found elsewhere in this book.

The new school is in operation this year and is a decided improvement to the school plant. It is a beautiful building which will be easy to maintain and operate. It replaces the old North Street building which is being kept in reserve against a possible influx of pupils. Mr. Albert Bouley is the janitor of the new building.

The other school buildings are in fairly good condition. The Grammar School needs paint both inside and outside. The Pleasant Street building is in quite good repair. The boiler in this building is very old and could give out at any time. It is my recommendation

that it be replaced with the new boiler at North Street. The make-shift shower and dressing rooms in the Mayo Street building need extensive renovating. They are entirely inadequate.

The Superintending School Committee recommends that the following amounts be raised to properly carry out the operation of the schools for the ensuing year:

School Maintenance	\$71,424.00
Repairs and Equipment	3,542.00
Fixed Charges	490.00
School Lunch	360.00
Physically Handicapped	None
Adult Education	None

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

REPORT OF ELEMENTARY SUPERVISOR

To the Superintendent of Schools, the Superintending School Committee and the Citizens of Dover-Foxcroft:

First, I want to say that it was a pleasure to come into a town where the people are as interested in education as they are here, as evidenced by the types of schools which they maintain.

The new school is a wonderful building in which to work. Since it was new,—not only to me but to the twelve teachers who came into it,—the first few weeks were ones of some confusion. The problems of establishing policies and rules and dodging workmen were finally overcome. The children, under the guidance of the teachers, made most of their own rules and thereby received an excellent lesson of democracy in action. The problem of workmen finally took care of itself as the finishing touches were put on the building.

The hot lunch program was limited at first because the tables were late in arriving. When they finally came, we were able to feed all who wanted to take hot lunch. About 200 took advantage of the program during the winter months.

Besides being used as a dining room, the all-purpose room is used for music, games, Cub Scouts, Brownies, club meetings, dancing and local supper meetings.

Open House, which was held during American Education Week, was very well attended in the elementary schools. That might have been the reason for the rather poor attendance at the dedication of the new school at which Dr. Warren C. Hill, State Commissioner of Education, was the principal speaker.

I am sure that all of us connected with the school department, and especially the children, will miss Mrs. Ava Goff at the Grammar School next year. Mrs. Goff is retiring after forty-five years of teaching in the Dover-Foxcroft schools. She will be missed, not only as a teacher, but also for her kindness and sympa-

thetic understanding of children which is, I believe, the prime requisite of a good teacher.

As elementary supervisor, part of my job is to better co-ordinate the work being done on the same grade levels and also in successive grade levels. As a beginning, I am making a complete textbook inventory of all elementary textbooks. I am also combining the results of the testing program for the last two years and also for the present year to see if and where any weaknesses show up when the results are compared with the national norms. I have also relieved Mr. Hewes of the audio-visual responsibility. By the end of the year, over one hundred educational films will have been used by the teachers. We are in hopes to add more audio-visual equipment as times goes on, especially for the lower grades.

Some of the teachers have been taking courses either at the University of Maine or at extension classes. All of the teachers are working on a re-valuation and revision of the elementary curriculum in the areas of math and science.

In behalf of the teachers and pupils I again want to thank the Junior Cosmopolitan Club for the new movie screen at the Pleasant St. School; the Town Club for the two Loop-o-Ball standards at the Elementary School; and the Percolator Club for their generosity in connection with the hot-lunch program. I also want to express my personal thanks to the Superintendent and School Committee for their help and guidance during the year; to the teachers for their cooperation; to the custodians for the many extra things they do and to the parents who have helped make this year a most pleasant one.

Respectfully submitted,

C. LEROY BARKER,
Elementary Supervisor

DOVER-FOXCROFT SCHOOL DISTRICT

1957

Ninth Annual Report of Trustees

**To the Municipal Officers of the
Town of Dover-Foxcroft:**

On December 2, 1957, the new elementary school westerly of Harrison Avenue was formally dedicated and accepted by the District, construction on this project having been commenced September 6, 1956. It was first occupied for school purposes on September 3, 1957. Thus, within the past seven years there have been added to our school system two new neighborhood school buildings, together containing 20 new classrooms, two kitchens, two all purpose rooms, and several administrative offices. Additional land has been acquired, and there is ample room for expansion in the area of the newer school, when and as this becomes advisable. It should not be difficult to add to the present building. During the same period, the East Dover and North Street Schools have been eliminated. The result has been an immeasurable improvement in our school system through the addition of new and better facilities, the elimination of crowded and to some extent, unsafe conditions, and through partial consolidation, a greater ease of administration and more economical operation. We feel that the people of Dover-Foxcroft have reason to feel proud, both in that they have acquired these new buildings, and that they have done so without Federal or State grants.

The remaining buildings now in use by the town are adequate, and are in as good condition as sound economy will permit. They should serve us for some years to come. All the school buildings owned by the District are leased to the town, and are operated and maintained by the Superintending School Committee from regularly appropriated funds.

The cost to the town of the two new buildings has of course been considerable. The Mayo Street building, completed in 1951, based upon the contract price and

extras, land, architect's fees, landscaping, and equipment, cost \$146,728.47, and the cost of the building just completed, computed in the same fashion, was \$309,080.34. In addition, some \$12,525.64 has been spent over the past seven years by the District in improvements to these and other buildings in the system. These figures do not include financing expense, interest, or the cost of the operation of the District.

On January 8, 1958, pursuant to an amendment to the borrowing powers of the District approved at the last town meeting, the District borrowed \$27,000.00 to meet the final charges due on account of the new school. This loan was financed through an issue of ten \$2,700.00 notes maturing serially over the next ten years, and bearing interest at the rate of 3.30% per annum. Since the District was created, it has borrowed for school construction and improvements a total of \$377,000.00 and the town an additional \$75,000.00. Of this amount, the District now owes \$324,500.00 and the town \$67,500.00. The last of this indebtedness will be due and payable on December 1, 1976.

No audit has as yet been made of the financial transactions of the District for the fiscal year 1957. However, as of December 31, 1957, there was cash on hand in the amount of \$5,212.63, which, together with the \$27,000.00 proceeds of the notes issued January 8, 1958, we anticipate will be disbursed as follows:

Reserve on construction contract	\$ 2,000.00
Balance due architect	671.28
Bonds Payable, 1958	17,000.00
Notes Payable, 1958	500.00
Interest Payable, 1958	10,660.50
Operating expenses, audit and miscellaneous	1,380.85
	<hr/>
	\$32,212.63

February 1, 1958.

Respectfully submitted,

WILLIAM G. GLOVER
PAUL J. PERIN
PHILIP E. WASHBURN
WILLIAM R. CULLEY
STUART E. HAYES
Trustees, Dover-Foxcroft
School District

REPORT OF SUPERVISOR OF MUSIC

To: Frederick L. Mossler, Superintendent of Schools:

The music program in the Dover-Foxcroft schools consists of the following: weekly visits to grades one through five; instrumental classes—beginners and advanced—in clarinet, trumpet, trombone, flute, saxophone and drums; Grammar School band and chorus.

The weekly visits to grades one through five include classes at the Elementary School, Pleasant Street and Mayo Street Schools. The teacher in these classes is given a program each month which includes a list of appropriate songs, games and theory work. In the Grammar School classes are held twice a week for grades six, seven and eight. Under the very capable leadership of Miss Georgianna Crockett, music classes are conducted in part song singing, music appreciation and theory. This year Miss Crockett has included in her classes a music newspaper which each student receives.

The instrumental program has increased considerably. The advanced classes this year include forty-one students who are receiving instruction in flute, clarinet, trumpet, trombone, saxophone and drums. The beginners classes this year include twenty-five pupils. For the first year instrumental students, classes are being held in flute, clarinet, trumpet, trombone and drums.

The classes for instruments are being held in the all-purpose room of the Elementary School and in the music room of the Grammar School. Only a very few students are being taught in the gym this year. As in previous years, the instrumental program includes students from grades four through eight.

The Grammar School Junior Band has a total of thirty members. Several students from the fifth grades have been included. The Junior Chorus consists of forty students from grades six, seven and eight.

The musical organizations at Foxcroft Academy are the Foxcroft Academy Band, the Girls' Glee Club

and the Mixed Glee Club. The band performed at several home football games. On November 29th, along with seven other schools, the band played in Bangor for the Serenade to Santa. The Bangor Chamber of Commerce sent us a check for \$100.00. The money will be used to help purchase two new uniforms and several band hats. The band will take part in the Penquis Festival to be held in Greenville, March 22nd. They will also participate in the Eastern Maine Festival, May 3rd. to be held in Winthrop.

The Girls' Glee Club will take part in the Eastern Maine Festival and Penquis Music Festival. Thirty-five girls make up this group.

The Mixed Glee Club, which has a total of fifty students, will take part in the Eastern Maine Festival and the Penquis Festival. All groups will perform at the third annual Music Night to be held in May.

Four students will represent Foxcroft Academy at the All-State Music Festival to be held this year in Augusta, April 9 through 12.

I wish to express my many thanks to Mr. Mossler, Mr. Barker, the principals and classroom teachers for their excellent cooperation in helping me to continue the music program in the schools of Dover-Foxcroft.

Respectfully submitted,

M. ANGELA HARVEY

REPORT OF THE SCHOOL PHYSICIAN

To: Frederick L. Mossler, Superintendent of Schools:

A physical inspection of all grade children was made on the opening day of school to rule out contagious disease.

A complete physical examination of all sub-primary pupils and children in alternate grades up to the Seniors in the Academy was done during the fall months. In addition all students from seventh grade through high school who engaged in sports were examined.

Triple vaccine shots (diphtheria-whooping cough-lockjaw) will be given to all eligible children of the lower grades later in the school year. Smallpox vaccination will be given early in March.

Poliomyelitis vaccine has already been administered up to the third shot in a large proportion of our school children. First and second shots to those not already immunized will be offered later in this school year.

Respectfully submitted,

FRANCIS W. BRADBURY, M. D.
School Physician

ANNUAL REPORT FOR DOVER-FOXCROFT
DIVISION OF PUBLIC HEALTH NURSING
DEPARTMENT OF HEALTH & WELFARE
JANUARY 1 TO DECEMBER 31, 1957

Public Health Nursing was carried out in Dover-Foxcroft in all categories with the exception of tuberculosis and school which are carried by the Piscataquis County Tuberculosis and Health Association.

Home visits were made to infants, preschool and crippled children, and adults, to counsel mothers and give health education.

Child health conferences were not held in Dover-Foxcroft this year. It is hoped that an interested service group will sponsor a series next year as there seems to be a need for this service in your community. Child health conferences provide an opportunity for each infant and preschool child to have a complete physical examination, and for mothers to discuss the health needs of their children with both the doctor and the public health nurse. Immunizations against polio, diphtheria, whooping cough, tetanus, and smallpox are also offered.

Pediatric, Cardiac, Orthopedic, Mental Health and Hard of Hearing Clinics are held regularly in Bangor for those children referred by their family doctor.

Respectfully submitted,

CAROL A. FOSS,
Public Health Nurse

**PISCATAQUIS COUNTY TUBERCULOSIS
& HEALTH ASSOCIATION**

To the citizens and selectmen of Dover-Foxcroft:

I hereby present my annual report for the period of Jan. 1-Dec. 31, 1957.

School Health:

An adequate school health program depends on the cooperation of all the guiding forces that enter into the life of the child. And like any program, more can be accomplished with a plan that coordinates the aims and the desired results, using all the facilities that are available.

During the past year, your school nurse has assisted the school physician, Dr. Bradbury, with his examination of the pupils. Cards have been sent to parents when defects were found. Home visits have been made when the need was indicated, and at the request of the teachers for varied reasons.

Immunizations against whooping cough, diphtheria, tetanus, small-pox, and polio have been offered. Many parents have taken advantage of this opportunity to have their children immunized. In February, the audiometer will be used to test the hearing of selected students.

Many pupils in our town are attending either the Pediatric Clinic, or one of the other clinics that offer help for crippling defects.

Tuberculosis Control:

Tuberculosis is still the number one killer of all the infectious diseases. Only by continuing our program of education, and research, will this disease be conquered. Your public health nurse, working in cooperation with the Division of Tuberculosis Control and the physicians in this area, is making every effort to find those unknown cases that are a constant threat to others; to get under treatment the known cases; and to return to normal life those who have recovered.

I want to thank all who have helped during this past year. This service is always available in helping to solve your health problems.

Respectfully submitted,

EILEEN BONSEY, R.N.,
Piscataquis County Tuberculosis
and Health Association

Annual Warrant

To Laurence A. Peabody, a constable of the Town of Dover-Foxcroft, in the County of Piscataquis, and State of Maine, or any other Constable of said Town.

GREETINGS:

In the name of the State of Maine, you are hereby required to notify and warn the inhabitants of said town of Dover-Foxcroft in said County and State, qualified by law to vote in Town affairs, to meet at Central Hall in said Town, on Monday, the tenth day of March A. D. 1958, at Nine Forty-five o'clock in the forenoon to elect a Moderator to preside at said meeting and for the election of all Town Officers for the ensuing year as are required by law to be chosen by secret ballot, and at Seven-thirty o'clock in the afternoon to act upon the following articles, viz:

Art. 1. To act upon the report of the Town Officers as printed.

Art. 2. To see if the Town will vote to raise and appropriate a sum of money for administration of Town Affairs during the ensuing year, as follows:

- A. Town Office
- B. General Government
- C. Town Manager
- D. Central Hall
- E. Elections
- F. Clerk & Treasurer

Art. 3. To see if the Town will vote to raise and appropriate a sum of money for the protection of persons and property, as follows:

- A. Police Department
- B. Street Lights
- C. Fire Protection

Art. 4. To see if the Town will vote to raise and

appropriate a sum of money for Health and Sanitation Services, as follows:

- A. Public Dump
- B. Sewer Maintenance
- C. Board of Health & Vital Statistics
- D. Public Health Nurse
- E. Sewer Construction
- F. Warren Home
- G. Mayo Memorial Hospital.

Art. 5. To see if the Town will vote to accept the provisions of the State Law relative to the construction of State Aid Roads, and raise and appropriate a sum of money for Roads, Highways, and Bridges as follows:

- A. Highways, General
- B. Snow Removal
- C. Surface Treatment
- D. Street Cleaning
- E. Sidewalk Construction
- F. State Aid Construction
- G. Highway Equipment

Art. 6. To see if the Town will vote to raise and appropriate a sum of money for the support of the poor, as follows:

- A. Town Poor
- B. Aid to Dependent Children

Art. 7. To see if the Town will authorize the School Committee to make arrangements with the Trustees of Foxcroft Academy for Tuition for its High School Scholars.

ART. 8 To see if the Town will vote to raise and appropriate a sum of money for Schools and Education, as follows:

- A. Elementary Maintenance
- B. High School Tuition
- C. Repairs and Equipment
- D. Fixed Charges
- E. School Lunch

Art. 9. To see if the Town will vote to raise and appropriate a sum of money for the maintenance and care of Cemeteries, as follows:

- A. General Care
- B. Veterans Graves
- C.

Art. 10. To see if the Town will vote to raise and appropriate a sum of money for the following accounts:

- A. Thompson Free Library
- B. General Insurance
- C. Fairgrounds
- D. Civil Defense
- E. Sebec Lake Beach Property
- F. Agriculture Club
- G. Maine Publicity
- H. Memorial Day
- I. Abatements
- J. Tax Equalization
- K. Chamber of Commerce
- L. Social Security
- M. Dutch Elm Disease Control
- N. Group Life Insurance
- O. Planning and Zoning
- P. Recreation (Baseball)

Art. 11. To see if the Town will vote to pass the following resolution or take any action with respect thereto:

“Voted: That the Town Treasurer with the approval of the Selectmen or a majority thereof be and they are hereby authorized to borrow, in anticipation of taxes for the current year, a sum not to exceed \$80,000.00 and for such purpose to issue and sell the negotiable promissory note or notes of the Town, said note or notes to be in such form, to bear interest at such rate, and to be payable at such date during the taxable year as the Selectmen or a majority thereof may approve, and to be paid out of money raised during the current year by taxes.

Art. 12 To see if the Town will vote to raise and

appropriate a sum of money for the purpose of paying the obligations of the Town for temporary loans and long term indebtedness, as follows:

- A. Interest on Bonded Indebtedness
- B. Interest on Temporary Loans
- C. Retirement of Academy Note
- D. Retirement of Highway Garage Note
- E. Retirement of Hospital Improvement
Note
- F. Retirement of School Note
- G. Retirement of Tax Equalization Note
- H. Retirement of X-Ray Note

Art. 13 To see if the Town will vote to raise and appropriate the sum of \$500.00, the same to be set aside and ear-marked as a fund to be ultimately used for the reconstruction of the Lincoln Street Sewer, which extends along Railroad Ave. to the Piscataquis River via Lincoln Street.

Art. 14 To see if the Town will vote to authorize the Selectmen to sell and dispose of any real estate acquired by the Town for the non-payment of taxes, or mortgage foreclosure, on such terms as they deem advisable, and execute the proper deeds therefor, on behalf of the Town.

Art. 15. To see if the Town will vote to raise and appropriate the sum of \$168.50 to reimburse Bertha Ames for taxes mistakenly assessed and collected by the Town.

Art. 16. To see if the Town will vote to raise and appropriate the sum of \$210.62 to reimburse Glen Bugbee for taxes mistakenly assessed and collected by the Town.

Art. 17. To see if the Town will vote to raise and appropriate the sum of \$98.75 to reimburse Gordon Robinson Sr. for taxes mistakenly assessed and collected by the Town.

Art. 18. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 to replace the Autumn Ave., Bridge.

Art. 19. To see what action the Town will take respecting a survey of the Personal Estate in the Town of Dover-Foxcroft for the purpose of Tax Equalization and pass all necessary votes respecting the same.

Art. 20. To see if the Town will vote to authorize the Dover & Foxcroft Water District to add Fluoride to the public water supply, under the rules and regulations of the State of Maine, Department of Health and Welfare.

Art. 21. To see if the Town will vote to raise and appropriate the sum of \$3,300.00 for the purpose of making a survey and plans, for the collection and disposal of Sewage.

Art. 22. To see if the Town will vote to raise and appropriate the sum of \$434.27, for Town Clock Repairs.

Art. 23. To see if the Town will vote to raise and appropriate the sum of \$2,600.00 for the purpose of building a sidewalk on Summer Street and Fairview Avenue.

Art. 24. To see if the Town will vote to raise and appropriate the sum of \$2,860.00 to pay for an additional Police Officer.

Art. 25. To see if the Town will vote to raise and appropriate the sum of \$2,400.00 to purchase a car for the Police Department.

Art. 26. To see if the Town will vote to install a street light on Lincoln Street, near the skating rink, also one at Greeley's Landing.

Art. 27. To see if the Town will vote to determine when the tax lists named in revised Statutes,

Chapter 91-A, Section 37, shall be committed. The date when property taxes shall become due and payable, the date when Poll Taxes shall become due and payable, the date from and after which interest shall be collected, and whether all Taxpayers who pay their Taxes prior to specified times, shall be entitled to abatement thereon.

Art. 28. To see what sum of money the Town will vote to raise and appropriate for abatements which shall be made under Article 27.

Art. 29. To see if the Town will vote to enact the following Ordinance:

Sec. 1. Every Owner or Lessee of any building or land within the Town who shall demolish or move any building within the Town shall, within 30 days after the commencement of such demolition or removal, notify the building Inspector in writing of the nature, extent, and probable cost thereof.

Sec. 2. Every Owner or Lessee of any building or land within the Town who shall erect any new building, or make any alterations, improvements or repairs thereto, to the extent of \$200.00 or more, or who shall alter, improve, install or repair heating, plumbing or ventilating equipment therein, to the extent of \$200.00 or more, shall, within 30 days from the commencement of such alteration, improvement, installment or repairs, notify the Building Inspector in writing of the nature, extent and probable cost thereof.

Sec. 3. The Building Inspector shall keep a record of all such notifications and shall annually, before April 1, make written report thereof to the Municipal Officers.

Art. 30. To see if the Town will vote to enact the following Ordinance:

The following streets are hereby designated as One-Way Streets, whereon it shall be unlawful for

any person to operate any vehicle except in the direction indicated.

1. Vaughan Street from its intersection with Essex Street Easterly to its intersection with Elm Street.

2. Pleasant Street from Union Square Southeasterly to its intersection with Main Street.

Art. 31. To hear and receive the following report of the Selectmen, relative to the laying out of Town Ways in said Town over a part of Pincrest.

The subscribers, the Selectmen of the Town of Dover-Foxcroft, upon the application of John A. Glover and five others, to lay out certain town ways in said town, to wit: A way extending from Pine Street southerly toward land of Dover & Foxcroft Water District about 725.62 feet, known as Reservoir Avenue; a way called High Road; and a way called Bea Street, all as shown on Lotting Plan, made by Prentiss & Carlisle Co., Inc., on May 16, 1956, recorded in Piscataquis Registry of Deeds, Plan Book 1, page 27; having given 7 days' written notice of our intentions by posting said notice in two public places in said town and in the vicinity of the proposed ways, to wit, at Central Hall and at Riverside Service Station in said town, both being public places in said town, and on a tree at the corner of Pine Street and Reservoir Avenue in the vicinity of the ways, and having met in conformity with said notice, at the time and place appointed for that purpose, to wit, on the 13th day of February, 1958, at 7:30 o'clock in the afternoon, at our office in said town, and having personally examined the ways proposed, are of opinion that there is occasion for new town ways for the use of said town as proposed; we therefore lay out said ways as follows:

1. Reservoir Avenue.

Beginning on the southerly line of Pine Street at a point which is the center line of lot one (1), range twelve (12) in that part of said town which was for-

merly Dover; thence south by said center line 725.62 feet, said line to be the easterly line of said way and the way to be three (3) rods wide.

2. High Road.

Beginning at a point on the westerly line of said Reservoir Avenue as so laid out by us 124 feet southerly from the southerly line of said Pine Street; thence running westerly, parallel with said Pine Street 650 feet, said line to be the northerly line of said way and the way to be fifty (50) feet wide.

3. Bea Street.

Beginning at a point on the northerly line of said High Road as so laid out by us at its westerly terminus; Thence running north, parallel with the west line of said Reservoir Avenue as so laid out by us, 124 feet to said Pine Street, said line to be the westerly line of said way, and the way to be fifty (50) feet wide.

All said ways are shown on said plan, and all having been previously dedicated to the use of the public, and the several owners of the lands over which said ways pass having made no claim thereof, we award no damages by reason of the laying out of either of said ways.

Such laying out, with the bounds and admeasurements, has been filed with the Town Clerk on the 18th day of February, A.D. 1958, and we now hereby report at the Town Meeting legally called for acceptance of such ways.

Given under our hands, this 18th day of February, A.D. 1958.

Art. 32 To see if the town will vote to accept the town ways as laid out by the Selectmen, described in the preceding article.

The Selectmen hereby give notice that the Polls for the election of Town Officers as are required to be chosen by Secret Ballot, will remain open from ten o'clock in the forenoon until seven o'clock in the after-

noon when they will be closed ; and that the said Selectmen will be in session at their office in Central Hall Building at ten o'clock in the forenoon on the Sixth, Seventh and Eighth days of March A.D. 1958, to receive applications of Persons claiming a right to vote and at ten o'clock on the morning of the day of said Election to hear and decide upon the applications of such Persons, until the Election of Town Officers required by law to be elected by Ballot has been completed.

Given under our hands, this 20th day of February, A.D. 1958.

IMPORTANT

All Taxpayers should read the following requirements and comply with them:

Section 70, Chapter 13, Revised Statutes of Maine, 1930:

“Before making an assessment, the Assessors shall give reasonable notice in writing to the Inhabitants, by posting notifications in some public place in town, or shall notify them, in such other ways as the town at its Annual Meeting directs, to make and to bring in to them true and perfect lists of their polls and all their estates, real and personal, not by law exempt from taxation, of which they were possessed on the first day of April of the same year. If any resident owner, after such notice, does not bring in such lists, he is thereby barred of his right to make application to the Assessors or the County Commissioners for any abatement of his taxes, unless he offers such list with his application and satisfies them that he was unable to offer it at the time appointed.”

TOWN MANAGER'S REPORT

ADMINISTRATION & FINANCIAL

The Town books are kept to conform with the State's Uniform Accounting System, and while the volume of business grows each year, we are able to keep pace with this growth. Sometime in the future, bookkeeping machines will be a must. Trust funds are in a separate account and are not mingled with general funds. The Town debt is \$74,000.00 and is as follows:

School \$60,000.00; Garage \$3,000.00; Hospital \$2,000.00; Tax Equalization \$3,000.00 and X-Ray \$6,000.00. In 1959 all notes except the School and X-Ray will be paid.

The Town has but one source of income, the collection of taxes. The subsidies we receive from the State for School and Highways, are derived from the same source, taxation. This was the first year that our tax was based on an expert appraisal of real estate. By the terms of our charter, the Selectmen are the legal assessors of taxes. In actual practice only a part of the Board does the work of making the assessment. Considerable time is spent taking an inventory of personal property, placing a value on the same and combining this with the real estate values, to arrive at a tax rate. The bills for taxes are prepared and sent to the taxpayer, yet following the mailing of the bills, much criticism was expressed concerning the assessment and the attention of the Board of Selectmen was occupied for several meetings in considering requests for abatements. During the year the Selectmen had 21 regular meetings and several special meetings. To expedite the collection of taxes, the taxes should be committed to the Collector at the earliest possible date in order that the taxes may be either collected or secured, before January 31st. Due to the legal limitation of placing liens, the commitment should not be later than May 1st.

PROTECTION

The law enforcement function is carried on with two Police Officers, in cooperation with the County Sheriff's Department and the State Police. With two Officers we are unable to have an Officer on duty at all times. Their work week is scheduled to give coverage at most critical times. During the night time, the streets are patrolled, business establishments are checked and traffic flow is controlled. During the day parking meters are checked, traffic controlled and many other details cared for. Both Officers are called upon to attend Court.

Fire protection is furnished by our Water District Fire Department. The Town pays \$1,000.00 per year for fire protection outside the District. We have a Forest Fire Warden, who in cooperation with the State Forest Service and the local Fire Department, protects our forests when fires occur. We have several small pumps and hose for operation in this department.

An item in protection that should be mentioned is our Street Lights. We have a good system of lighting and it would be more attractive, if, in our business district, the lights were on modern poles and the now existing poles and lines, both light and telephone, were removed.

PUBLIC WORKS

During the year, the Highway Department carried on the general highway and street maintenance, the Lake Road at Goff's Corner was straightened, some road constructed at West Dover, Parsons' Landing, Cotton Brook and Steadman's Landing; each year some construction is completed. It is hoped that in a few years all roads will carry traffic the year round. Snow removal has been carried on in a satisfactory manner, in consideration of available funds; it has been a year of a great deal of ice, causing much sand to be used. The snow removal program is carried on with 10 men; 4 truck plows; 1 grader with plow; 1 loader; 1 sidewalk plow; sanders and small tools. A

conservative estimate of the equipment value in the Public Works Department is \$46,000.00.

In addition to the above program, the sewers are maintained, cemeteries cared for, streets are tarred (this year 30,000 gallons of tar was used), public dump kept usable and many other items cared for. This year a concrete and steel bridge was constructed on Autumn Avenue, steel stringers were placed in the bridge on John Hall Road, large culverts replaced wooden bridges on Foxcroft Center and Severance Roads.

CONCLUSION

Financially, the Town is in good condition. Many taxes remain unpaid, but we are able to meet our bills without excessive borrowing. There are many things we would like to do in the way of services and improvements, but when we weigh the present cost of Government against these things, it seems expedient to go slow.

Respectfully submitted,

LAURENCE A. PEABODY
Town Manager

ANNUAL REPORT

AUDITOR'S REPORT

February 11, 1959

Board of Selectmen
Dover-Foxcroft, Maine

Gentlemen:

In accordance with your request, the financial records of the Town of Dover-Foxcroft have been audited for the fiscal period ended December 31, 1958.

The examination was made in conformity with generally accepted auditing standards, and included all procedures considered necessary in the circumstances.

The financial transactions of the Town, insofar as could be determined within the scope of the audit, were appropriately handled.

The accompanying exhibits and schedules present the results of the Town's financial operations for the period indicated.

Respectfully submitted,

L. C. NEAL,
Public Accountant

A complete report of audit will be on file in the town office.

C O M M E N T S

Town of Dover-Foxcroft
December 31, 1957 to December 31, 1958

An audit of the financial records of the Town of Dover-Foxcroft has been completed for the fiscal year ended December 31, 1958.

The examination included a review of cash transactions as well as an analysis of available funds and expenditures. The results are incorporated in the following text, exhibits, and schedules pertaining to the financial affairs of the Town.

The fiscal year's operations showed that available funds exceeded expenditures by \$14,527.28 per the following summary:

Unappropriated Revenue:

Overlay	\$15,162.75	
Supplemental Taxes	459.87	
	<hr/>	\$14,622.62
Departmental, Exhibit D:		
Overdrafts	\$10,587.77	
Less: Unexpended	9,492.43	
	<hr/>	1,095.34
		<hr/>
		\$14,527.28

ASSETS

The cash balance of \$93,409.91 in the general checking account was reconciled with statement furnished by The Merrill Trust Company, verification of subsequent deposits, and count of cash on hand at date of audit.

Other assets were reviewed to determine their correctness. Lists of unpaid accounts were reconciled with recorded balances.

LIABILITIES

Insofar as could be ascertained, there were no current liabilities, with the exception of \$7,419.07 due the highway equipment account.

RESERVES AND SURPLUS

Reserve for losses in collection of taxes receivable was increased to cover approximately 50% of prior years' uncollected taxes.

Balances carried forward consist of the following: Civil Defense \$384.00, Mayo Memorial Hospital Funds \$20,886.46, The Warren Home \$1,156.78, Sewer Construction \$2,500.00, Sidewalk Construction \$2,000.00, Education \$33,492.67, Tax Equalization \$488.35, Dutch Elm Disease Control \$754.90, Planning and Zoning \$488.87, and Group Insurance \$686.38.

The unappropriated surplus of \$68,921.37 reflects an increase of \$9,626.65 for the year. This increase was due, principally, to overlay, less adjustments in tax assessments. Analysis of this account is shown on Exhibit E of the accompanying report.

SCOPE OF AUDIT

Treasurer's receipts and warrants were test checked to determine accuracy of recorded transactions. Cash receipts were reconciled with bank deposits, and warrants reconciled with bank charges.

The 1959 assessment of property and poll taxes was proved and compared with list committed to the collector. Copies of excise tax receipts were reviewed and test checked with amounts remitted to the treasurer.

Matured tax liens and subsequent assessments, with few exceptions, were transferred to the tax acquired property account.

Recorded transactions in tax acquired property were examined.

Accounts receivable originated, principally, from current year transactions.

Trust fund resources were examined and transactions in trust fund balances were recorded.

We did not make a detailed audit; however, all accounts were analyzed and test checked to the extent considered necessary.

It is believed that the accompanying exhibits and schedules fairly present the financial condition of the Town as of December 31, 1958, and the results of its operations for the year then ended.

TOWN CLERK'S REPORT

During the year 1958, this office recorded 319 Births; 77 Deaths; and 58 Marriages. Many of the births recorded were not resident families, but in that Dover-Foxcroft has a Hospital, many cases from surrounding Towns are cared for here. The first child born in 1958 was Cheryl Ann Carr on January 1st.

There were 706 resident fishing licenses sold; 242 combination licenses sold and 705 hunting licenses sold, which indicates that many people are interested in this form of recreation. Many non-resident licenses are sold in town but not from this office.

There were 588 chattel mortgages recorded, and it is of interest that very few mortgages are discharged.

Bounty was paid on 121 Porcupines. The animal must be killed within the town that pays the fee.

300 Dog Licenses were issued and 216 Children licensed their bicycles.

Many copies of Birth, Death and Marriage certificates are issued at this office during the year, and several hundred telephone calls about the above items are received.

Respectfully submitted,

CARROLL W. AMES,
Town Clerk

Unexpended Balance, Dec. 31, 1958	\$ 15,430.34

From the foregoing figures, it is apparent that your hospital continues to show a healthy growth in its provision of services to the community. The daily census increased to nearly 19 patients per day and the number of babies born jumped from 240 to 271. Part of this increase is due to a growing utilization of the hospital by Milo doctors and their patients and also continues to reflect the influence of the Air Force Medicare plan, although recent cutbacks in this program will reduce this influence sharply next year.

Improvements in the physical plant this past year have been many, including the complete painting of the exterior of the buildings and the installation of our own generating plant to provide us with electricity in the event of local power failure. This was an expensive proposition, the total amount not yet known but one which may well be of life saving value in the event of an emergency or catastrophe.

New equipment includes a suction machine, air conditioning units installed in both the labor and delivery room, and a call system.

Specific donations received during the year include \$175.00 from the Guilford Kiwanis Club applied towards air conditioning and \$125.00 from Stowell MacGregor applied towards suction machine.

Plans for next year include remodeling and re-wiring of the laboratory, installation of a non-conductive floor in the operating room, and installation of a fire door between the boiler room and laboratory. These changes are required by the State Fire Inspectors.

The trustees have continued their usual strong support and assistance to myself and the staff. To

them, to the entire medical, nursing, and housekeeping staff, I extend my sincere thanks and appreciation.

Respectfully submitted,

ISOBEL M. CURRIE, R.N.
Superintendent
Mayo Memorial Hospital

ANNUAL REPORT OF THE WARREN HOME

Greetings:

Among our Summer visitors was a young woman who is a nurse to a Geriatric Doctor (one who specializes in old age ailments). This person was so impressed with the homelike atmosphere, the happiness and contentment she found among the women, that upon her return home, she spoke of the Warren Home to the doctor. He wanted further information concerning the founding of just such a place in their section of the country, where he feels there's a great need among some of his patients, that a home of this type would meet. Upon his request, we have sent a Warren Home brochure to him for his consideration. (Dover-Foxcroft may yet be famous.)

At this writing, we have nine residents (two are boarders). We lost, by death, Leona Bickmore, and through her serious sickness and death, Sarah Lee, both aged 89. Nora Edgerly has joined our family and is a permanent member.

Amazingly enough, our ladies are enjoying good health and are appreciative of all the comforts and privileges afforded them through the untiring efforts of the Trustees and the thoughtfulness of the many friends of the Home.

Again, our thanks to our friends, to you taxpayers, to our Town Manager, to the Selectmen and to our Trustees for making this Home possible. We would mention Harriett Gray. We appreciate all the many things she has done for us in her four years of service as Trustee.

Respectfully submitted,

VIOLET T. AUSTIN, Matron

Secretary to Principal
Janitor
Caretaker

For the current school year we had but one personnel change on our faculty plus the addition of a director of guidance. Mr. David Rand, a 1958 graduate of the University of Maine, was hired to teach driver education classes and to coach football. He succeeded Mr. Eugene Billings who resigned to accept a similar position at Brunswick High School. Mr. Ralph Anderson is our new director of guidance and school librarian. He did his undergraduate work at Colby College and his graduate work for his master's at the University of Maine. By meeting the guidance and librarian needs of the Academy we will have met all but one of the three requirements necessary for State accreditation. The last major requirement as outlined by the accreditation committee is the building of an auditorium-gymnasium. A fund raising drive is in progress which, if given the complete backing of the alumni and friends, should see the gym within a short period of time but it needs the all out financial support of everyone if it is to be built. The need is imperative. We cannot continue to short change these

young people much longer.

Foxcroft Academy opened the 1958-1959 school year with an enrollment of 276 students—an increase of twelve people over the initial enrollment of last year's school population. The steady yet gradual year to year increase in secondary school students reflects a pupil population rise in Dover-Foxcroft comparable to that found throughout the State and the Country. Over the past twelve years our enrollment has grown from 203 to 276 pupils. This picture does not take into consideration those, who for one reason or another, decide to leave school before completing the four years necessary for a high school diploma. For every seventy to seventy-five students who enter as freshmen we manage to retain but fifty to fifty-five at graduation time four years later. This loss of students represents a large mortality rate but once again it reflects a serious

problem that confronts both the State and the Nation. There are many reasons given by the students for leaving the Academy, some valid, some invalid. It seems to me that they fall under one or more of the following broad areas:

- (1) Mental laziness.
- (2) Mental inability to do work on the high school level.
- (3) Lack of economic parity with fellow students.
- (4) Lack of the school's ability to adjust the curriculum to meet the tastes and vocational needs of every student.

How best to solve this drop-out problem effectively is debatable. If it were peculiar to Foxcroft Academy and schools of comparable size we might say that consolidation into much larger units might be the answer, but, such is not the case. Secondary schools of two, three, and even four times our size have not solved the problem of educating everyone. Vocational and pre-vocational courses have succeeded in helping meet one of the foregoing areas but as yet no school has solved the problems raised by mental laziness. This refusal of certain students to use and | or develop their natural, mental aptitudes is one of the most troublesome of the areas with which we are faced in school. With proper liaison between parent, student and school the answer is usually found before irreparable damage can be wrought but when any one of the three fails to work in close harmony with the other two we usually find trouble which often results in the student's leaving school. We find fewer problems of adjustments among students who have some clear cut ideas as to what they want out of life than we do from those whose objectives are less well drawn. Constant guidance both at home and at school offers the best hope for keeping more of these people in school. We believe that our problems in dealing with this large segment of mentally lazy students would be greatly eased if (1) they were organized in the lower grades by classes based upon mental ability and (2) that once

these young people reach the Academy they be compelled by their parents to have regularly scheduled study periods at home.

Like all schools in the State Foxcroft Academy is concerned and affected by the Sinclair Law which was passed by the last legislature. The main purpose of the law is to obtain better education for the tax dollar by consolidating schools into larger administrative districts. In order to comply with the law and to implement its start if it seems desirable, the trustees have offered the facilities of Foxcroft Academy to the towns of Atkinson, Dover-Foxcroft, Sebec, and any other neighboring town wishing to join an administrative district for this area. At the present time our building is built to accommodate 350 students, and, with the proposed gymnasium built to add at least two and probably three more class rooms, a music and band practice area, extra storage space, and ample locker rooms, we will be able to care for the needs of the secondary youth of any potential district for the foreseeable future.

To the faculty, to the superintendent of schools, to the joint board of Foxcroft Academy, and to the parents and citizens of Dover-Foxcroft I wish to express my thanks for your loyal cooperation and assistance in helping us to meet the educational needs of this Academy. Your continued interest and assistance is welcomed and solicited, because education is not a job for the schools alone, but one belonging to all the people.

Respectfully submitted,

TILLSON D. THOMAS, Principal

REPORT OF SUPERINTENDENT OF SCHOOLS**To the Superintending School Committee and Citizens
of the Town of Dover-Foxcroft:**

I hereby submit my annual report of the schools.

I would again call attention to the possibilities of combining with other towns to form an Administrative School District. Six of these districts have already been formed and approximately two hundred towns are actively studying and considering taking similar action. I feel certain that, after more people become familiar with the Conant Report on Secondary Schools, even more towns will consider ways and means of enlarging and improving their schools.

There seems to be a very definite increase in interest in the schools today. Educators, lay groups, state advisory committees and others are all taking a critical look at our schools with the purpose of finding ways and means of improving and strengthening the basic courses of study. Probably this interest was created by the recent accomplishments of the Russians. Regardless of what started it, I feel that eventually the schools will be better off because of it.

There are some changes in the personnel of the schools this year. Mrs. Ava Goff resigned last June after completing a very successful career extending over a period of forty-five years. Mrs. Myrtle Madocks, who had been teaching in the Bangor schools, replaced her. Miss Therese O'Brien resigned in order to be nearer her family. She was replaced by Mr. Daniel Seiders III, a recent graduate of Gorham Teachers College. Mrs. Angela Harvey resigned and Mr. Dean Aldrich, a graduate of the New England Conservatory of Music, is replacing her. Mr. Nathaniel Pickett resigned and was replaced by Mr. Duane Whitten as custodian of the Pleasant Street school.

During the summer there was an extensive maintenance program carried out. At the Grammar school the gymnasium was painted inside and out, all exterior woodwork was painted, the bleachers were

sanded and re-numbered and much of the interior plywood was sealed. At Mayo Street a coat of asphalt was applied to the roof, the dressing rooms were repaired, some window sashes were renewed and the boiler from the North Street building was moved and stored in the basement. At the Pleasant Street and Elementary schools, the boilers were cleaned and a general maintenance program was completed. In addition, at the Elementary school, work was started to enlarge the play area, including some bulldozing which was necessary to enlarge the ballfield.

Since the Chicago school fire, your committee has taken a critical look at the school buildings with the purpose of preventing a similar tragedy. In their opinion, there is no cause for worry in either the Elementary or Grammar buildings. The one-story construction and isolated boiler rooms leave little chance for improvement in this regard. The Mayo Street building is undoubtedly the next safest. The boiler room is self contained with fire resistant construction. There are two means of egress from each floor and, in an emergency, the windows could be used. The Pleasant Street school has the poorest protection of any of the buildings. However, all children on the second floor have three means of escape—the front stairs, the back stairs or the fire escape. The children on the first floor can get out through either the front or back stairs or the windows. Escape from the toilet rooms might not be as easy because of their proximity to the furnace. Even though there are two means of egress, either way would be close to the potentially dangerous area. In view of this fact, the school committee has ordered sprinkler heads installed in the corridor leading to the boys' toilets.

It will be necessary for the town to raise considerably more money to operate the schools than it has raised in preceding years. The cost of materials and services continues to increase. Last year the town raised approximately \$3400 less than the preceding year. The amount the town is asked to raise this year is \$12,502 more than last year but only \$9,093 more

than it raised two years ago, or an average increase of about \$4545 per year or an average yearly increase of approximately 5.7%. The cost of instruction constitutes the major portion of the budget and this is the only item that varies from year to year to any extent. The average elementary teacher's salary (not including extra pay for coaching and principals), is \$3,617. Forty-seven per cent of these teachers have bachelor degrees and two have their master's degrees. The average length of service is slightly over twenty-three years. When we consider that the college graduates are demanding and getting \$3,600 to start, it becomes evident that we must continue to raise the salaries of our teachers.

The following amounts are recommended by the Superintending School Committee as necessary to carry out the operation of the schools for the ensuing year:

General Fund	\$87,618.00
Physically Handicapped	600.00
Adult Education	100.00

Respectfully submitted,

FREDERICK L. MOSSLER,
Superintendent of Schools

REPORT OF ELEMENTARY SUPERVISOR

To the Superintendent, Superintending School Committee and Citizens of Dover-Foxcroft:

I hereby submit my second annual report.

The results of the work done last year by the elementary teachers in the areas of math and science have been assembled (with the exception of 6th, 7th and 8th grade math) and copies are available at my office to interested citizens. We are in hopes that before the year is over, we will have something more concrete to offer for your consideration.

One of the purposes of the testing program, which was expanded last year, was to see how the different grades in our schools compare with the national average. I am happy to report that our children are learning the "3 R's" as well as other subjects and that they compare very favorably with the national norms.

Another purpose of the testing program is to measure the progress of the individual. Not all pupils can be average and it is important to find out if those pupils are progressing each year according to their abilities. We still can't be sure that the students with the highest rank are the best educated. In my opinion, it isn't the accumulation of numberless facts that makes an educated person but the ability to put to use his knowledge to the best possible advantage. So actually the final test comes after he leaves school.

This year the teachers are working on the spelling program, since the test results showed this to be one of the lowest in the average ratings. We hope to discover some of the causes for poor spelling and see what we can do to remedy them.

The Mayo Street and the Elementary School have each purchased a film strip and slide film projector with money they had earned from the sale of pictures. We have the start of a film strip library in the Film Strip of the Month Club, which gives us 27 films by the end of the year,—9 for the upper grades, 9 for the intermediate, and 9 for the primary.

We are losing another excellent teacher this year. Mrs. Effie Bolton, principal of the Mayo Street School, is retiring after thirty-five years of service in the Dover-Foxcroft schools. We shall certainly miss her and we wish her all of the peace and happiness which she so richly deserves.

The hot lunch program has been working to capacity and then some this year. By the end of the present school year approximately 66,000 lunches will have been served by our six faithful mistresses of the culinary arts! Also about 36,000 bottles of milk will have been consumed at the morning recesses.

One of the most important periods in children's education—if not the most important—is the time which they spend in the primary grades (sub-primary through three). For this reason, we are especially concerned with the maturity of children when they enter school. All children when they come to school have had many different and varied experiences. You know that your children rarely ever grow and develop at the same rate. They begin to grasp things, walk and talk at various ages, depending on the speed of their growth and development. We should not expect all children to be ready for school at the age of five any more than we should expect all children to be ready to walk at the age of ten months. The things they know and can do when they enter school depend on their physical, social and emotional development. The different phases of development will come to each child in due time, but rarely at the same time.

For this reason, the school program aims to plan learning experiences for your child which will enable him to progress steadily, successfully and happily in accordance with his individual needs, so that he may benefit most from school life.

The success of any school program is due largely to the sincere cooperation of school and home. We hope that parents will visit the schools and also confer frequently with teachers concerning the progress of their children. Too often the only time a parent-teacher con-

ference occurs is when there is a problem. Please don't wait for that. No rank card has ever been developed that will take the place of frequent parent-teacher conferences. Since the teachers are busy during the day with their classes, you will probably find the conference time after school more satisfactory.

On behalf of the pupils and teachers I want to thank the Molasto Club for the two sets of swings which were erected at the Elementary School, also the janitors and cooks for the many services performed "above and beyond the call of duty"!

I want also to express my personal appreciation to all of the teachers, school officials and citizens for their help and support during the past year.

Respectfully submitted,

C. LEROY BARKER,
Elementary Supervisor

DOVER-FOXCROFT SCHOOL DISTRICT

1958

Tenth Annual Report of Trustees

To the Municipal Officers of the
Town of Dover-Foxcroft:

During the year, except for minor matters in connection with the new Elementary School on Harrison Avenue, no condition of the District property requiring direct action on the part of the Trustees has come to our attention. The property of the District, which is being maintained by the Superintending School Committee under regular school appropriations, is all in usable condition, with the exception, of course, of the North Street building which is rapidly deteriorating. Consideration is being given to the disposition of this building, but no decision has as yet been reached.

The report of the auditor which is presented herewith sets forth the financial transactions of the District for the year 1958. It shows a cash balance on hand at the end of the year of \$35,220.58, and long term indebtedness outstanding as follows:

2% Bonds of 1950	\$ 77,000.00
2½% Bonds of 1950	20,000.00
3% Note of 1955	3,000.00
4¼% Bonds of 1956	180,000.00
3.30% Notes of 1958	27,000.00
	<hr/>
	\$307,000.00

We roughly estimate expenditures of the balance on hand as of the end of the year as follows:

Bond and Note Reduction	\$20,200.00
Interest on Bonds and Notes	10,481.45

ANNUAL REPORT

Balance on Construction Contract	2,000.00
Salaries and Miscellaneous	539.13
Carry Over to 1960	2,000.00
	<hr/>
	\$35,220.58

Respectfully submitted,

WILLIAM G. GLOVER
STUART E. HAYES
WILLIAM R. CULLEY
GEORGE W. WARREN
Trustees, Dover-Foxcroft
School District

REPORT OF SUPERVISOR OF MUSIC

To: Frederick L. Mossler, Superintendent of Schools:

There has been an increase in the instrumental program this year which made it necessary for me to discontinue my weekly visits to the first and second grades. A total of forty-two students receive class instruction at the Grammar School; ten started the year at the Elementary schools and February saw an increase of twenty-four. Most of the children are working on Band instruments but there are a few strings.

There are thirty-three in the Grammar School chorus which performed at the Christmas assembly. These singers receive their initial instruction from Miss Georgianna Crockett who is doing a fine job with the general music classes at the Grammar School. Under her very capable guidance they take up part singing, music theory and appreciation, and many interesting projects.

At Foxcroft Academy, there is a Band of twenty-eight and a Girls' Chorus of forty-one. A small Boys' Chorus was organized but met with difficulty in finding adequate rehearsal time. However, it is planned they will join the Girls' Chorus to form a mixed group performing at the Penquis Festival and Eastern Maine Festival to be held in May. The Band will also play at these Festivals in addition to several football and basketball games, the Senior Play and Junior Plays. I am spending a day and a half at the Academy, during which time we have rehearsals and some class instruction for Band members.

In making the changes mentioned and in getting acquainted with the work here, I have experienced much cooperation and help from the classroom teachers and administration.

Respectfully submitted,

DEAN ALDRICH

REPORT OF THE SCHOOL PHYSICIAN

To: Frederick L. Mossler, Superintendent of Schools:
Dear Sir:

The following is my report as School Physician for the year 1958.

Physical inspection was done of the grade children on the first day of school to exclude those with contagious disease.

Physical exams of all children in alternate grades was done with the help of the school nurse. Parents were notified by card of any remediable defects. Carious teeth still lead the list of corrective defects.

Immunizations against Polio, Diphtheria, Whooping Cough and Tetanus will be started in a few weeks. This year the Polio vaccine will not be furnished by the State and so some means must be found to have it furnished by the town. There are still a few who have not had the complete series.

Respectfully submitted,

FRANCIS W. BRADBURY, M.D.

**ANNUAL REPORT FOR DOVER-FOXCROFT
JANUARY 1 TO DECEMBER 31, 1958
DIVISION OF PUBLIC HEALTH NURSING**

Public Health Nursing exists to help children grow and develop normally, to help our adult citizens to live healthful and useful lives, and to help the sick and the disabled achieve an optimum state of health and social usefulness. Public Health Nursing contributes to the realization of these objectives through assisting individuals, families and the community to understand and meet their health needs.

School and tuberculosis nursing continues to be carried by the Piscataquis County Tuberculosis and Health Association. All other nursing services are followed by the State Department of Health and Welfare, Division of Public Health Nursing. This year, the service has been curtailed somewhat due to the transfer of the public health nurse to another area. It is hoped that a qualified nurse will soon be secured to fill this vacancy.

Home visits have been made to medical service cases and to persons with acute or chronic illness. When health problems were called to the attention of the District Health Office personnel, home visits were made to help with their solution.

Orthopedic, Cardiac, Pediatric, Mental Hygiene, Hard of Hearing and Mentally Retarded Preschool Clinics were furnished through the Department of Health and Welfare to children whose family physicians asked for these services. These clinics provide opportunity for medical consultation and care.

Respectfully submitted,

MISS MARY C. HAYES, R.N.

Supervisor, Public Health Nursing

PISCATAQUIS COUNTY TUBERCULOSIS & HEALTH ASSOCIATION

To the Citizens and Selectmen of Dover-Foxcroft:

I present a brief report of the activities of the Piscataquis County Tuberculosis and Health Association for the year 1958:

School Health:

The nurse has assisted the school physician, Dr. Bradbury, with the health examinations. Cards have been sent to parents when conditions needing correction have been noted. Examinations such as these are valuable because they often disclose defects that would otherwise remain undiscovered until serious trouble developed. In some cases, the nurse has made arrangements for clinical help not available in the county.

Home visits are made as the need arises.

The audiometer is used to test the hearing of the pupils.

Immunizations against whooping cough, diphtheria, tetanus, small pox and polio are offered. Many parents take advantage of this opportunity to have their children protected against these diseases.

Tuberculosis Control:

This association, in cooperation with the local health authorities, local physicians and the Division of Tuberculosis Control, continues its fight to erradicate tuberculosis. In spite of the great advancement already made to conquer this killer, tuberculosis continues to take a great many lives each year. Only by continuing to track down the unknown cases and treating those already known can we protect our homes from this dread disease. No one is safe until all are

safe. The cooperation of all will bring the defeat of this disease more quickly.

This association is always ready to assist with your health problems.

Respectfully submitted,

EILEEN BONSEY, R.N.,
Piscataquis County Tuberculosis
and Health Association

POLICE DEPARTMENT REPORT

To the Citizens of Dover-Foxcroft, Maine:

In the past year the following investigations and |
or arrests have been made:

MOTOR VEHICLE VIOLATIONS		INVESTIGATIONS	
Speeding	23	Larceny	12
Unregistered cars	3	Lost Persons	6
Stop Signs	10	Lodgings	16
Warnings	18	Aid Calls	62
Driving to endanger	3	Doors checked	31,000
Operating under influence	2	Doors unlocked	564
No muffler	3	Fire Calls	15
Improper Brakes	2	Assault & Battery	3
Inspection Stickers	3	Drinking in Public	8
Parking-no lights	2	Intoxication	22
Accidents investigated	61	Illegal Possession	2
Passing School Bus	2	Destroying Property	2
Parking Tickets Issued	1450	Calls Answered	170
Arrests	105	Safety Meetings	4

Some of the services rendered by the police are, patrolling the streets; watching for fire; watching for suspicious characters; checking doors of business establishments and the surrounding area; investigating accidents; answering and investigating all calls. In addition to these duties the officers have their regular duties of checking traffic, safeguarding children at school crossings, checking on children who are on the streets during school hours, and checking and maintaining parking meters. There are a number of complaints and services handled by the police that go unnoticed by most people, such as locating missing children who fail to return home at a given time, helping motorists in distress, locating persons for strangers in

town, locating and returning lost pets, family quarrels which in most cases an officer can straighten out without court action, and transporting some emergency stretcher cases in police car.

Respectfully submitted,

LEIGH HEATH

KENNETH BEARCE

Police Officers

ANNUAL REPORT OF THE LIBRARIAN

The total circulation for the year 1958 was 33,205, which is an increase of about 5,000 over the previous year. There are 1,164 adult, and 567 juvenile resident borrowers, besides many visitors' certificates for summer residents, and for personnel of the 765th A. C. & W. Squadron of Charleston.

A total of 519 books were accessioned:

Fiction	303	Non-fiction	216	Total	519
Adult	207		158		365
Juvenile	96		58		154

Gifts were received from Mrs. Julia Glover, Earl Parker, Miss A. F. Lord, Mrs. Mary Hersey, Community Garden Club, Miss Ola Meade, Rev. Lyman Hartley, Miss Inza Levensalor, Miss Isobel Buck, Dr. Linus Stitham, Mrs. Thorndyke Chase, Mrs. Arnold Geller-son.

There are 41 adult magazines and 5 juveniles. There are four daily, and two weekly newspapers.

Mrs. Annie Linn retired in August, and was replaced by Mrs. Doris Zilinsky. Miss Mary Kimball is employed as regular assistant, and Mrs. Shirley Part-ridge as part time assistant.

Members of the staff and the Executive Board attended the meetings of the State Library Round Table at Belfast in the Spring, and of the Maine State Library Association in September at Lakewood.

We wish to express appreciation for the flowers contributed throughout the summer by the Community Garden Club.

A new Card Catalog Cabinet was installed in the Library in October.

National Book Week was observed in November with displays, and a story hour. Mrs. A. T. Gellerson also conducted two story hours at Christmas time.

Respectfully submitted,

DORIS ZILINSKY, Librarian

RECOMMENDATIONS OF BUDGET COMMITTEE

1959

The Budget Committee has, this year, followed a slightly different procedure than in the past. This has been done in order that citizens may view each article and recommendation accompanying it at the same time. The amounts of money that have been recommended are affixed to the warrant as published in the annual report.

The total amount recommended in the Warrant is \$271,590.00. This does not include \$46,712.75 which is broken down:

School District Tax	\$29,000.00
County Tax	12,550.00
(Approximate) Overlay	5,162.75

Giving a total of \$318,302.75, which must be raised by taxation, equalling an approximate mill rate of 32.

It is also recommended that future budget committees be appointed at Town Meeting and organizational meeting be held by July 1st so that it may serve the town best by having time to properly do its business before Annual Town Meeting.

BUDGET COMMITTEE RECOMMENDS (\$ 1,500.00)

- Art. 26. To see if the Town will vote to raise and

appropriate a sum of money for the construction of a sewer in the Lancaster Street area.

BUDGET COMMITTEE RECOMMENDS (\$ 2,250.00)

- Art. 27. To see what sum of money the Town will vote to raise and appropriate for the construction of a sewer in the Free Street area.

BUDGET COMMITTEE RECOMMENDS (\$ 1,000.00)

- Art. 28. To see if the Town will vote to authorize the Selectmen to take a lease of the Dover-Foxcroft Airport known as Pinecrest Field on such terms and conditions as they may deem advisable.

- Art. 29. To see if the Town will vote to authorize the Selectmen to lease Pinecrest Field for operational purposes to such persons and on such terms and conditions as they may deem advisable.

- Art. 30. To see if the Town will appropriate sums received from aircraft excise taxes for airport purposes.

- Art. 31. To see if the Town will vote to install a Street Light on Harvey Street.

- Art. 32. To hear and receive the following report of the Selectmen, relative to the laying out of a town way, near Greeley's Landing, leading to Cotton Brook, so-called.

The subscribers, the Selectmen of the Town of Dover-Foxcroft, upon the application of W. H. Burdick, Orville W. Lanpher, G. Robert Weatherbee, Caleb H. Weston and G. F. Noel, to lay out a town way in said town extending from Greeley's Landing easterly to Cotton Brook, having given 7 days' written notice of our intentions by posting said

notice in two public places in said town and in the vicinity of the proposed way, to wit, at Central Hall and at Riverside Service Station, in said town, both being public places in said town, and at Bog Brook Bridge at said Greeley's Landing in the vicinity of the way, and having in said notice described the way, and having met in conformity with said notice at the time and place appointed for that purpose, and having personally examined the way proposed, are of opinion that there is occasion for a new town way for the use of said town as proposed; we therefore lay out said way as follows:

Beginning at the easterly terminus of the town way near said Greeley's Landing which was laid out by the Selectmen of said town on February 13, 1940 and accepted by said town on March 11, 1940 on the west line of town lot 8, range 9 in that part of said town which was formerly Foxcroft; thence following the location of a private way laid out by the Selectmen of said town on July 25, 1940 and accepted by said town on March 10, 1941, N 85° 15' E, 366.5'; thence N 57° 30' E, 512.6'; thence N 58° 30' E, 742.1'; thence N 79° 15' E, 444.4' to the west line of lot 7, range 9; thence N 70° 30' E, 984.6'; thence S 83° 40' E, 216.8'; thence N 87° 00' E, 863.5' to the west line of town lot 6, range 10; thence S 83° 30' E, 970.6'; thence N 81° 50' E, 163.8' to Cotton Brook.

The line described above is composed of the tangents of the curves which shall constitute the center line of said way and is delineated upon a plan entitled "Proposed Highway from Greeley's Landing to Cotton Brook, June, 1940, surveyed by F. P. Merrill, R. M. Reynolds, Foxcroft, Maine", recorded in Piscataquis Registry of Deeds, and the way to be four rods wide.

The several owners of lands over which said way passes having agreed thereto, we award no damages by reason of the laying out of said way.

Such laying out, with the bounds and admeasurements, has been filed with the Town Clerk on the seventeenth day of February, A.D. 1959, and we now report such laying out with the bounds and admeasurements to the town at the town meeting legally called for the acceptance of such way.

Given under our hands, this 17th day of February, A.D. 1959.

ROBERT E. ANDERSON

Art. 33. To see if the Town will vote to accept town way as laid out by the Selectmen and described in the foregoing article.

Art. 34. To see if the Town will vote to raise and appropriate the sum of \$3,500.00 for the purpose of making a survey and plans for the collection and disposal of sewage.

NO RECOMMENDATION

Art. 35. To see if the Town will vote to raise and appropriate the sum of \$200.00 to reimburse Maynard Beal for taxes mistakenly assessed and collected by the Town.

The Selectmen hereby give notice that the Polls for the election of Town Officers as are required to be chosen by secret ballot, will remain open from ten o'clock in the forenoon until seven o'clock in the afternoon, when they will be closed; and that the said Selectmen will be in session at their office in Central Hall Building at ten o'clock in the forenoon on the fifth,

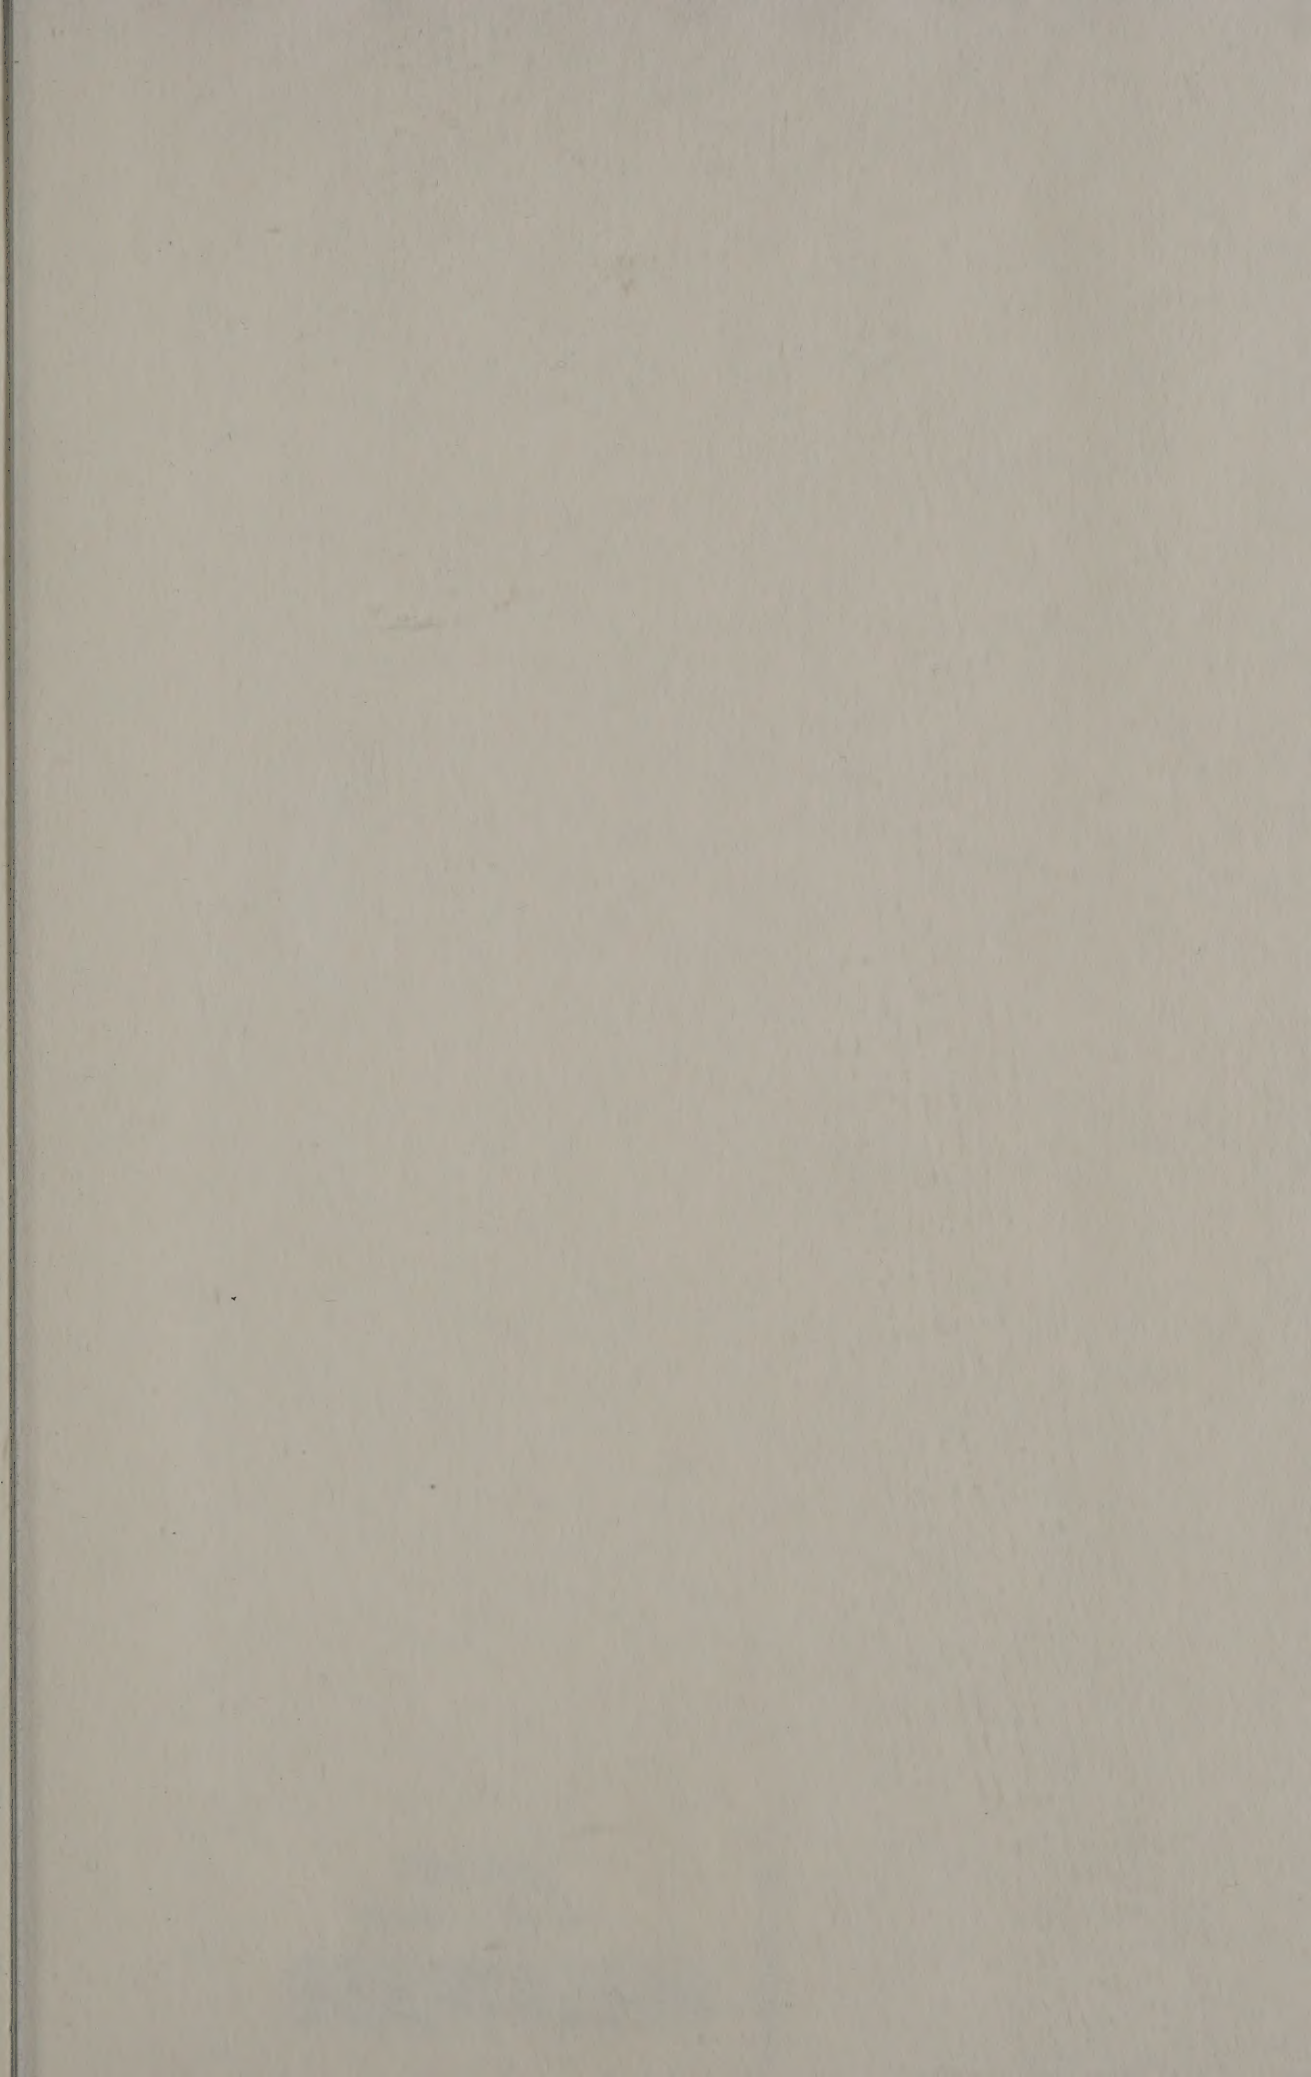

sixth and seventh days of March, A.D. 1959, to receive applications of Persons claiming a right to vote and at ten o'clock on the morning of the day of said Election to hear and decide upon the applications of such Persons, until the Election of Town Officers required by law to be elected by Ballot has been completed.

Given under our hands, this 21st day of February, A.D. 1959.
